**The Stormlight Archive, Books 1-3** Brandon Sanderson,2018-05-08 This Stormlight Archive discounted ebundle includes: The Way of Kings, Words of Radiance, Oathbringer The #1 New York Times bestselling epic fantasy series by Brandon Sanderson! The Stormlight Archive is the wildly imaginative epic fantasy from New York Times bestselling author Brandon Sanderson: welcome to the remarkable world of Roshar, a world of stone and storms. Uncanny tempests of incredible power sweep across the rocky terrain so frequently that they have shaped ecology and civilization alike. Roshar is shared by humans and the enigmatic, humanoid Parshendi, with whom they are at war. It has been centuries since the fall of the ten consecrated orders known as the Knights Radiant, but their Shardblades and Shardplate remain. Men trade kingdoms for Shardblades. Wars were fought for them, and won by them, but in the war against the Parshendi, the ancient weapons and armor may not be enough. Speak again the ancient oaths: Life before death. Strength before weakness. Journey before Destination. and return to men the Shards they once bore. The Knights Radiant must stand again. --- Other Tor books by Brandon Sanderson The Cosmere The Stormlight Archive The Way of Kings Words of Radiance Edgedancer (Novella) Oathbringer The Mistborn trilogy Mistborn: The Final Empire The Well of Ascension The Hero of Ages Mistborn: The Wax and Wayne series Alloy of Law Shadows of Self Bands of Mourning Collection Arcanum Unbounded Other Cosmere novels Elantris Warbreaker The Alcatraz vs. the Evil Librarians series Alcatraz vs. the Evil Librarians The Scrivener's Bones The Knights of Crystallia The Shattered Lens The Dark Talent The Rithmatist series The Rithmatist Other books by Brandon Sanderson The Reckoners Steelheart Firefight Calamity At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Unquiet Lives* Joanne Bailey,2003-07-17 Based on vivid court records and newspaper advertisements, this 2003 book is a pioneering account of the expectations and experiences of married life among the middle and labouring ranks in the long eighteenth century. Its original methodology draws attention to the material life of marriage, which has long been dominated by theories of emotional shifts or fashionable accounts of spouses' gendered, oppositional lives. Thus it challenges preconceptions about authority in the household, by showing the extent to which husbands depended upon their wives' vital economic activities: household management and child care. Not only did this forge co-dependency between spouses, it undermined men's autonomy. The power balance within marriage is further revised by evidence that the sexual double standard was not rigidly applied in everyday life. The book also shows that ideas about adultery and domestic violence evolved in the eighteenth century, influenced by new models of masculinity and femininity.

**Seth's Brother's Wife: A Study of Life in the Greater New York** Harold Frederic,2022-09-16 In *Seth's Brother's Wife: A Study of Life in the Greater New York*, Harold Frederic deftly navigates the complexities of early 20th-century American life through a narrative rich with emotional depth. Set against the backdrop of an evolving urban landscape, this novel explores the struggles of its protagonist, Seth, as he confronts familial loyalty, unrequited love, and societal expectations. Frederic employs a naturalistic style, vividly depicting the tensions between personal desires and social conventions, while using sharp dialogue and a deeply evocative setting to capture the spirit of the era. Harold Frederic, an American writer renowned for his portrayal of life in the Northeastern United States, infused his own experiences as a correspondent in New York City into this novel. His keen observations of the city's dynamics reflect an intimate understanding of human relationships within the bustling metropolis, reflecting the transitional nature of American society at the time. Frederic's background in journalism informs his precise and realistic narrative style, offering readers a compelling glimpse into the lives of those navigating the complexities of urban existence. This book is highly recommended for those interested in American literature and the social conditions of the late 19th century. Frederic's vivid storytelling and incisive character studies invite readers to both reflect on and immerse themselves in the intricate tapestry of life within Greater New York, making it a significant work for anyone seeking a deeper understanding of American cultural history.

**Ethics and Suffering since the Holocaust** Ingrid L Anderson,2016-05-26 For many, the Holocaust made thinking about ethics in traditional ways impossible. It called into question the predominance of speculative ontology in Western thought, and left many arguing that Western political, cultural and philosophical inattention to universal ethics were both a cause and an effect of European civilization's collapse in the twentieth century. Emmanuel Levinas, Elie Wiesel and Richard Rubenstein respond to this problem by insisting that ethics must be Western thought's first concern. Unlike previous thinkers, they locate humanity's source of universal ethical obligation in the temporal world of experience, where human suffering, rather than metaphysics, provides the ground for ethical engagement. All three thinkers contend that Judaism's key lesson is that our fellow human is our responsibility, and use Judaism to develop a contemporary ethics that could operate with or without God. *Ethics and Suffering since the Holocaust* explores selected works of Levinas, Wiesel, and Rubenstein for practical applications of their ethics, analyzing the role of suffering and examining the use each thinker makes of Jewish sources and the advantages and disadvantages of this use. Finally, it suggests how the work of Jewish thinkers living in the wake of the Holocaust can be of unique value to those interested in the problem of ethics in the twentieth and twenty-first centuries. Presenting a thorough investigation of the work of Levinas, Wiesel and Rubenstein, this book is of key interest to students and scholars of Jewish studies, as well as Jewish ethics and philosophy.

*The Union Review* ,1867

**Agricultural Development Policy** Roger D. Norton,Food and Agriculture Organization of the United Nations,2004-01-01 *Agricultural Development Policy: Concepts and Experiences*, prepared under the aegis of the Policy Assistance Division of FAO, presents a fresh and comprehensive look at agricultural development policy. It provides a clear, systematic review of important classes of policy issues in developing countries and discusses the emerging international consensus on viable approaches to the issues. Topics covered include agriculture's role in economic development, objectives and instruments of agricultural policy, linkages between macroeconomic and agricultural policies, sectoral policies related to agricultural prices, the role of government in the sector, gender issues in agriculture, policies for the rural poor, land tenure policies, water management, agricultural finance policies, and agricultural technology development and dissemination. This book is suitable for use in university courses in agricultural and economic development, international development, natural resource management, and specialized topics in agriculture, and it serves as a valuable reference tool for policy makers and

other professionals and researchers in the field of international agricultural development. (A co-publication with John Wiley & Sons, Ltd, UK)
