**IIMA - Economic Sutra** Satish Y. Deodhar,2024-02-26 A general perception exists that ancient Indian literature on

economic matters is fatalistic and an admixture of sacred and secular thoughts. Economic Sutra provides a comprehensive perspective on the elements of Indian economic thought leading up to and after the Arthashastra. Economic Sutra is a perception-correction initiative to distil the Indian mind in the realm of economic thoughts and behaviour as brought out by the ancient Indian authors. It highlights the broader spread of economic ideas both prior to and sometime after Kautilya, giving insights into the purpose, actions and vision of our forefathers.

Hindu Perspectives on Evolution C. Mackenzie Brown, 2012-01-19 Providing new insights into the contemporary creationist-evolution debates, this book looks at the Hindu cultural-religious traditions of India, the Hindu Dharma traditions. By focusing on the interaction of religion and science in a Hindu context, it offers a global context for understanding contemporary creationist-evolution conflicts and tensions utilizing a critical analysis of Hindu perspectives on these issues. The cultural and political as well as theological nature of these conflicts is illustrated by drawing attention to parallels with contemporary Islamic and Buddhist responses to modern science and Darwinism. The book explores various ancient and classical Hindu models to explain the origin of the universe encompassing creationist as well as evolutionary—but non-Darwinian—interpretations of how we came to be. Complex schemes of cosmic evolution were developed, alongside creationist proofs for the existence of God utilizing distinctly Hindu versions of the design argument. After examining diverse elements of the Hindu Dharmic traditions that laid the groundwork for an ambivalent response to Darwinism when it first became known in India, the book highlights the significance of the colonial context. Analysing critically the question of compatibility between traditional Dharmic theories of knowledge and the epistemological assumptions underlying contemporary scientific methodology, the book raises broad questions regarding the frequently alleged harmony of Hinduism, the eternal Dharma, with modern science, and with Darwinian evolution in particular.

**Mundaka Upanishad** Ashwini Kumar Aggarwal, 2020-01-10 Mundaka Upanishad is from the Gopatha-Brahmana of the Atharva Veda. Whereas its Samhita portion survives in two recensions, after sages Paippalada and Shaunaka, the Brahmana portion available today is only of sage Gopatha. Mundaka Upanishad gets its name from “a head shaved of all heavy botheration”. By the sincere study of this Upanishad, one’s mind resolves all troubles, difficulties seem trifles. It quenches the thirst of the sincere seeker and in beautiful verse satiates the heart of the ardent aspirant. Mundaka is especially written for the man who is willing to rise above the crowd, whose performance in daily life is extraordinary, who is willing to work

harder than his colleagues. It is for the soul who uses his talents to be creative and productive, and is at the same time thirsting for the Unknown. na tatra sūryo bhāti na candratāraṇaṁ nemā vidyuto bhānti kuto'yamagniḥ ॥ tameva bhāntamanubhāti sarvaṁ tasya bhāsā sarvamidaṁ vibhāti ॥ 2.2.10 2.2.10 There no sensory light reaches, that is fathomless, silent and still. There is no distinction there, no features of any sort even when examined under the blazing sun or the cool moonlight or even the farthest star. Purity is a seamless whole, that the light of intellect does not grasp, nor does lightening illumine. Then how could our small candle flames or fancy torches or puny ego reach there? By Brahman is the functioning of men and machines, By it is governed the tempest and the breeze. All is made brilliant by its kindly light, all of us touch glory under its shade. Any victory or fame is due to its grace. Any win is its will. All powerhouses are powered by it, Man becomes a king or saint due to its kindness. For the Sanskrit grammar enthusiast, each verse is given in original Devanagari with a Latin transliteration and Padacheda. Anvaya and Cases are listed for many verses.
