Henry's Sisters Cathy Lamb, 2009-07-28 An emergency homecoming forces three sisters to deal with issues they'd rather ignore in this touching novel by the author of *All About Evie*. Ever since the Bommarito sisters were little girls, their mother, River, has written them a letter on pink paper when she has something especially important to impart. This time, the message is urgent—River requires open-heart surgery, and Isabelle and her sisters are needed at home to run the family bakery and care for their brother and ailing grandmother. Isabelle has worked hard to leave Trillium River, Oregon, behind as she travels the globe taking award-winning photographs. Still, she and her sisters, Cecilia, an outspoken kindergarten teacher, and Janie, a bestselling author, share a deep, loving bond. And all of them adore their brother, Henry, whose disabilities haven't stopped him from helping at the bakery and bringing good cheer to everyone in town. But going home again forces open the secrets and hurts the Bommaritos would rather keep tightly closed—Isabelle's fleeting relationships, Janie's obsessive compulsive disorder, and Cecilia's plans to get even with her cheating ex-husband. Now, working together, Isabelle and her sisters begin to find answers to questions they never knew existed, unexpected ways to salve their childhood wounds, and the courage to grasp surprising new chances at happiness. As irresistible as one of the Bommaritos' giant cupcakes, *Henry's Sisters* is a novel about family and forgiveness, mothers and daughters—and gaining the wisdom to look ahead while still holding onto everything that matters most. "This finely pitched family melodrama is balanced with enough gallows humor and idiosyncratic characters to make it positively irresistible." —Publishers Weekly

School Libraries in a Time of Change Kathleen W. Craver,2019-08-01 By becoming practical futurists, school librarians can help their libraries not only to survive sweeping changes in education but to thrive. This book shows how to spot technological trends and use them to your library's advantage. During this time of rapid modernization of technology and educational reform, this book is a must-read for school librarians tasked with ensuring their libraries meet evolving standards. This title provides the research and organizational techniques and skills they need to gain seats at the table of the three power committees: technology, curricula, and strategic planning. School librarians need to collect and publicize national and local school-based evidence that shows the positive correlations between school librarians and student achievement. Craver notes correlative sources and provides ideas to employ them to ensure that school librarians remain indispensable. In addition, acquiring technological skills and becoming expert at their application are paramount for librarians. Even more important is the need for librarians to assume sole responsibility for designing and integrating information literacy and critical thinking skills throughout the curriculum. Craver analyzes studies that show students' inability to discern fact from fiction, ads from news, and information bias in electronic information sources and recommends six actions that school librarians take to ensure that they become active participants in their future rather than its victims.

Reading Novels During the Covid-19 Pandemic Ben Davies,Christina Lupton,Johanne Gormsen Schmidt,2022 Drawing on an ethnographic study of novel readers in Denmark and the UK during the Covid-19 pandemic, this book provides a snapshot of a phenomenal moment in modern history - showing what novels people turned to during the pandemic, how people experienced time during this period, and whether they chose to fill it with reading.

Prismatic Jane Eyre Matthew Reynolds,Andrés Claro,Annmarie Drury,Mary Frank,Paola Gaudio,Rebecca Ruth Gould,Jernej Habjan,Yunte Huang,Eugenia Kelbert,Ulrich Timme Kragh,Abhishek Jain,Ida Klitgård,Léa Rychen,Madli Kütt,Ana Teresa Marques dos Santos,Cláudia Pazos-Alonso,Eleni Philippou,Yousif M. Qasmiyeh,Céline Sabiron,Kayvan Tahmasebian,Giovanni Pietro Vitali,2023-11-14 *Jane Eyre*, written by Charlotte Brontë and first published in 1847, has been translated more than six hundred times into over sixty languages. *Prismatic Jane Eyre* argues that we should see these many re-writings, not as simple replications of the novel, but as a release of its multiple interpretative possibilities: in other words, as a prism. *Prismatic Jane Eyre* develops the theoretical ramifications of this idea, and reads Brontë's novel in the light of them: together, the English text and the many translations form one vast entity, a multilingual world-work, spanning many times and places, from Cuba in 1850 to 21st-century China; from Calcutta to Bologna, Argentina to Iran. Co-written by many

scholars, *Prismatic Jane Eyre* traces the receptions of the novel across cultures, showing why, when and where it has been translated (and no less significantly, not translated – as in Swahili), and exploring its global publishing history with digital maps and carousels of cover images. Above all, the co-authors read the translations and the English text closely, and together, showing in detail how the novel's feminist power, its political complexities and its romantic appeal play out differently in different contexts and in the varied styles and idioms of individual translators. Tracking key words such as 'passion' and 'plain' across many languages via interactive visualisations and comparative analysis, *Prismatic Jane Eyre* opens a wholly new perspective on Brontë's novel, and provides a model for the collaborative close-reading of world literature. *Prismatic Jane Eyre* is a major intervention in translation and reception studies and world and comparative literature. It will also interest scholars of English literature, and readers of the Brontës.

Authenticity across Languages and Cultures Leo Will, Wolfgang Stadler, Irma Eloff, 2022-11-10 This volume centres around concepts of personal and cultural authenticity as they play out in various contexts of foreign language teaching and learning worldwide. The chapters cover a wide range of contexts and disciplines, including both theoretical and empirical work; together they comprise both a rigorous analysis of authenticity in language teaching and a step away from notions of native-speakerism and cultural essentialism with which it is often associated. Written by a group of scholars working across several continents, the chapters offer diverse perspectives regarding the role language plays in processes of personal growth, learning, development, self-actualisation and power dynamics. The book addresses the theoretical and philosophical nature of authenticity while remaining grounded in the teaching and learning of languages, with authenticity viewed as a practical concern that guides our actions and beliefs. The book will be of interest to scholars, researchers and students of authenticity as well as foreign language teachers interested in the theoretical underpinnings of their practice.

In the Blink of an Eye Ali Bacon, 2018-04-11 In 1843, Edinburgh artist, David Octavius Hill, is commissioned to paint the portraits of 400 ministers who have broken away from the Church of Scotland. Only when he meets Robert Adamson, an early master of the new and fickle art of photography, does this daunting task begin to look feasible. Hill is soon bewitched by the art of light and shade. He and Adamson become the darlings of Edinburgh society, immortalising people and places with their subtle and artistic images. *In the Blink of an Eye* is a re-imagining of Hill's life in the words of those who were beguiled

by his artistry and charismatic charm. Tender, tragic and sometimes humorous, these voices come together in a story of art and science, love and loss, friendship and photography.

Literature and Social Media Bronwen Thomas, 2020-01-31 From Instapoetry to BookTube, contemporary literary cultures and practices are increasingly intertwined with social media. In this lively and wide-ranging study, Bronwen Thomas explores how social media provides new ways of connecting with and rediscovering established literary works and authors while also facilitating the emergence of unique and distinctive forms of creative expression. The book takes a 360° approach to the subject, combining analysis of current forms and practices with an examination of how social media fosters ongoing collaborative discourse amongst both informal and formal literary networks, and demonstrating how the participatory practices of social media have the potential to radically transform how literature is produced, shared and circulated. The first study of its kind to focus specifically on social media, *Literature and Social Media* provides a timely and engaging account of the state of the art, while interrogating the rhetoric that so often accompanies discussion of the 'new' in this context.
