A World Religions Reader Ian S. Markham, Christy Lohr Sapp, 2020-01-17 A comprehensive and accessible textbook which explores the traditions and beliefs of the world's living religions - the fully updated and revised new edition The World Religions Reader is an inclusive, student-friendly examination of the history, teaching, practices, and appeal of the world's major religions. Covering both the fundamentals and complexities of each religious tradition, this popular textbook brings together significant texts from scriptures and scholars, as well as writings from philosophers and other significant thinkers throughout history. Students are provided with an introduction and overview of the tradition, taken through its primary texts, and presented with a text which seeks to persuade the student of the tradition's merits. This new edition has been thoroughly updated to be even more accessible for students new to interreligious engagement and to reflect current trends and developments in religions worldwide. Every chapter opens with a substantial overview which orients the new student and then flows into a carefully chosen set of texts - a regular textbook is now combined with a Reader. New content examines areas such as the Rastafarian tradition, while revised chapters cover secular humanism and indigenous and emerging religious traditions. The methodology of the book focuses on an empathetic approach - representing each tradition from the perspective of a conventional adherent - enabling students to develop understanding of each tradition and appreciate similarities and differences in their most typical forms. Invites students to study each tradition from the perspective of a follower, aiming to understand why the tradition is popular and powerful Explores representative passages, world-views, rituals and institutions, ethical expressions and modern outlooks for each religion Features discussions of interfaith perspectives on the role of women in religious traditions and the impact of world events and politics on interfaith communication Encourages students to consider questions of truth, the relation of religion and society, and the changing nature of a tradition in the modern world Includes a complete set of pedagogical tools and instructor resources, including end-of-chapter fact sheets, topic summaries, key term sections, and essay and discussion questions The World Religions Reader, Fourth Edition is an ideal textbook for undergraduate and graduate courses in religion, especially for liberal arts and non-affiliated colleges, as well as general readers wishing to increase their knowledge of the world's religious traditions.

The Training Ground Martin Dugard, 2008-06-16 Few historical figures are as inextricably linked as Ulysses S. Grant and Robert E. Lee. But less than two decades before they faced each other as enemies at Appomattox, they had been

brothers -- both West Point graduates, both wearing blue, and both fighting in the same cadre in the Mexican War. They were not alone: Sherman, Davis, Jackson nearly all of the Civil War's greatest soldiers had been forged in the heat of Vera Cruz and Monterrey. The Mexican War has faded from our national memory, but it was a struggle of enormous significance: the first U.S. war waged on foreign soil; and it nearly doubled our nation. At this fascinating juncture of American history, a group of young men came together to fight as friends, only years later to fight as enemies. This is their story. Full of dramatic battles, daring rescues, secret missions, soaring triumphs and tragic losses, *The Training Ground* is history at its finest.

Out of the Blue Randy Lippincott, 2017-01-09 This book is an exciting autobiography about Randy's gripping skydiving career that began in the 60s. His adventure started where Charles Lindbergh made his first three jumps. Inspired by a Medal of Honor recipient, Randy joined Special Forces and trained as a combat medic. Assigned to the Seventh Army Parachute Team in Europe, Randy fell desperately in love and later felt beguiled. He used sex, drugs, and alcohol to drown his sorrows. Randy jumped in a thunderstorm and through a ten-thousand-foot cloud, narrowly surviving each. This captivating story is about death, hijacking, murder, flat spins, drugs, counterfeiting, a deadly motorcycle accident, a high-speed car chase, and a time-loss experience. Lippincott started skydiving again in preparation to write this book it was 13,852 days between jumps. Randy's fantastic tale is a story filled with passion, failure, determination, success, heartache, awakening, and at last sweet redemption. It is about skydiving adventures, but it is much more than that. It describes a generation, the baby boomers that rebelled in the 60s with free love. The narrative chronicles a person who did not want to live in quiet desperation but would rather push the envelope and test the waters.

