**Raising Conservative Kids in a Woke City** Stacy Manning, Katy Faust, 2023-09-26 In *Raising Conservative Kids in a Woke City*, two moms living in the bluest of cities offer practical guidance, parenting strategies, and humorous commentary to help parents immunize their children against Woke infection. In whichever zip code or tax bracket you dwell, there's hope for parents who seek to indoctrinate their kids into conservatism—that is, kids who understand historical, economic, and biological reality. This book coaches parents in the how, when, and who of teaching children to think about the world rightly. The authors identify principles and processes that walk the line between protection and exposure, sheltering and equipping. They also share real-life stories of kids who have effectively pushed back against aggressive adults, stood against the crowd, and won conservative converts. If two moms sending their kids to public school in Seattle can raise conservative kids, you can too.

*Pro-Child Politics* Katy Faust, 2024-09-24 In *Pro-Child Politics*, Katy Faust has mobilized a collection of experts who apply her children-before-adults approach to their areas of expertise. From porn to debt, foreign policy to religious liberty, each chapter explains how a child-first approach isn't just nice—it's a necessity. Contributors explain how the needs of children are being ignored and propose practical, bold reforms that will ensure the next generation will not only survive, but thrive. That every adult prioritizes the rights and well-being of children above their own self-interest. Because the only alternative is for children to sacrifice for adults. And that is a world characterized not only by damaged children, but widespread injustice. No other book on your shelf spans the topics covered in this collection. The diverse subjects addressed in these pages share one commonality: when we believe lies, children are victimized. Pro-Child Politics strips away the thin veneer of adult talking points to spotlight the most overlooked constituency: our children.

**Apologetics for an Ever-Changing Culture** Sean McDowell, 2025-01-07 Sharing the Gospel Amid Today's Most Pressing Challenges and Questions In a culture whose needs and obstacles to faith are continuously shifting, Christians are wise to ask themselves: How do we share and defend the gospel with relevance for today? Apologetics for an Ever-Changing Culture is a practical how-to guide for conveying and upholding the Christian faith in our contemporary cultural context. With contributions from 23 leading voices in Christian apologetics and six in-depth expert interviews, this empowering resource addresses both classic and new apologetics issues, helping you engage confidently with non-Christians with guidance from a diverse group of seasoned apologists converse biblically and effectively on pressing issues including the mental health crisis, contemporary critical theory, deconstruction, gender narratives, and more learn practical skills for defending the faith online, teaching apologetics to the next generation, doing apologetics in the church, and helping people through doubt Suitable for both individual and group study, this relationally-driven guide will help you honor God and love others better as you engage today's issues with truth, wisdom, and compassion.

Woke Parenting Faith G. Harper, Bonnie Scott, MS, MA, LPC, 2021-10-26 How do you raise your kids to be feminist, anti-racist, gender-inclusive, self-compassionate, and with strong respect for boundaries and consent in a society that offers mixed messages on all these things—especially when none of this was part of your own upbringing? How can you prepare the next generation to find joy and stability and also cope with economic instability, police brutality, political polarization, militant nationalism, and environmental disaster? Parents and therapists Dr. Faith Harper and Bonnie Scott have written a parenting guide for the 21st century. Drawing from their own experiences raising diverse, politically-active young people, this book will help you raise a new generation of civil rights leaders and activists who will change the world for the better—all while maintaining your own separate identity and relationships, and without losing your mind.

*Them Before Us* Katy Faust, Stacy Manning, 2021-02-23 What would happen if every conversation about marriage and family respected the rights of children? In this age of information, it seems nearly every source is telling you the opposite of what you know in your heart--that something's gone terribly wrong with the very foundation of our society, and children are bearing the brunt. A children's rights movement is the cure, and here is the field guide required to wage the battle. This book

provides the thousand-foot-view of our troubles, and the practical ways each of us can make a difference for the children in our own lives and society at large.

**Thats Crap and You Know It** Dee Ann Campbell,Kristen Campbell,2011-04-26 The title of this book may have caused you to raise your eyebrows just a little, but since you are reading this, it must have also caused you to pick it up to learn more. But it should cause you to do much more than that. It should cause you and the others who will read these chapters to think, to be concerned, and to act. That's Crap and You Know It: How to Raise Conservative kids to Stand Against Liberalism is a challenge to conservative parents to get active, to get aggressive, and to get busy in order to raise their children to carry the conservative torch into the future. It is the call to imperative action – an action to show our kids what we believe as conservatives and why we believe it. The eleven chapters in this book set down what we know to be proven ways to raise kids who are certain and outspoken about their conservative beliefs. Through these pages, parents are shown how to promote political involvement within their kids, to teach them to use their voices in the ballot box and on the courthouse square, and to know the truth about our American history, our heritage, and the conservative principles that have made our nation the greatest on earth. Most importantly of all, this book is a call for parents to empower their kids, to give them license to speak out and to stand up – even when the liberal world tries to silence them with lies, name-calling, and an agenda that is vast and powerful. It is, if you will, a call to teach our conservative kids to respond to the liberal progressive agenda with those six little words that say it all... “That’s crap, and you know it”.

**Liberty Lane** Josh Bansal,Amalia Halikias,2019-03-05 Parents across America are concerned and they should be. Today's children's book market is saturated with progressive messaging and pre-packaged talking points. The goal of the Liberty Lane book series is to provide parents and kids a launch pad for conversations about principles. Rather than push a divisive agenda, Liberty Lane promotes values all conservatives share: hard work, personal responsibility, tradition, humility, and patriotism.
