Gaja Jezernik Kos

Even the Darkest Stars Heather Fawcett, 2017-09-05 The first in a sweeping and action-packed debut fantasy duology loosely inspired by the early climbers of Mt. Everest—perfect for fans of Cindy Pon and Alison Goodman. Kamzin has always dreamed of becoming one of the Emperor's royal explorers, the elite climbers tasked with mapping the wintry, mountainous Empire and spying on its enemies. She knows she could be the best in the world, if only someone would give her a chance. But everything changes when the mysterious and eccentric River Shara, the greatest explorer ever known, arrives in her village and demands to hire Kamzin—not her older sister Lusha, as everyone had expected—for his next expedition. This is Kamzin's chance to prove herself—even though River's mission to retrieve a rare talisman for the emperor means climbing Raksha, the tallest and deadliest mountain in the Aryas. Then Lusha sets off on her own mission to Raksha with a rival explorer who is determined to best River, and Kamzin must decide what's most important to her: protecting her sister from the countless perils of the climb or beating her to the summit. The challenges of climbing Raksha are unlike anything Kamzin expected—or prepared for—with avalanches, ice chasms, ghosts, and even worse at every turn. And as dark secrets are revealed, Kamzin must unravel the truth of their mission and of her companions—while surviving the deadliest climb she has ever faced.

Dark Stars John F.D. Taff,2022-05-10 *Dark Stars*, edited by John F.D. Taff, is a tribute to horror’s longstanding short fiction legacy, featuring 12 terrifying original stories from today’s most noteworthy authors. Within these pages you’ll find tales of dead men walking, an insidious secret summer fling, an island harboring unspeakable power, and a dark hallway that beckons. You’ll encounter terrible monsters—both human and supernatural—and be forever changed. The stories in *Dark Stars* run the gamut from traditional to modern, from dark fantasy to neo-noir, from explorations of beloved horror tropes to the unknown—possibly unknowable—threats. It’s all in here because it’s all out there, now, in horror. *Dark Stars* features all-new stories from the following award-winning authors and up-and-coming voices: Chesya Burke, Ramsey Campbell, Gemma Files, Stephen Graham Jones, Alma Katsu, Caroline Kepnes, John Langan, Livia Llewellyn, Josh Malerman, Usman T. Malik, Priya Sharma, and John F.D. Taff. Created as an homage to the 1980 classic horror anthology *Dark Forces*, edited by Kirby McCauley, *Dark Stars* features an afterword from original contributor Ramsey Campbell—a poignant finale to this bone-chilling collection. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

So when she arrives in the hardscrabble village of Hrafnsvik, Emily has no intention of befriending the gruff townsfolk. Nor does she care to spend time with another new arrival: her dashing and

insufferably handsome academic rival Wendell Bumbleby, who manages to charm the townsfolk, muddle Emily's research, and utterly confound and frustrate her. But as Emily gets closer and closer to uncovering the secrets of the Hidden Ones—the most elusive of all faeries—lurking in the shadowy forest outside the town, she also finds herself on the trail of another mystery: Who is Wendell Bumbleby, and what does he really want? The Universe at Midnight Ken Croswell, 2002 From the internationally acclaimed author of Magnificent Universe, Ken Croswell, comes the definitive story of the golden age in our understanding of the universe -- the age we live in right now. The universe's origin, evolution, and fate have long fascinated humanity, but until recently these subjects resided in astronomy's never-never land. The last ten years, however, have witnessed a stunning turnabout: an avalanche of new cosmological discoveries that illuminate the greatest questions of all. The Universe at Midnight is a platform from which to observe these new deep-space landmarks. Mammoth new telescopes on Earth, such as the Keck Observatory in Hawaii, the Very Large Telescope in Chile, and Japan's Subaru Telescope, as well as the Hubble Space Telescope overhead, are probing the frontiers of the universe with stunning results. In 1996 astronomers pinpointed the center of the elusive Great Attractor, a mass of galaxies 250 million light-years away that is trying to tug our Galaxy and thousands of others across the universe. In late 1997, two teams hunting supernovae in galaxies billions of light-years away shocked their colle

The Poetical Works of Mrs. Horace Dobell Elizabeth Mary Fordham Dobell,1910

Crossing the Great Divide: Walking with God Through Nature Dr. Charles R. Frazier,2022-01-06 “For I know the plans I have for you,” declares the Lord, “plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call on me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart. I will be found by you,” declares the Lord, “and will bring you back from captivity...” (Jeremiah 29:11-14) Walking in the path of darkness, I never looked up to see God’s light. I had put God on the shelf. I was making my way in life. I was gaining notoriety and recognition for my accomplishments. My pride, arrogance, and selfishness were shining in my fleshly success. I was rolling and life was rocking, until one day, God placed a boulder in my path I could not move. In the blink of an eye, I lost my career, and my marriage was coming to an end. My Heavenly Father had stopped my fleshly ways to show me the deep darkness of my soul. He would take the pieces of clay from my brokenness, place me back on His pottery wheel, remold me with His loving hands, and put me through the fire to purify my soul. He would lead me to His place, “The Back Porch,” where He would teach me to meditate, show me visions, give me peace in His quietness, and open my ears to hear His voice. I would listen as He would speak through the pen and I would record His spoken words. Exhausted, tired, and weary, a broken man was being healed through the writings of his Heavenly Father. In this journey, He will use my love for nature to share with me the simple things in life, explain my visions, and gain understanding as we walk through this journey together. God shines His light and speaks to every man and woman. You must take the time to see His light and be still in His presence to hear His voice. Open this book, take a journey with me, and experience how God heals and remolds a broken man. He led me to write this book so you can see how God changed me and experience how God can change you.
