

Blacklisting During The Red Scare

Bernard Gordon

American Blacklist Robert Justin Goldstein, 2008 The first book to fully chronicle the origins, evolution, and demise of the McCarthy-era program known as the Attorney General's List of Subversive Organizations--originally conceived to ferret out disloyal federal employees but wielded as a controversial weapon that threatened the constitutional rights of ordinary citizens.

Red Scare Clay Risen, 2025-03-18 From an award-winning historian and New York Times reporter comes the timely story about McCarthyism that both “lays out the many mechanisms of repression that made the Red Scare possible...[and] describes how something that once seemed so terrifying and interminable did, in fact, come to an end” (The New Yorker)—based in part on newly declassified sources. Now, for the first time in a generation, Clay Risen delivers a narrative history of the anti-Communist witch hunt that gripped America in the decade following World War II. This period, known as the Red Scare, was an outgrowth of the conflict between social conservatives and New Deal progressives, and the terrifying onset of the Cold War. Marked by an unprecedented degree of political hysteria, this was a defining moment in American history, completely unlike any that preceded it. Drawing upon newly declassified documents and with “scenes are so vivid that you can almost feel yourself sweating along with the witnesses” (The New York Times Book Review), journalist Clay Risen recounts how politicians like Joseph McCarthy, with the help of an extended network of other government officials and organizations, systematically ruined thousands of lives in their deluded pursuit of alleged Communist conspiracies. Beginning with the origins of the era after WWI through to its conclusion in 1957, Risen brings to life the politics, patriotism, courage, and delirium of those years. *Red Scare* takes us beyond the familiar story of McCarthyism and the Hollywood blacklists and toward a fuller understanding of what the country went through at a time of moral questioning and perceived threat from the Left, and what we were capable of doing to each other as a result. “Thorough, impassioned...detailed, [and] tension-packed” (Los Angeles Times), *Red Scare* reveals an all-too-familiar pattern of illiberal conspiracy-mongering and political and cultural backlash that speaks directly to the antagonism and divisiveness of our contemporary moment.

The Hollywood Blacklist Ethan Parker, AI, 2025-02-24 The Hollywood Blacklist explores a dark period in American history when political paranoia gripped Hollywood. During the Cold War, accusations of communist sympathies led to a systematic persecution of filmmakers and actors, impacting artistic freedom and cultural expression. The book highlights

how quickly fear can be weaponized to suppress dissent, using the House Un-American Activities Committee (HUAC) as an instrument of political repression. It details the devastating consequences for those accused, revealing the fragility of careers and the silencing of creative voices. The book meticulously examines the historical context, the mechanics of the blacklist, and its long-term effects. Beginning with the rise of anti-communism in post-World War II America, it progresses through the HUAC hearings and individual case studies of blacklisted individuals. By incorporating personal accounts, historical documents, and film analyses, the book provides an immersive investigation into the era, distinguishing itself through in-depth analysis of previously unexamined primary sources. Ultimately, *The Hollywood Blacklist* serves as a cautionary tale about the dangers of political extremism and the need for vigilance in protecting civil liberties. It analyzes the blacklist's lasting impact on the film industry, including its influence on storytelling and censorship, while also exploring the slow dismantling of the blacklist and the eventual rehabilitation of some victims.

Film Criticism, the Cold War, and the Blacklist Jeff Smith, 2014-03-26 *Film Criticism, the Cold War, and the Blacklist* examines the long-term reception of several key American films released during the postwar period, focusing on the two main critical lenses used in the interpretation of these films: propaganda and allegory. Produced in response to the hearings held by the House Committee on Un-American Activities (HUAC) that resulted in the Hollywood blacklist, these films' ideological message and rhetorical effectiveness was often muddled by the inherent difficulties in dramatizing villains defined by their thoughts and belief systems rather than their actions. Whereas anti-Communist propaganda films offered explicit political exhortation, allegory was the preferred vehicle for veiled or hidden political comment in many police procedurals, historical films, Westerns, and science fiction films. Jeff Smith examines the way that particular heuristics, such as the mental availability of exemplars and the effects of framing, have encouraged critics to match filmic elements to contemporaneous historical events, persons, and policies. In charting the development of these particular readings, *Film Criticism, the Cold War, and the Blacklist* features case studies of many canonical Cold War titles, including *The Red Menace*, *On the Waterfront*, *The Robe*, *High Noon*, and *Invasion of the Body Snatchers*.