Athena Marcus McNally, 2022-05-03 Eve In the beginning in the garden of Eden, there were two trees, the tree of knowledge and the tree of life, the lord god, said don't eat from the tree of knowledge. One simple act of innocent disobedience for lifetimes of suffering and then death, both physical and spiritual. The lower being deceived the higher being, the woman. The woman is the well spring of life, the womb. If the woman is not superior, then why the oppression? Eve was the darling child of Eden, a grand creation adored and loved by the gods, so much was the creation loved that jealousy among the gods ensued, the desire for possession of creation. The jealousy created comparison, between nature and man, separation followed. The Epic poems are not quarrels between men, but quarrels between gods, the fight to take back the grand creation, the darling child of the garden of Eden, Eve. Self-worth is everything

Damn Few Rorke Denver, Ellis Henican, 2025-05-01 From leadership expert, former Navy SEAL, American Grit feature player, and author of *Worth Dying For: A Navy SEAL's Call to a Nation*, Rorke Denver, the bestselling account of how he helped create the U.S. Navy SEALs of today. Rorke Denver trains the men who become Navy SEALs--the most creative problem solvers on the modern battlefield, ideal warriors for the kinds of wars America is fighting now. With his years of action-packed mission experience and a top training role, Lieutenant Commander Denver understands exactly how tomorrow's soldiers are recruited, sculpted, motivated, and deployed. Now, Denver takes you inside his personal story and the fascinating, demanding SEAL training program he now oversees. He recounts his experience evolving from a young SEAL hopeful pushing his way through Hell Week, into a warrior engaging in dangerous stealth missions across the globe, and finally into a lieutenant commander directing the indoctrination, requalification programs, and the Hero or Zero missions his SEALs undertake. From his own SEAL training and missions overseas, Denver details how the SEALs' creative operations became front and center in America's War on Terror--and how they are altering warfare everywhere. In fourteen years as a SEAL officer, Rorke Denver tangled with drug lords in Latin America, stood up to violent mobs in Liberia, and battled terrorists in Iraq and Afghanistan. Leading 200 commando missions, he earned the Bronze Star with V for valor. He has also served as flag aide to the admiral in charge and spent the past four years as executive officer of the Navy Special Warfare Center's Advanced Training Command in Coronado, California, directing all phases of the basic and advanced training that prepare men for war in SEAL teams. He recently starred in the film *Act of Valor*. He is married and has two daughters. Ellis Henican is a columnist at *Newsday* and an on-air commentator at the Fox News Channel. He has written two recent New York Times bestsellers, *Home Team* with New Orleans Saints coach Sean Payton and *In the Blink of an Eye* with NASCAR legend Michael Waltrip. With all the SEALs' recent successes, we have been getting a level of acclaim we're not used to. But something important has been missing in this warm burst of publicity. Correcting that is my mission here. My own SEAL dream was launched by a book. My hope is that this one teaches lessons that go far beyond the battlefield, inspiring a fresh generation of warriors to carry on that dream. -- Lieutenant Commander Rorke Denver

Fire Mission Earl J. Gorman, 2008 A life-changing 2007 adventure back to Vietnam. While part of a medical mission team, the author, a former Marine artillery officer, searched for his two Vietnamese friends. Finding both 41 years later--was the

inspirational therapy needed to free his mind of the Nam burden. War time flashbacks include combat along the DMZ as well as a deadly Viet Cong sapper attack on his artillery battery. Tours of Hue, the Gulf of Tonkin, and the Hanoi Hilton prison complex round out the Annapolis graduate's memoir. At sunrise, standing in the shallow water of the South China Sea in the peaceful 2007 atmosphere, he was proud to be an American in the foreign, yet, familiar land.

