Days of the Living Christ W. Cleon Skousen, 2018-12-21 No other life has had such an amazing impact upon the human race as did our Savior, Jesus Christ. From His birth in a humble stable until His death upon the cross of Golgotha, He left all of us simple teachings, direct commandments and profound doctrines which have altered the history of the world. He performed astounding miracles that left His disciples and other onlookers stunned and speechless. He condemned the hypocrisy of the religious leaders of the day, who would eventually conspire and arrange His death at the hands of the Romans. The culminating act of His ministry was the priceless gift of His eternal Atonement, which opened the floodgates of the resurrection, ending the final and icy grip of death upon all mankind. One day we too will participate in the glorious experience of the resurrection, when all tears will be dried and fears will cease. In a matter of just three years, His brief ministry changed the course of history. Gone was the harsh and rigid Mosaic law, replaced by the higher law of love for friends and enemies alike. His life is an example to all. All of these magnificent scriptural accounts and doctrines can be found within the pages of Days of the Living Christ.

### **Thoughts on the essence of Christ's atonement** William Froggatt, 1873

**Atonement at Ground Zero** Michael McNichols, 2012-05-18 An essential part of Christian orthodoxy is the belief that

Jesus died at a particular point in human history. But it is not that Jesus died that has caused Christians to grapple with their understanding of faith; it is why he died that creates the struggle. For centuries Christian thinkers have wrestled with the concept of the atonement. How the death of Jesus would result in the reconciling of the world to God is no simple puzzle. Yet, this complex topic is often viewed through certain doctrinal filters that reduce the richness of the atonement into single concrete, culturally based images. The New Testament, however, offers multiple metaphors in describing the atoning work of God in Christ. Returning to the stories of the earliest witnesses to Jesus' life, death, resurrection, and ascension--the ground zero of our faith--offers the opportunity to suspend, if only briefly, our doctrinal preferences and step into the shoes of those who saw Jesus die and later return to them as their resurrected Lord. In doing so, we open the possibility of seeing the atonement with fresh eyes, recognizing the broad reach of God's love and learning to communicate that love in new ways.

**Manual of the Christian Atonement** Thomas Lape,1851

**When I Survey the Wondrous Cross** Richard L. Floyd,2010-02-01 The essays that follow attempt to address the important issues that must be addressed if we are to speak about atonement in a manner that is faithful to the biblical narrative. Chapter One asks, Is substitutionary atonement biblical? Chapter Two rehearses the traditional problems associated with substitutionary atonement. Chapter three looks at the soteriology of P.T. Forsyth, and Chapter Four details his kenotic theory. Chapter Five addresses the problem of appropriation as expressed through the writings of Paul Fiddes, a contemporary theologian. Chapter Six summarizes what we have learned from the other essays and lays out how we might now speak about atonement. --From the Introduction

Christ's Doctrine of the Atonement George Smeaton,2014-08-31 In Christ's Doctrine of the Atonement, George Smeaton presents a thorough and illuminating study of Jesus' teachings on the central truth of Christianity—the atonement. Drawing solely from the sayings of Christ recorded in the Gospels, Smeaton carefully examines the necessity, nature, and far-reaching effects of the atonement, shedding light on the heart of the Christian faith. This work offers a comprehensive exploration of the doctrine, covering topics such as sin, covenant, redemption, and reconciliation, making it an invaluable resource for those seeking a deeper understanding of Christ's atoning work and its significance for the believer's life.

Excerpt: ... tice was unsheathed against the man who is Jehovah's fellow, and returned not to its scabbard till it had been bathed in the blood of Calvary. It may be deemed at variance with this view of the subject, that the redemption of man is sometimes in scripture ascribed simply to the blood of Christ, or to his death alone. But such language is not to be understood as limiting the atonement of Christ to the simple act of dying, or to those sufferings in which there was an effusion of literal blood. The bloody agony of the garden, and the accursed death of the cross were prominent and concluding parts of his sufferings, and, by a common figure, were fit representatives of the whole. They were the last portions, so to speak, the completion of his humiliation, without which all that went before must have been vain; and may be regarded as having procured salvation, in the same way as the last instalment of a sum which is paid by degrees, may be supposed to cancel the debt and procure a discharge. But, as when Christ is said to have been ' obedient unto death, ' we are to understand the phrase, not of a single act, but of the duration of his obedience throughout the whole period of his life, so may it be said that he suffered unto death, as expressive of the duration of his suffering throughout the whole of his earthly course. III. Yet is it not intended by these remarks to deny that a special importance attaches to the sufferings of Christ's soul, and of the concluding period of his life. It is impossible to peruse the scriptures attentively and not perceive that a special emphasis is put upon these. We are not to confine the matter of atonement to any one kind or degree of suffering; but as little are we at liberty to overlook the speciality that...

*Past Event and Present Salvation* Paul S. Fiddes,1989-01-01 How can an event that has taken place in the past have an effect upon the human experience of salvation in the present? In examining one of the essential questions of the Christian faith, Paul S. Fiddes explores the limits as well as the gains to be made in speaking about crucifixion as a historical event, and considers the relationship of the crucifixion to the continuing process of God's saving activity. He considers the relevance of a past act of atonement to such areas of practical experience as forgiveness, liberation, and suffering.

Christ Crucified Donald Macleod,2014-06-06 How could the life, let alone the death, of one man 2,000 years ago be the salvation of the human race? Donald Macleod explains the centrality of the atonement in Christian faith and experience, using seven key words to describe what happened on the cross: substitution, expiation, propitiation, reconciliation, satisfaction, redemption and victory.
