The Fight Dan Bongino, 2016-01-12 New York Times Bestseller: The popular radio host and former Secret Service agent reveals how leadership and security failures have endangered Americans. In *The Fight*, Dan Bongino picks up the story where his New York Times-bestselling book *Life Inside the Bubble* ends, tackling important political and security issues and offering new solutions. From Hillary's emails to the security failings at the White House (including the drone crash and the fence jumper), from Charlie Hebdo to Bowe Bergdahl, the author examines how our government has allowed our security efforts to lapse both at home and abroad. He also offers solutions to the growing terrorist threat and how we can protect American citizens while also deconstructing what's wrong with our political process and what his experience running for office has taught him. As a former member of the elite Presidential Protection Division who served three presidents, Bongino is uniquely qualified to provide a view from behind the curtain to warn readers about the political system that is failing them, and the security future that won't protect them. The majority of Americans only come into contact with security when they fly or enter their workplace. They are rarely able to become acquainted with the politicians they know from robocalls and TV ads. Bongino has experienced the inner workings of the national security apparatus and the failed political theater that we all feel but rarely understand. Using a mix of recent events, an insider's analysis, and tales from his time protecting the president, he shows where clear and foreseeable leadership failures led to grave consequences. From a broken political process to a government that consistently misreads the American people, he shows us where America has gone wrong and how we can fight back. "The Fight shines a much-needed light on the troubling games DC politicians and insiders play with the American people." —Sean Hannity "The Fight is a lesson plan for fighting back against the Washington DC political machine." —Mark Levin

Spygate Dan Bongino, D.C. McAllister, Matt Palumbo, 2018-10-09 Everyone has an opinion about whether or not Donald Trump colluded with the Russians to defeat Hillary Clinton in 2016. The number of actors involved is staggering, the events are complicated, and it's hard to know who or what to believe. *Spygate* bypasses opinion and brings facts together to expose the greatest political scandal in American history. Former Secret Service agent and NYPD police officer Dan Bongino joins forces with journalist D.C. McAllister to clear away fake news and show you how Trump's political opponents, both foreign and domestic, tried to sabotage his campaign and delegitimize his presidency. By following the names and connections of

significant actors, the authors reveal: • Why the Obama administration sent a spy connected to the Deep State into the Trump campaign • How Russians were connected to the opposition research firm hired by the Clinton campaign to find dirt on Trump • How the FBI failed to examine DNC computers after they were hacked, relying instead on the findings of a private company connected to the DNC and the Obama administration • Why British intelligence played a role in building the collusion narrative • What role Ukrainians played in legitimizing the perception that Trump was conspiring with the Russians • How foreign players in the two events that kickstarted the Trump-Russia collusion investigation were connected to the Clinton Foundation, and • What motivated the major actors who sought to frame the Trump campaign and secure a win for Hillary Clinton

Deception Rand Paul, 2023-10-10 Senator Rand Paul was on to Anthony Fauci from the start. Wielding previously unimaginable power, Fauci misled the country about the origins of the Covid pandemic and shut down scientific dissent. One of the few leaders who dared to challenge America's Doctor was Senator Rand Paul, himself a physician. Deception is his indictment of the catastrophic failures of the public health bureaucracy during the pandemic. Senator Paul presents the evidence that: The Covid virus was likely the product of gain-of-function research at the Wuhan lab in China—research funded in part by the U.S. government. Taxpayer dollars for that research were deceptively funneled to Wuhan without the required regulatory review. Fauci and his scientific yes-men knew from day one about Covid's origin and tried to cover it up. Fauci and his allies ruthlessly attacked everyone—including highly qualified scientists—who threatened to reveal the truth about the pandemic. Why? Hundreds of millions of dollars of grants and unreported royalties were at stake, and heads would roll if the truth got out. It almost worked. At Fauci's insistence, the government imposed needlessly extreme lockdowns on Americans at the cost of immense personal and economic destruction. Covid-19 was deadly, but the real killer was the coverup, led by America's most durable medical bureaucrat—a man for whom the truth was too often expendable. Senator Paul makes a powerful case that funding dangerous bioengineering in a totalitarian country is madness. If we don't heed this warning, the next pandemic could be far worse.

