Chernobyl: The Rest Of The Story Edward A. Warman,2021-08-10 Chernobyl: The Rest of the Story This book is intended to serve as a fact-based sourcebook on the Chernobyl disaster. It covers the accident, its causes and effects – especially the radiological consequences, including the health effects, and the international assistance to enclose the radioactive remains in a safe state. Above all else, it provides reliable information and data for both the specialist and layperson alike. Special attention is devoted to the health effects, which were dramatized in the recent made for TV miniseries' Chernobyl', and likely dominate most people's knowledge of the disaster. A significant part addresses the fate of the 'Liquidators' who cleaned up the mess. Considerable information and data are included on what was released in the accident and what remains (what is referred to as the Fuel Containing Material) that needs to be kept safely for a very long time. It is comprised of a compendium of excerpts from cited authoritative published reports and journal articles, quoted without alteration, and brief summaries of the development and implementation of the Shelter Implementation Plan leading to the New safe Confinement. Some informed perspectives and editorial observations are included based on a quarter century personal involvement in the international community response to Chernobyl's challenges.

Riding for the Brand Jim Whitt,2005-06 Riding for the Brand is a western that's set in the future. It's a short novel about leadership, human motivation and change. The story revolves around two men: Bob Fooshee, a freelance writer, and Burns Marcus, a rancher who builds a business empire. The year is 2030, and Fooshee is dispatched by a magazine to write about Marcus, whose ranch was near bankruptcy 25 years earlier. It was then that Marcus, searching for answers, attended the cattlemen's convention in San Antonio and heard a speaker who provoked him to radically change the way he approached his business. This was the catalyst that led Marcus to start Diamond Enterprises, which becomes the model organization of the 21st century. While interviewing Burns at his ranch in Oklahoma, Bob rides pasture, ropes a few steers and discovers the key to Burns Marcus' success - the power of purposeful leadership.
