*Juan Mayorga* Jerelyn Johnson,David Johnston,2024-04-29 Juan Mayorga: Six Plays is the first collection of Spanish dramatist Juan Mayorga's plays in English, offering a compelling insight into the extraordinary range and quality of one of the Spanish-speaking world's most distinctive voices. The six plays are presented in translations that are both readable and eminently performable. Each is accompanied by a translator's note that discusses the strategies and decisions used in making the play performable in English as well as the play's key themes. The book also features an introduction to Mayorga's life and work, emphasising his commitment to plays whose range of forms and innovative theatre-making practice re-imagines the nature of theatre and performance each time anew. The plays themselves are brilliant treatises on our times, inspiring conversation about and critical examination of our troubled world. These scripts will be of interest to professional practitioners but are no less suited to both university and amateur settings, making this the definitive collection of Mayorga's work in English for theatremakers, students, and scholars.

**Contemporary European Playwrights** Maria M. Delgado,Bryce Lease,Dan Rebellato,2020-07-22 Contemporary European Playwrights presents and discusses a range of key writers that have radically reshaped European theatre by finding new ways to express the changing nature of the continent's society and culture, and whose work is still in dialogue with Europe today. Traversing borders and languages, this volume offers a fresh approach to analyzing plays in production by some of the most widely-performed European playwrights, assessing how their work has revealed new meanings and theatrical possibilities as they move across the continent, building an unprecedented picture of the contemporary European repertoire. With chapters by leading scholars and contributions by the writers themselves, the chapters bring playwrights together to examine their work as part of a network and genealogy of writing, examining how these plays embody and interrogate the nature of contemporary Europe. Written for students and scholars of European theatre and playwriting, this book will leave the reader with an understanding of the shifting relationships between the subsidized and commercial, the alternative and the mainstream stage, and political stakes of playmaking in European theatre since 1989.

[The Creative Process of Els Joglars and Teatro de La Abadía](#) Simon Breden,2014 The rehearsal processes of theatre companies are an oft-neglected area of research in Drama and Performance Studies. This work on the Catalan devising collective Els Joglars and the Madrid producing venue Teatro de la Abadía seeks to redress the balance with a close analysis of methodologies employed in rehearsal. In effect, both companies have created distinctive rehearsal processes by applying ideas and techniques from a wider European context to a Spanish theatre scene which had been seen to follow rather than develop trends and techniques visible in theatre across France, Italy and Germany. Critically, their hybrid rehearsal processes generate heightened theatrical results for the audience. Thus the book shifts the focus of academic study away from product and towards process, demonstrating how an understanding of process assists in the reading of the theatrical product. Simon David Breden obtained a PhD in Drama & Hispanic Studies from Queen Mary, University of London. He has worked as a professional director and expert in Spanish theatre in London and Madrid.

**The Rise of Euroskepticism** Luis Martín-Estudillo,2018-03-26 Electronic open access edition funded by the National Endowment for the Humanities. Covering from 1915 to the present, this book deals with the role that artists and intellectuals have played regarding projects of European integration. Consciously or not, they partake of a tradition of Euroskepticism. Because Euroskepticism is often associated with the discourse of political elites, its literary and artistic expressions have gone largely unnoticed. This book addresses that gap. Taking Spain as a case study, author Luis Martín-Estudillo analyzes its conflict over its own Europeanness or exceptionalism, as well as the European view of Spain. He ranges from canonical writers like Unamuno, Ortega y Gasset, and Zambrano to new media artists like Valeriano López, Carlos Spottorno, and Santiago Sierra. Martín-Estudillo provides a new context for the current refugee crisis, the North-South divide among EU countries, and the generalized disaffection toward the project of European integration. The eclipsed critical tradition he discusses contributes to a deeper understanding of the notion of Europe and its institutional embodiments. It gives resonance to the intellectual and cultural history of Europe's peripheries and re-evaluates Euroskeptic contributions as one of the few hopes left to imagine ways to renew the promise of a union of the European nations.