Conspiracy in the Literary World Pasquale De Marco, 2025-07-06 **Conspiracy in the Literary World** is a fascinating and thought-provoking exploration of the hidden world of conspiracy and intrigue that lies beneath the surface of literature. From the secret messages hidden in classic works of literature to the shadowy organizations that are said to control the publishing industry, this book investigates the evidence for and against some of the most famous and controversial literary conspiracies of all time. We will examine the claims that the CIA funded the Beat Generation, that J.K. Rowling's *Harry Potter* series is a thinly veiled allegory for the occult, and that the JFK assassination was predicted in the novels of Stephen King. We will also explore the role of secret societies in literature, from the Freemasons to the Illuminati, and the impact of literary conspiracies on our culture. We will see how these claims have been used to censor books, silence authors, and even shape

our understanding of history. Whether you believe in literary conspiracies or not, there is no denying that they are a fascinating and thought-provoking subject. So sit back, relax, and prepare to enter the world of literary conspiracy. This book is perfect for fans of conspiracy theories, literature, and history. It is also a great read for anyone who is interested in the darker side of the publishing industry. If you like this book, write a review on google books!

The Final Victim of the Blacklist Gerald Horne, 2006 John Howard Lawson was one of the most brilliant, successful, and intellectual screenwriters on the Hollywood scene in the 1930s and 1940s. This biography of Lawson features many of his prominent friends and associates, including John Dos Passos, Theodore Dreiser, F Scott Fitzgerald, Charles Chaplin, Gene Kelly, Edmund Wilson, and others.

The SAGE Encyclopedia of Journalism Gregory A. Borchard, 2022-01-28 Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted. This set covers all significant dimensions of journalism, such as print, broadcast, and Internet journalism; U.S. and international perspectives; and history, technology, legal issues and court cases, ownership, and economics. The encyclopedia consists of signed entries from scholars, experts, and journalists.

Hollywood Exile, or How I Learned to Love the Blacklist Bernard Gordon, 2013-04-15 In this memoir, the American screenwriter recounts his time spent on the Hollywood blacklist in the mid-twentieth century. The Hollywood blacklist, which began in the late 1940s and ran well into the 1960s, ended or curtailed the careers of hundreds of people accused of having ties to the Communist Party. Bernard Gordon was one of them. In this highly readable memoir, he tells an engrossing insider's story of what it was like to be blacklisted and how he and others continued to work uncredited behind the scenes, writing and producing many box office hits of the era. Gordon describes how the blacklist cut short his screenwriting career in Hollywood and forced him to work in Europe. Ironically, though, his is a success story that includes the films *El Cid*, *55 Days at Peking*, *The Thin Red Line*, *Krakatoa East of Java*, *Day of the Triffids*, *Earth vs. the Flying Saucers*, *Horror Express*, and many others. He recounts the making of many movies for which he was the writer and/or producer, with wonderful anecdotes about stars such as Charlton Heston, David Niven, Sophia Loren, Ava Gardner, and James Mason; directors Nicholas Ray, Frank Capra, and Anthony Mann; and the producer-studio head team of Philip Yordan and Samuel Bronston. "Gordon's story is one of triumphing over adversity, as he managed to make a decent living and live a rather exotic life peopled with colourful characters, while maintaining his moral integrity. It's an inspiring, fascinating read." —Reel Ink "Gordon never pulls his punches in this anecdotal autobiography, filled with intimate details and vivid novelistic passages. A born storyteller, he writes with warmth and humor, and there's an emotional edge to his razor-sharp recall." —Publishers Weekly

Stay Tuned Christopher Sterling, John Michael Kittross, 2001-11-01 Since its initial publication in 1978, *Stay Tuned* has been recognized as the most comprehensive and useful single-volume history of American broadcasting and electronic media

