The Tainted Khan Taran Matharu,2025-04-22 The next installment in New York Times bestselling author Taran Matharu's *Soulbound Saga*--a thrilling cultivation and progression epic fantasy series--continuing the harrowing journey of

Jai as he navigates returning to his own people, growing in his magic and as a warrior, fending off attacks both without and within...and, of course, bonding even more with his dragon! Jai dreams of being a dragon rider. He dreams of freedom from the Sabine Empire and a world in which he can lead his people, the Kidara, to freedom. But even though he has his dragon, Winter, she is still growing, just as he's still growing in his own power. And the road to victory is even more fraught than he had hoped. Because even when he finds a tribe on the Great Steppe, they are not his people. More, they are outcasts, the Tainted, and he finds that he knows little of the customs and political intricacies that take place in these vast grasslands. He is a stranger amongst his own kind, and that is even more apparent when he reunites with the Kidara, for Jai's uncle rules, and is loath to cede power to his nephew. And even if Jai was sure he could take the reins of the leadership, he isn't sure he could actually hold them. But the legionaries and Gryphon Guard of the Sabine Empire are wreaking havoc against the other tribes of the Great Steppe, and Jai is forced to learn a lifetime's worth of knowledge in a matter of months. From taming the massive khiroi that make up the tribe's calvary, to levelling up his magic, to becoming a true warrior, worrying over the fate of the woman he loves, and strengthening his bond with Winter, Jai is a dragon rider with a massive weight on his young shoulders. And his greatest hope is that the shoulders of Winter will soon be strong enough to help carry him.

Dragon Rider Taran Matharu, 2024-04-23 New York Times bestselling author Taran Matharu's debut adult fantasy series introduces an immersive story written in the tradition of the viral cultivation genre. Discover a rich world of magic, warriors, and dragons, in which a fearless orphan and an ambitious handmaiden flee from the empire that would imprison them, with a dream to return to their homelands and a determination that's unbreakable... Can an orphan captive learn the secrets of the Dragon Riders to stand up and avenge his people? Jai lives as a royal hostage in the Sabine Court—ever since his father Rohan, leader of the Steppefolk, led a failed rebellion and was executed by the very emperor Jai now serves. When the emperor's son and heir is betrothed to Princess Erica of the neighboring Dansk Kingdom, she brings with her a dowry: dragons. Endemic to the northern nation, these powerful beasts come in several forms, but mystery surrounds them. Only Dansk royalty know the secret to soulbonding with these dangerous beasts to draw on their power and strength. This marriage—and the alliance that forms—will change that forever. But conspirators lurk in the shadows, and soon the Sabine Court is in chaos. With his life in danger, Jai uses the opportunity to escape with the Dansk handmaiden, Frida, and a stolen hatchling. Hunted at every turn, he must learn to cultivate magic and become a soulbound warrior if he has any chance of finding safety, seizing his destiny...and seeking his revenge.

Books and Social Media Miriam J. Johnson, 2021-07-29 Social media and digital technologies are transforming what and how we read. Books and Social Media considers the way in which readers and writers come together in digital communities to discover and create new works of fiction. This new way of engaging with fiction stretches the boundaries of what has been considered a book in the past by moving beyond the physical or even digitally bound object to the consideration of content,

containers, and the ability to share. Using empirical data and up-to-date research methods, Miriam Johnson introduces the ways in which digitally social platforms give rise to a new type of citizen author who chooses to sidestep the industry's gatekeepers and share their works directly with interested readers on social platforms. Gender and genre, especially, play a key role in developing the communities in which these authors write. The use of surveys, interviews, and data mining brings to the fore issues of gender, genre, community, and power, which highlight the push and pull between these writers and the industry. Questioning what we always thought we knew about what makes a book and traditional publishing channels, this book will be of interest to anyone studying or researching publishing, book history, print cultures, and digital and contemporary literatures.