*The Translator on Stage* Geraldine Brodie,2017-12-28 In today's theatre, productions of plays that originated in another language are frequently distinguished by two characteristics: the authorship of the English text by a well-known local theatre specialist, and the absence of the term 'translation'-generally in favour of 'adaptation' or 'version'. The Translator on Stage investigates the creative processes that bring translated plays to the mainstream stage, exploring the commissioning, translation and development procedures that end with a performed play. Through a sample of eight plays that span two thousand years and six languages-including Festen, Don Carlos, Hedda Gabler and The UN Inspector-and that were all staged within a three-month period, Geraldine Brodie brings in a wide range of theatre practitioners to discuss their roles in the translation process and the motivations that govern London theatre translation activities. The Translator on Stage is informed by specially conducted interviews with the productions' producers, artistic directors, directors, literary managers, playwrights and specialist translators, including Michael Grandage, Rufus Norris, David Eldridge, Juan Mayorga, David Johnston and Mike Poulton. It sheds new light not only on theatrical translation procedures, but also on the place of translation in society today.

**Galapagos Giant Tortoises** ,2020-11-07 Galapagos Giant Tortoises brings together researchers and conservationists to share the most up-to-date knowledge of Galapagos giant tortoises. Despite being icons of the world-famous Galapagos Archipelago and the target of more than 50 years of conservation research and management, Galapagos giant tortoise evolution and much of their ecology remained unknown until recently. This book documents the history, the pressing conservation issues, and success stories recovering several of the 15 different species of Galapagos tortoises from near extinction. The book begins with an overview of the history of the relationship between humans and Galapagos giant tortoises, starting from initial heavy exploitation of tortoises by pirates and whalers, and extending to the start of the modern

conservation era in the 1960s. The book then shifts to biology, describing Galapagos tortoise evolution, taxonomy, ecology, habitats, reproduction, and behavior. Next the decades of conservation efforts and their results are reviewed, including issues of captive breeding, invasive species, introduced diseases, and de-extinction, as well as the current status and distribution of every species. The final portion of the book turns to four case studies of restoration, and then looks ahead to the future of all tortoise populations. The latest volume in the Biodiversity of the World: Conservation from Genes to Landscape series, Galapagos Giant Tortoises is a valuable resource for researchers and conservationists, as well as students of biology, wildlife conservation, and herpetology. - Provides a comprehensive overview of the Galapagos giant tortoise species as written and edited by the world's leading experts - Presents examples of restoration of tortoise populations following the near extinction of many of them - Describes conservation strategies to ensure the full recovery of all extant species - Explores recent efforts using replacement tortoises for extinct species to restore island ecosystems

**Mayorguiana** Alberto Sucasas, 2023-09-22 Sin por ello abandonar su dominio -el concepto-, la filosofía puede interpelar a la escena teatral, la cual, a su vez, propone desafíos que el pensamiento puede hacer suyos. De ese doble diálogo, mantenido por dos focos de una elipse, surge la obra, dramática y reflexiva, de Juan Mayorga. 'Mayorguiana' explora un corpus híbrido, postulando que sus dos vertientes creativas nacen de una inspiración común; mejor aún, cada una se constituye en virtud de incitaciones que provienen de la otra. Cabe, pues, rastrear el sustrato discursivo de la propuesta teatral, la argumentación subyacente a su argumento y, aunque resulte menos obvio, sondar la matriz dramática de la idea. Escritura singular: Mayorga filosofa diseñando tramas y personajes, pero también sabe insuflar tensión dramática -'agón' teatral- al esfuerzo categorial.

**Teatro y filosofía en los inicios del siglo XXI** José Romera Castillo (ed.), 2019-10-23 La cadena de estudios del Centro de Investigación de Semiótica Literaria, Teatral y Nuevas Tecnologías, dirigido por el Dr. José Romera Castillo, sobre estos ámbitos artísticos es ya muy numerosa. Este volumen, Teatro y Filosofía en los inicios del siglo XXI, patrocinado por varias entidades (Academia de las Artes Escénicas de España, Asociación de Teatro del siglo XXI, Asociación Española de Semiótica, Instituto del Teatro de Madrid, además de la UNED), se centra en el estudio de las relaciones de estas dos áreas tan importantes en la cultura universal y está estructurado del modo siguiente. En el primer apartado, "Aspectos generales" aparecen diez estudios, encabezados por un amplio panorama de puestas en escena de teatro, relacionadas con el ámbito filosófico en estos últimos años, y seguidos por otros estudios teóricos llevados a cabo por eminentes especialistas en el tema. En el segundo, "Dramaturgias femeninas", se examina la presencia de la Filosofía en una serie de autoras y obras a través de seis artículos. Y en el tercero, se estudian las "Dramaturgias masculinas", a través de nueve investigaciones. A través de todas ellas, en síntesis, se ofrece una nueva y rigurosa visión de las estrechas y amplias relaciones que el teatro (textos y representaciones), en nuestro siglo, tiene con el espacio filosófico con el fin de hacernos reflexionar tanto sobre la condición