The Gift of Failure Dan Bongino, 2023-09-12 A Wall Street Journal Bestseller! Dan Bongino's brutally honest, deeply personal, unforgettable stories about how he transformed failures into victories will enthrall, entertain, and inspire readers. In *The Gift of Failure*, leading conservative commentator Dan Bongino identifies failures in his life and how those failures led to bigger and better things. With the same laser-focused intensity that has made him one of America's most popular voices, Bongino uncompromisingly cuts to the heart of failure with a collection that is inspirational, motivational, entertaining, touching, and redemptive. The former Secret Service agent currently hosts one of the country's most listened to radio programs along with a top-rated podcast and the popular Fox News television show, *Unfiltered*. Throughout his career, Bongino has helped trailblaze a fight for free speech and free expression, garnering many national headlines for taking on

some of the biggest tech companies in the world to challenge their seemingly draconian censorship policies. Along the way, through his many David vs. Goliath battles, Bongino has learned the hard way why failure matters. In *The Gift of Failure*, he shares, in vivid detail, many of these experiences—from high-profile, front-page stories involving the drama behind Parler and Rumble, to never-before-shared personal tales covering his childhood, the Secret Service, the media, a recent serious health battle, and much more. Bongino's vulnerability coupled with his trademark in-your-face, unapologetic honesty and humor help illuminate many life lessons. This is unforgettable storytelling as only Bongino can deliver. Whether you agree with him or not, there's something here for everyone.

Protecting the President Dan Bongino, 2021-01-12 Being a Secret Service agent is one of the most treacherous jobs in the world and never more so than in today's highly polarized America. Facing threats from fence jumpers and manifesto writers, and from fanatical terrorists and sophisticated spies, protecting the president is harder than ever. In an age of hyper-partisan politics, emotions are high and crazies are a dime a dozen. On top of that, with international tensions reaching a boiling point, it's harder than ever to determine friend from foe. Yet the President of the United States is in very real danger if the Secret Service doesn't change course soon and evolve with the rapidly changing threat environment. Highly motivated "bad guys" are already working on technologically advanced methodologies and are constantly striving to formulate the logistics of an attack on the White House. Eventually terrorist planners will find a way to acquire the technology, weapons, explosives, and know-how to make an attempt on the life of the President. The only question is "What are we going to do

about it?" Protecting the President provides not only a rare insider glimpse of what the Secret Service does, but explores the challenges facing the agents today. Chock-full of relevant stories of protecting past presidents, veteran agent Dan Bongino explains how the agency can best protect the president today. This book covers how the Secret Service should • plan for a tactical assault by a terrorist attack team • prepare to respond to a severe medical emergency • train to handle a chemical or biological weapon attack • prepare for an attack using explosives • plan for 9-11 style attacks from the air and fire threats • and much more

The Fight Dan Bongino, 2016-01-12 What events led a veteran Secret Service agent at the top of his profession, with no political experience, to resign his position and run for office, nearly pulling off the unlikely of upsets as a Republican in a deep-blue state? More importantly, what insight on issues from national and personal security to big politics can be gleaned from his successes as a Secret Service agent and failures in politics? As a former member of the elite Presidential Protection Division who served three Presidents, bestselling author Dan Bongino is uniquely qualified to provide a view from behind the curtain to warn readers about the political system that is failing them, and the security future that won't protect them. -- Publisher.

Follow the Money Dan Bongino, 2020-10-06 As seen on The Ben Shapiro Show! *Follow the Money* exposes the labyrinth of connections between D.C.'s slimiest swamp creatures—Democrat operatives, lying informants, desperate and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another. Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the Deep State war against Donald Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration. Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous “discovery” of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a shadow over the entire Trump team, to Joe Biden’s unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-filled Steele dossier, wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros’s desperate multimillion-dollar plan to stop Trump’s re-election. Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller’s investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama’s fixer, obstruction angel Kathryn “Kathy” Ruemmler, who represents a rogues gallery of Russiagate political operatives; the FBI’s inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was legitimate; and “Special Agent 1” Stephen M. Somma’s curious obsession with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper. Flynn is the centerpiece of one of the book’s most revealing chapters, in which Bongino deconstructs the FBI’s elaborate takedown of Trump’s National Security Advisor, revealing how and why the three-star general was set up not once...but three times. Bongino also returns to the last, desperate attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff’s lies and the Ukraine-call whistleblower’s multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of

COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America's economy and, with it, Trump's re-election chances. Follow the Money displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this exposé is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.

Debunk This! Matt Palumbo,2019-08-20 The biggest liberal myths of the modern age are exposed and debunked. Countless studies have proven that over 90 percent of Trump-related news coverage is negative, and the percentage of journalists that identify as Republicans are in the single digits. When liberals are running the show, you can bet that their narrative has gone unchallenged. If you tell a lie long enough people will begin to believe it, and that's certainly the case with so many liberal myths that have become accepted as conventional wisdom. In this book you'll learn, among many other facts: What happened to non-gun mass killings when Australia enacted strict gun control. The truth about "Scandinavian socialism." How Obama twisted the numbers to appear tough on immigration. Why Mexico has stricter immigration laws than the US. How Bill Clinton faked the "Clinton surplus." That the US doesn't have the majority of the world's mass shootings. Why statistics claiming that illegal aliens commit fewer crimes than the general public are bogus. The countless lies the media simply made up about the Trump administration. If you're in need of ammunition to shoot down liberal lies, this is the book for you.