available. This third edition has been thoroughly revised and updated to bring the story of American broadcasting forward to the 21st century, affording readers not only the history of the most important and pervasive institution affecting our society, but also providing a contextual transition to the Internet and other modern media. The enthusiasm of authors Christopher H. Sterling and John Michael Kittross is apparent as they lead readers through the development of American electronic mass media, from the first electrical communication (telegraph and telephone); through radio and television; to the present convergence of media, business entities, programming, and delivery systems, including the Internet. Their presentation is engaging, as well as informative, promoting an interest in history and making the connections between the developments of yesterday and the industry of today. Features of this third edition include: *chronological and topical tables of contents; *new material reflecting modern research in the field; *a new chapter describing historical developments from 1988 through to the current day; *an expanded bibliography, including Web site and museum listings; *an updated and expanded glossary and chronology; and *extensive statistical data of the development of television and radio stations, networks, advertising, programming, audiences, and other aspects of broadcasting. Designed for use in undergraduate and graduate courses on the history of American mass media, broadcasting, and electronic media, Stay Tuned also fits well into mass communication survey courses as an introduction to electronic media topics. As a chronicle of American broadcasting, this volume is also engaging reading for anyone interested in old radio, early television, and the origins and development of American broadcasting.

Censored Comedy Ethan Parker, AI, 2025-03-29 Censored Comedy explores the complex history of comedy censorship, examining how social norms, legal frameworks, and political climates have shaped what we're allowed to laugh at. The book reveals how changing attitudes towards sensitive topics like race and religion, along with the exercise of power by institutions, have influenced the reception and suppression of comedic expression. Understanding the history of comedy censorship means grasping free speech, defamation, and obscenity. The book chronicles landmark cases of comedic censorship across history, from ancient societies to the digital age. It analyzes early forms of suppression, the impact of mass media, and the rise of cancel culture, offering a balanced perspective on the ongoing debates surrounding offensive humor and free speech. The book draws upon diverse sources, including court transcripts and previously unexamined archives of banned films. This exploration of censored comedy is valuable for students of media studies, law, history, and anyone interested in the power of humor and free speech issues. It provides a framework for understanding comedic expression, navigating potentially offensive material, and understanding the complexities of free speech in the modern world. The book progresses chronologically, offering insights into how technology and evolving social norms continue to reshape the boundaries of acceptable comedy.

The Hollywood Motion Picture Blacklist Larry Ceplair, 2022-09-06 Seventy-five years ago, the Hollywood blacklist

ruined lives, stifled creativity, and sent waves of proscription and censorship throughout United States culture. When the Hollywood Ten refused to answer the questions of the House Committee on Un-American Activities about their membership in the Communist Party, they were sentenced to prison, the five who were under contract were fired by their studios, and all were blacklisted from reemployment until they purged themselves of their communist taint. By the 1950s, this blacklist publicly stigmatized nearly three hundred other Americans in the entertainment industry who invoked the First and Fifth Amendments in their refusal to apologize for their Communist ties or provide the names of other members. Dozens of others were graylisted as the result of rumors. The Hollywood Motion Picture Blacklist: Seventy-Five Years Later offers new insights on the origins of the blacklist, the characteristics of those blacklisted, and the probability of future proscriptions of the blacklist type. Author Larry Ceplair draws on previously published work while introducing new material to vigorously recount the events that took place between the US government, Hollywood unions, and motion picture studios. Ceplair thoroughly examines the role of Jewish identity in many anti-communist efforts—a concept that has never been fully examined by scholars—and analyzes the actions of subpoenaed witnesses who were forced to choose between cooperating with the House Committee or joining the blacklist. This fascinating book is an illuminating examination of a dark period in American history and the fragility of our rights to free speech and due process.

Hollywood's Blacklists Reynold Humphries, 2008-09-10 'Are you now or have you ever been a member of the Communist Party?' That question was to be repeated endlessly during the anti-Communist investigations carried out by the House Committee on un-American Activities (HUAC) in the early 1950s. The refusal of ten members of the film industry to answer the question in 1947 led to the decision by studio bosses to fire them and never to hire known Communists in the future. The Hearings led to scores of actors, writers and directors being named as Communists or sympathisers. All were blacklisted and fired. Hollywood's Blacklists is a history of the political and cultural factors relevant to understanding the why and the how of the various investigations of the alleged Communist infiltration of Hollywood. What was HUAC? What propaganda role did films play during World War II and the Cold War? What values were at stake in the confrontation between Left and Right that saw the former so resoundingly defeated and expelled from Hollywood? Answers to these and other questions are offered via analyses of the motives of the various players and of the tactics deployed by HUAC to reward collaboration and punish dissent.

Encyclopedia of journalism. 6. Appendices Christopher H. Sterling, 2009-09-25 The six-volume Encyclopedia of Journalism covers all significant dimensions of journalism including: print, broadcast and Internet journalism; US and international perspectives; history; technology; legal issues and court cases; ownership; and economics.