humana como su función en la sociedad de hoy. De ahí, la novedad y pertinencia de esta publicación; una más en la ya larga cadena de estudios del SELITEN@T.

Himmelweg; El jardín quemado Juan Mayorga,2024-06-06 Las dos obras que recoge este volumen se cuentan entre las más aclamadas y reconocidas de su producción y presentan la materia histórica como una referencia desde la que iluminar el presente. Tanto Himmelweg, centrada en un gueto de reclusión para judíos durante la represión nazi, como El jardín quemado, cuya acción se sitúa en un psiquiátrico en el que todavía perviven las consecuencias de la guerra civil, nos devuelven a nuestro propio tiempo y sus acuciantes preguntas.

Teatro y artes escénicas en el ámbito hispánico. Siglo XXI Jara Martínez Valderas,Alba Saura-Clares,Diana I. Luque,2023-11-23 Este volumen pretende aportar una visión panorámica del teatro en el ámbito hispánico en el siglo XXI. Para ello, se detiene en el estudio del hecho escénico: las relaciones entre las obras y los públicos, la literatura dramática, la dirección, la dramaturgia, las propuestas liminales (que hibridan los géneros artísticos), el espacio escénico y la labor interpretativa. Por último, se adentra en las relaciones entre Hispanoamérica y España, así como en las que, a su vez, estas mantienen con la escena europea. En este sentido, cada uno de los capítulos busca ofrecer una cartografía que, con su foco en España, se abra hacia las artes escénicas en Hispanoamérica y evidencie las voces y poéticas más determinantes, ubicadas en un contexto de continuos viajes de ida y vuelta y sin las cuales no podría comprenderse la creación en el momento actual.

La obra literaria de Rafael Azcona Juan Antonio Ríos Carratalá,2009 Rafael Azcona (1926-2008) fue un autor con un

peculiar mundo creativo. Reconocido como el mejor guionista del cine español, su obra literaria sienta las bases de sus más geniales guiones (El pisito, Plácido, El verdugo...) y constituye un excelente testimonio para conocer la España en blanco y negro de los años cincuenta. Humor, costumbrismo, lucidez y observación crítica se conjugan en unas novelas que fueron rescritas y recuperadas por el propio Rafael Azcona al final de sus días. El galardonado guionista siempre supo que su verdadera condición era la de autor, sin adjetivos. Juan A. Ríos Carratalá es catedrático de la Universidad de Alicante y autor de numerosos ensayos sobre el teatro y el cine españoles. Entre sus últimos libros destacan *La memoria del humor* (2005), *Una arrolladora simpatía: Edgar Neville* (2007) y *La sonrisa del inútil. Imágenes de un pasado cercano* (2008).

**Teatro, ciencias y ciencia ficción en las dos primeras décadas del siglo XXI** José Romera Castillo,2023-02-17 La cadena de estudios del Centro de Investigación de Semiótica Literaria, Teatral y Nuevas Tecnologías, dirigido por el Dr. José Romera Castillo, sobre estos ámbitos artísticos es ya muy numerosa. Este volumen, editado por el mencionado profesor, Teatro, ciencias y ciencia ficción en las dos primeras décadas del siglo XXI -patrocinado por varias entidades (Academia de las Artes Escénicas de España, Asociación Internacional de Teatro del siglo XXI, Asociación Española de Semiótica, Instituto del Teatro de Madrid, además de la UNED)-, se centra en el estudio de las relaciones de estas áreas tan importantes en la cultura universal, que han tenido escaso cultivo. En el volumen, tras una introducción sobre el tema, se presenta, en primer lugar, una serie de aspectos generales sobre las relaciones del teatro con las ciencias y la ciencia ficción. Le siguen dos apartados, centrados tanto en las dramaturgias que suben al escenario piezas en español sobre el tema, así como en otras lenguas, en el siglo XXI. Un volumen muy novedoso en los estudios teatrales actuales.

