Human Resources Disputes and Resolutions Harry Sherrard, 2007 What is the procedure if an employee calls in sick but is later spotted in the park playing with his children? Employers may think they have grounds to serve a warning, but would they be within their rights to do so? Harry Sherrard, a successful employment law solicitor, identified the need for HR professionals and line managers to understand the legal rules and procedures when dealing with workplace disputes and dilemmas. He and his colleagues created training workshops that offered more than the usual dry handling of the subject by encouraging delegates to share their experiences of workplace disputes or 'headaches', and participate in lively discussion to generate practical and legal resolutions. Presented as a series of thought-provoking case studies, Human Resource Disputes & Resolutions is a compilation of some of the most common headaches discussed in the workshops. Using a questions and answers format, Sherrard provides a legal analysis to each incident and a resolution that is practical in application. Varying from mild to extreme cases, this unique book is an indispensable learning opportunity for both beginners and those with experience within employment law.

A Guide to Coaching and Mental Health Andrew Buckley, Carole Buckley, 2012-11-12 It is vital that coaches have the ability to recognise mental health problems in their clients, enabling them to make an informed decision about whether coaching is appropriate. A Guide to Coaching and Mental Health provides an indispensable introduction to the assessment of psychological issues in the context of coaching. Divided into three sections, the book covers all the legal, ethical and practical considerations. Section one, Working on the Boundary, starts by exploring the distinction between normal and abnormal behaviour. In section two, What's Being Said, the authors introduce fictional case studies, which cover a range of possible mental health issues from mild depression and anxiety, through to psychoses and potentially life threatening problems. Section three, Categories of Mental Illness, guides the reader through the definition and management of the more common mental health problems. This accessible and jargon-free guide to identifying mental illness will prove invaluable for coaches and other related professionals, whatever their level of experience.

The Southern Colonies in the Seventeenth Century, 1607--1689 Wesley Frank Craven, 2015-12-03 This book is Volume I of A HISTORY OF THE SOUTH, a ten-volume series designed to present a balanced history of all the complex aspects of the South's culture from 1607 to the present. Like its companion volumes, The Southern Colonies in the Seventeenth Century was written by an outstanding student of Southern history. In the America of the sixteenth and seventeenth centuries, just what was Southern? The first colonists looked upon themselves as British, and only gradually did those attitudes and traditions develop which were distinctively American. To determine what was Southern in the early colonies, Professor Craven has searched for those features of early American society which distinguished the South in later years and those features of early American history which help the Southerner to understand himself. The Chesapeake colonies—Virginia and Maryland—formed the first Southern community. These colonies grew out of the same interest which directed European imperialism toward Africa and the West Indies—notably the production of sugar, silk, wine, and tobacco. Craven studies the social, economic, and political development of the Southern colonies as the product of continuing European rivalries that resulted in the colonization of Carolina and Florida. Major emphasis, however, is placed upon British expansion, since Anglo-Saxon influence was dominant in the formation of the South as a region. Craven sees as crucial the middle period of the seventeenth century. Out of the political and social unrest which characterized these years emerged the points of view which gave shape to the American and the Southern tradition.

Pretoria Student Law Review 2021-15 Phenyio Nomasonto Morweši Sekati,2022-01-01 About the publication I am delighted to present to you, the reader, the fifteenth edition of the Pretoria Student Law Review (PSLR) with its Special Section on 'Social Justice and COVID-19'. This year's Annual Edition, together with the developments made during the year, is a testament to the growth, resilience, and adaptability of this student-driven initiative especially during these turbulent times. This year has also been one of reflection and remembrance as we publish this edition in tribute to the late Professor Christof Heyns whose instrumentality in the establishment of the Pretoria University Law Press (PULP) has brought us to where we are today. Fourteen years since its inception and the PSLR still continues to grow and evolve whilst remaining true to its thriving legacy in fostering excellence and innovation through legal writing. This publication's uniqueness is also presented through its diverse contributions all addressing contemporary societal and legal issues under a broad range of

legal disciplines. In an era of many continued 'firsts', the PSLR has strived to build on the legacy of its predecessors by expanding on the Journal's visibility and accessibility. The PSLR's digital presence has now grown substantially leading to an increase in quality submissions from institutions across the country. This year, the PSLR launched its first independent website and developed an official logo for the Journal and its online platforms. Authors are now able to submit their papers through the Open Journals System platform, track their workflow, manage their submissions, and submit at any time outside of the PSLR's official call for submissions. We can firmly submit that we have, in pursuance of being a DHET accredited journal, fulfilled the standards set out by the Department of Higher Education and Training. Many thanks are extended to Makone Maja for developing the website. Your patience, guidance, and geniality are truly appreciated. Thank you also to Jakolien Strydom and ClickCreate for your charitable assistance in developing and designing the logo. To the authors, this year has, in many respects, been challenging with many of those challenges affecting students directly. We appreciate the dedicated efforts put into your submissions and your wholehearted cooperation throughout the entire process. Much appreciation is also extended to the reviewers who have selflessly committed to assisting the PSLR during the peer-review process. To all of the reviewers, your input, guidance, and recommendations are greatly appreciated. Pheny Nomasonto Morwesi Sekati Editor-in-Chief 2020