Workers in America Robert E. Weir, 2013-01-08 This encyclopedia traces the evolution of American workers and labor organizations from pre-Revolutionary America through the present day. In 2001, Robert E. Weir's two-volume Historical

Encyclopedia of American Labor was chosen as a New York Public Library Best in Reference selection. Weir recently revised this groundbreaking resource, resulting in content that is more accessible, comprehensive, and timely. The newest edition, *Workers in America: A Historical Encyclopedia*, features updated entries, recent court cases, a chronology of key events, an enriched index, and an extensive bibliography for additional research. This expansive encyclopedia examines the complete panorama of America's work history, including the historical account of work and workers, the social inequities between the rich and poor, violence in the Labor Movement, and issues of globalization and industrial economics. Organized in two volumes and arranged in A-Z order, the 350 entries span key events, collective actions, pivotal figures, landmark legislation, and important concepts in the world of labor and work.

Satan's Socialists, Communists, and Blacklist The Minister of Truth, Communism is the history lesson to be garnered from the 20th century. First burned into the history books from Germany, France, and key American capitalists, it cast its dark shadows over the Soviet Empire and Asia to engulf about a third of the world's population. During a White House meeting regarding ISIS, after calling Nancy Pelosi a third rate politician, President Donald Trump stated that the Kurds were Communists, and all the Democrats must be incredibly pleased about that. Trump labeling the entire Democrat Party as Communists was not carried by the mainstream media. The White House stated that, over the last 100 years, totalitarian Communist regimes around the world have murdered more than 100 million and exposed countless more to violence, exploitation, and devastation. Using the pretense of liberation, Communist rulers robbed populations of their rights of free worship, freedom of association, and other rights we in the United States deem sacrosanct. Citizens, promised freedom, instead found themselves subjugated through fear, violence, and torture. Obama talked about growing the "Movement in college. It was all about, for Obama, collectivism, and wealth redistribution, which would net him and his wife \$100 million over 10 years. The classic institutional gangsterism, rob from the poor and the middle class and give it to the rich Communist leaders, has been a theme of Communism for every major Communist movement and country in the world. Communists now lead the Democrat Party, if not the Deep State.. Let's take a close look at its history and methods and why you and your family will always be under attack as Americans. Let's see who falls on the "Blacklist."

Black Hollywood Kimberly Fain, 2015-06-30 This thought-provoking work examines the dehumanizing depictions of black males in the movies since 1910, analyzing images that were once imposed on black men and are now appropriated and manipulated by them. Moving through cinematic history decade by decade since 1910, this important volume explores the appropriation, exploitation, and agency of black performers in Hollywood by looking at the black actors, directors, and producers who have shaped the image of African American males in film. To determine how these archetypes differentiate African American males in the public's subconscious, the book asks probing questions—for example, whether these images are a reflection of society's fears or realistic depictions of a pluralistic America. Even as the work acknowledges the

controversial history of black representation in film, it also celebrates the success stories of blacks in the industry. It shows how blacks in Hollywood manipulate degrading stereotypes, gain control, advance their careers, and earn money while making social statements or bringing about changes in culture. It discusses how social activist performers—such as Paul Robeson, Sidney Poitier, Harry Belafonte, and Spike Lee—reflect political and social movements in their movies, and it reviews the interactions between black actors and their white counterparts to analyze how black males express their heritage, individual identity, and social issues through film.

The Other Blacklist Mary Helen Washington, 2014-04-08 Mary Helen Washington recovers the vital role of 1950s leftist politics in the works and lives of modern African American writers and artists. While most histories of McCarthyism focus on the devastation of the blacklist and the intersection of leftist politics and American culture, few include the activities of radical writers and artists from the Black Popular Front. Washington's work incorporates these black intellectuals back into our understanding of mid-twentieth-century African American literature and art and expands our understanding of the creative ferment energizing all of America during this period. Mary Helen Washington reads four representative writers—Lloyd Brown, Frank London Brown, Alice Childress, and Gwendolyn Brooks—and surveys the work of the visual artist Charles White. She traces resonances of leftist ideas and activism in their artistic achievements and follows their balanced critique of the mainstream liberal and conservative political and literary spheres. Her study recounts the targeting of African American as well as white writers during the McCarthy era, reconstructs the events of the 1959 Black Writers' Conference in New York, and argues for the ongoing influence of the Black Popular Front decades after it folded. Defining the contours of a distinctly black modernism and its far-ranging radicalization of American politics and culture, Washington fundamentally reorients scholarship on African American and Cold War literature and life.

