Claudia O'Keefe

Nora Ephron Liz Dance, 2015-09-21 Nora Ephron famously claimed that she wrote about every thought that ever crossed her mind, from her divorce from Carl Bernstein (Heartburn) to the size of her breasts (A Few Words About Breasts). She also wrote screenplays for three of the most successful contemporary romantic comedies--When Harry Met Sally (1989), Sleepless in Seattle (1993) and You've Got Mail (1998). Often considered mere light-hearted romantic comedies, her screenwriting has not been the subject of serious study. This book offers a sustained critical analysis of her work and life and demonstrates that Ephron is no lightweight. The complexity of her work is explored through the context of her childhood in a deeply dysfunctional family of writers.

Reel Women Jane Sloan, 2007-03-26 In the last several decades, the number of films featuring female protagonists has increased significantly. Many of these films reflect the vast cultural and sociological changes that have taken place since the early 1960s, highlighting not only a wide spectrum of female characters depicted onscreen, but the creative work of women behind the camera as well. In *Reel Women: An International Directory of Contemporary Feature Films about Women*, media librarian Jane Sloan has assembled an impressive list of more than 2400 films from nearly 100 countries that feature female protagonists. Each entry includes a brief description of the film and cites key artistic personnel, particularly female directors, producers, and screenwriters involved in its production. *Reel Women* also contains a critical survey in which Sloan charts the changes women have undergone both on screen and off, as moviemaking and audience sensibilities have evolved in the last forty-plus years. Listing many more films on the subject of women than can be found in any other source, this reference brings together important titles from area studies and genre markets along with titles associated with women's cinema and feminist film. In addition to title and actor indexes, the book contains a subject index that provides detailed access to place names, historical characters, time periods, and storylines, as well as the backgrounds religious, racial, and ethnic of the main characters. This directory is an ideal reference tool for researchers studying the evolution of female characters in films around the world, from Afghanistan to Zimbabwe. It is also a resource for casual viewers who are looking for films that reflect the diversity of women's roles that can be found in independent and national cinemas as well as commercial blockbusters.

Hunter S. Thompson: The Last Interview Hunter S. Thompson,2018-02-06 Hunter S. Thompson was so outside the box, a new word was invented just to define him: Gonzo. He was a journalist who mocked all the rules, a hell-bent fellow who loved to stomp on his own accelerator, the writer every other writer tried to imitate. In these brutally candid and very funny interviews that range across his fabled career, Thompson reveals himself as mad for politics, which he thought was both the source of the country's despair and, just maybe, the answer to it. At a moment when politics is once again roiling America, we need Thompson's guts and wild wisdom more than ever.

Food in the Movies, 2d ed. Steve Zimmerman, 2010-07-28 Although food has been part of motion pictures since the silent era, for the most part it has been treated with about as much respect as movie extras: it's always been there on the screen but seldom noticed. For the most part filmmakers have settled on three basic ways to treat food: as a prop in which the food is usually obscured from sight or ignored by the actors; as a transition device to compress time and help advance the plot; as a symbol or metaphor, or in some other meaningful way, to make a dramatic point or to reveal an aspect of an actor's character, mood or thought process. This hugely expanded and revised edition details 400 food scenes, in addition to the 400 films reviewed for the first edition, and an introduction tracing the technical, artistic and cultural forces that contributed to the emergence of food films as a new genre--originated by such films as *Tampopo*, *Babette's Feast* and more recently by films like *Mostly Martha*, *No Reservations* and *Ratatouille*. A filmography is included as an appendix.

Women, Ageing and the Screen Industries Susan Liddy, 2023-04-26 This book explores the challenges facing women from their mid-forties as they attempt to build/maintain careers in the screen industries. Essays are concerned with the intersection of gender and age on screen and behind the camera and how that can create a 'double jeopardy'. Existing

research in this area has been primarily directed to onscreen representation. Female actors, with notable exceptions, struggle to get screen time and expansive roles as they age. Behind the camera, women 45+ also face challenges and roadblocks; to date, less attention has been directed to this group. The cross-cultural research in this collection offers an analysis of representation, on and off screen, touching on film, television, streaming services and film festivals. It includes an exploration of gendered ageism, age bias and stereotyping. It also highlights the achievements of mature female practitioners who, in their work and working lives, embody a resistance to restrictive cultural discourses about ageing women.

Something Completely Different Jeffrey S. Miller, 2000 Between Emma Peel and tire Ministry of Silly Walks British television had a significant impact on American popular culture in the 1960s and 1970s. In *Something Completely Different*, Jeffrey Miller offers the first comprehensive study of British programming on American television, discussing why the American networks imported such series as *The Avengers* and *Monty Python's Flying Circus*; how American audiences received these uniquely British shows; and how the shows' success reshaped American television. Miller's lively analysis covers three genres: spy shows, costume dramas, and sketch comedies. In addition to his close readings of the series themselves, Miller considers the networks' packaging of the programs for American viewers and the influences that led to their acceptance, including the American television industry's search for new advertising revenue and the creation of PBS.

Sisterhood, Interrupted Deborah Siegel, 2007-06-12 Contrary to clichés about the end of feminism, Deborah Siegel argues that younger women are reliving the battles of its past, and reinventing it--with a vengeance. From feminist blogging to the popularity of the WNBA, girl culture is on the rise. A lively and compelling look back at the framing of one of the most contentious social movements of our time, *Sisterhood, Interrupted* exposes the key issues still at stake, outlining how a twenty-first century feminist can reconcile the personal with the political and combat long-standing inequalities that continue today.
