Included are church and county courthouse records, deeds, marriages, rent rolls, wills, land records, tombstone inscriptions, censuses, directories, and other data sources.

The Canadian Honours System Christopher McCreery,2015-11-28 This updated, full-colour illustrated book recounts the history of Canada's various national orders, decorations, and medals. This expanded and updated edition of The Canadian Honours System surveys the history of Canada's various orders, decorations, and medals, from New France's Croix de St. Louis, Britain's the Order of the Bath, to modern Canadian honours such as the Sacrifice Medal and recently created Polar Medal. Since the establishment of the Order of Canada in 1967, the Canadian honours system has grown to become one of the most comprehensive in the world — with more than 300,000 Canadians having been rewarded over the past fifty years. Each honour in the modern Canadian honours system, and its precursor, the British imperial honours system, is examined here in detail, including historical background, design, and criteria for bestowal. With special chapters on heraldry, protocol, and the proper mounting and wearing of medals, The Canadian Honours System is an essential reference for anyone interested in Canadian honours.

English, Irish, & Scottish Silver at the Sterling and Francine Clark Art Institute Sterling and Francine Clark Art

Institute, Beth Carver Wees, 1997 In this stunning catalog, Wees, curator of decorative arts at the Clark Art Institute, shares her extensive knowledge of silver. Robert Sterling Clark, who established the Art Institute in 1955, preferred Huguenot silver? especially that of Paul de Lamerie? so his collection, which contains typical objects from the early 16th to the mid-20th centuries, is especially rich in 18th-century examples. Wees arranges this collection according to general function (Dining, Lighting, etc.) and prefaces each chapter with exhaustively footnoted essays. She accompanies each item with crisp black-and-white photographs, a wealth of description, and helpful commentary. Analogous to Kathryn Buhler's standard catalog of American silver in Boston's Museum of Fine Arts, this is a wonderful tool for researching makers and hallmarks, comparing stylistic elements, or just marveling at the beauty of an extraordinary collection. While not intended to be a historical compendium, this informative, visual feast belongs in all silver reference collections and will also certainly appeal to individual collectors. 19 colour & 1,222 b/w illustrations