Broadway and the Blacklist K. Kevyne Baar, 2019-02-04 During the era often commonly known as McCarthyism, many motion picture and television creators were blacklisted for supposed communist ties. There remained, however, a creative outlet that still welcomed these artists—theatre. This book explores the role theatre played during this turbulent period, covering the formation of the Theatre Guild (which birthed the Group Theatre), the short-lived Federal Theatre Project, and the investigations of the motion picture and television industries, and Broadway, by the House Un-American Activities Committee (HUAC). Appendices discuss McCarthy's role and present the memos of investigator Dolores Faconti Scotti, along with a list of prominent witnesses in HUAC's Broadway hearings, and reactions by artists' unions in the decades following the blacklist.

Tinseltown Unmasked: Hollywood's Blacklist Revisited Pasquale De Marco, 2025-05-08 ****Tinseltown Unmasked: Hollywood's Blacklist Revisited**** is a comprehensive exploration of the Hollywood blacklist, a dark period in American history when hundreds of actors, writers, directors, and other entertainment professionals were blacklisted for their alleged

communist sympathies. Drawing on extensive research and interviews with blacklisted individuals, ****Tinseltown Unmasked: Hollywood's Blacklist Revisited**** provides a nuanced and multifaceted account of the blacklist, examining its causes, its impact, and its legacy. The book begins by exploring the origins of the blacklist in the Cold War climate of fear and paranoia. It then examines the role of the House Un-American Activities Committee (HUAC) in investigating alleged communist activity in Hollywood and the devastating impact the blacklist had on the entertainment industry. ****Tinseltown Unmasked: Hollywood's Blacklist Revisited**** also examines the personal toll the blacklist took on blacklisted individuals, many of whom were forced to leave Hollywood and saw their careers destroyed. The book also explores the role of the government, the media, and the public in the blacklist, and the ways in which the blacklist had a chilling effect on free speech. In the final chapters, ****Tinseltown Unmasked: Hollywood's Blacklist Revisited**** examines the legacy of the blacklist and its continuing relevance to contemporary issues. The book argues that the blacklist is a reminder of the dangers of political extremism and the importance of free speech. It also argues that the blacklist is a story of courage and resilience, of individuals who stood up for their beliefs in the face of adversity. ****Tinseltown Unmasked: Hollywood's Blacklist Revisited**** is a valuable resource for anyone interested in the Hollywood blacklist, the Cold War, or American history. It is a well-written and engaging book that sheds light on a dark period in American history and provides a better understanding of its causes and consequences. If you like this book, write a review on google books!

The Unseen Struggle: Unveiling the Hidden History of Anticommunism in America Pasquale De

Marco, 2025-07-14 Anticommunism has been a powerful force in American history, shaping everything from foreign policy to domestic politics to cultural values. But what is anticommunism, and how has it affected the United States? In this groundbreaking book, Pasquale De Marco explores the history of anticommunism in America, from its roots in the early 20th century to its resurgence in recent years. Pasquale De Marco argues that anticommunism is not simply a reaction to the threat of communism, but a complex ideology that has been used to justify a wide range of political, economic, and social policies. Pasquale De Marco shows how anticommunism has been used to justify everything from the Palmer Raids and the McCarthy hearings to the Vietnam War and the War on Terror. Pasquale De Marco also examines the impact of anticommunism on American society, both positive and negative. Pasquale De Marco argues that anticommunism has led to a decline in civil liberties, a rise in political repression, and a climate of fear and suspicion. But Pasquale De Marco also shows that anticommunism has had some positive effects. For example, anticommunism helped to unite Americans against a common enemy during the Cold War. It also led to the development of new technologies and industries, such as the computer and the internet. Pasquale De Marco concludes that anticommunism is a complex and contradictory ideology that has had a profound impact on American history. Pasquale De Marco calls for a more nuanced understanding of anticommunism, one that recognizes both its positive and negative effects. ****The Unseen Struggle**** is a must-read for anyone who wants to

understand American history and the forces that have shaped it. If you like this book, write a review!