**Flora y la vida en danza** Isabel Romero,2025-02-26 Nada parece suceder y, sin embargo, todo ocurre: el milagro de la vida se despliega en estas páginas junto a Flora, una tortuga que, en su aparente silencio, habla de nuestras emociones, nuestras limitaciones y nuestras posibilidades. Cuando una tortuga aparece llena de mugre junto a la rueda de un coche, la vida de la narradora da un giro inesperado. De entrada, la lleva al veterinario, le pone el nombre de Flora, la diosa romana de la primavera, y poco a poco empieza a indagar en el mundo de las tortugas. Con un caparazón que no la protege del miedo, Flora encarna la fragilidad, la resiliencia y las ganas de vivir en un entorno urbano que le resulta adverso. Su andar lento y su longevidad nos enseñarán el valor de la paciencia, el equilibrio y la conexión con lo esencial. En esta obra única, Isabel Romero entrelaza viajes, recuerdos, lecturas y reflexiones para explorar las profundas conexiones de los seres vivos, así como las interacciones de la naturaleza. Las tortugas, cargadas de simbolismo, se convierten en el centro de una historia que celebra la lentitud y la atención conscientes. Una invitación a descubrir cómo un pequeño animal puede reflejar lo que somos, marcar nuestro camino y enseñarnos a vivir con más presencia, paciencia y asombro.

*Guerras de soledad, soldados de infamia. Representaciones de combatientes irregulares, clandestinos o mercenarios en la literatura española* Eva María Flores Ruiz ,Fernando Durán López ,Pedro Ruiz Pérez,Adrián J. Sáez,Ana Isabel Martín

Puya, Salvador García Castañeda, Pascual Riesco Chueca, Enrique Rubio Cremades, Carlos Píriz González, José Jurado Morales, Emilio Peral Vega, Antonio Calvo Maturana, 2019-02-19 Guerras de soledad propone un recorrido por la representación en las letras españolas de personajes que se alejan de retóricas bélicas y patriotismos al uso: guerrilleros, mercenarios, maquis, espías, quintacolumnistas, desertores, proscritos, renegados, traidores y conspiradores, desfilan por estas páginas para poner en el punto de mira sus guerras pequeñas, secretas, perdidas, privadas o fingidas. Es un itinerario en doce calas -de la mano de autores tan diversos como Cervantes, Comella, Galdós o Isaac Montero- que se presenta como viaje ilustrativo, y ordenado de menos irregularidad a más, por esas contiendas codificadas en renglones torcidos y que por tanto, e independientemente de su momento histórico, tienen en común el ser libradas -ajenas al mármol de la historia- por unos soldados resignados a la soledad y a la infamia.

**Teselas literarias actuales** José Romera Castillo, 2023-04-17 Los estudios sobre la teoría literaria, la literatura y el teatro españoles han sido unas líneas básicas de investigación del profesor José Romera Castillo a través de una dilatada y fructífera trayectoria docente e investigadora. En este volumen, Teselas literarias actuales, se recogen unos trabajos que proporcionan el perfil de sus investigaciones en torno a la literatura generada y recepcionada en la época de hoy y que, a su vez, sirven para iluminar los temas tratados. Tras situar el volumen en las líneas de trabajo del Centro de Semiótica Literaria, Teatral y Nuevas Tecnologías, dirigido por él, los veintidós capítulos que lo articulan están referidos a varios temas: sobre Poesía (con examen de las raíces de la poesía visual, Berceo desde la perspectiva de hoy, así como de poetas actuales); Narrativa (con estudios sobre la novela histórica, C. J. Cela, Almudena Grandes y el cuento); Escritura autobiográfica (con la atención centrada en Juan Ramón, las mujeres del exilio y antifranquistas, Miguel Delibes, Miguel Torga); Otros estudios (sobre el ámbito semiótico y algunas de sus realizaciones); finalizando con una serie de homenajes a destacados hispanistas, así como agradeciendo los homenajes recibidos. Un ramillete de estudios pleno de rigor y novedad de gran interés para los estudiosos y amantes de la literatura.