Character Is Destiny John McCain, Mark Salter, 2017-10-10 NEW YORK TIMES BESTSELLER • Senator John McCain tells the stories of celebrated historical figures and lesser-known heroes whose values exemplify the best of the human spirit. He illustrates these qualities with moving stories of triumph against the odds, hope in adversity, and sacrifices for a cause greater than self-interest. Among the heroes of exemplary character we meet are • Pat Tillman, whose patriotism obliged him to leave the riches and celebrity of the NFL for a soldier's life in defense of his country • Winston Churchill, who, in a renowned eighteen-word remark, counseled schoolboys to "never give up" • the Catholic priest in Auschwitz who offered to take a condemned man's place • a nun, formerly a comfortable Beverly Hills housewife, who works with prisoners in Mexico's worst jails • George Washington, whose wisdom and hard-earned self-control helped him survive the chaos of war. Character Is Destiny is McCain's moving and eloquent tribute to men and women who have lived truthfully, and whose stories will stir the hearts of young and old alike and help prepare us for the hard work of choosing our own destinies. Praise for Character Is Destiny "An eclectic collection of heroes . . . [John McCain] will be remembered in a volume like this some day."—The Washington Post Book World "Uplifting . . . inspiring . . . The lessons of these people's lives are as relevant to adults as to children."—Minneapolis Star Tribune "McCain can surprise you, and Character Is Destiny surprises in the diversity of its cast."—Houston Chronicle "McCain has made a declaration of values that liberals can embrace as readily as conservatives."—Publishers Weekly (starred review)

Reflections Beverly Schmerse, 2014-04-29 This is a compilation of the various thoughts and reflections, that I was lead on over the course of many years in preparation for the enlightenment of my soul by God. The exact length of time that it took for me to do this was about a year and a half. Though it was not an easy process to begin, and brought many tears, it also brought me a cleansing and purifying to my heart that has left me truly joyful. It also required much opening of my soul to others, and this book is the final opening up that I want to do. The purpose of the book is to give the reader a way of experiencing this process that I went through by experiencing my emotions in poetry.

Staging Indigeneity Katrina Phillips, 2021-01-29 As tourists increasingly moved across the United States in the late

nineteenth and early twentieth centuries, a surprising number of communities looked to capitalize on the histories of Native American people to create tourist attractions. From the Happy Canyon Indian Pageant and Wild West Show in Pendleton, Oregon, to outdoor dramas like Tecumseh! in Chillicothe, Ohio, and Unto These Hills in Cherokee, North Carolina, locals staged performances that claimed to honor an Indigenous past while depicting that past on white settlers' terms. Linking the origins of these performances to their present-day incarnations, this incisive book reveals how they constituted what Katrina Phillips calls "salvage tourism"—a set of practices paralleling so-called salvage ethnography, which documented the histories, languages, and cultures of Indigenous people while reinforcing a belief that Native American societies were inevitably disappearing. Across time, Phillips argues, tourism, nostalgia, and authenticity converge in the creation of salvage tourism, which blends tourism and history, contestations over citizenship, identity, belonging, and the continued use of Indians and Indianness as a means of escape, entertainment, and economic development.

Catholicity Ain'T What It Used to Be Danny Brock, 2014-06-06 Danny Brocks *Catholicity Ain't What It Used to Be* is a rich experience in practical theology, a theology for everyone, because it is a deeply personal reflection on the faith journey, the story of his own soul as a Catholic in the postVatican II church and in a very challenging postmodern culture. As Brock outlines the challenges of the New Evangelization facing teens, the Catholic school, religious educators, parents, and the institutional church, he describes vividly the mess we sometimes find ourselves in, and at the same time he suggests ways of stepping through that mess by bringing to life the beauty and richness of our Catholic faith and the joy of serving Jesus as we journey with young people in our Christian community. Brocks reflections serve as a GPS to help us recalculate where we find ourselves as church and in our culture today as the evangelizing community of Jesus. His unique charism in finding hope in the young persons he serves becomes a great gift of hope for the pilgrim church today. Father James Mulligan, CSC, nationally renowned Catholic educator and author of *Catholic Education: The Future Is Now*
