Dr. Seuss Philip Nel,2005-01-01 Philip Nel takes a fascinating look into the key aspects of Seuss's career - his poetry, politics, art, marketing, and place in the popular imagination. Nel argues convincingly that Dr. Seuss is one of the most influential poets in America. His nonsense verse, like that of Lewis Carroll and Edward Lear, has changed language itself, giving us new words like nerd. And Seuss's famously loopy artistic style - what Nel terms an energetic cartoon surrealism - has been equally important, inspiring artists like filmmaker Tim Burton and illustrator Lane Smith. --from back cover

Quotes to Inspire Elsinore Books,2020-04-13 With a carefully chosen quote for each day of the year, this book will be a constant source of inspiration, accompanying you through the depths of winter to starry summer nights, and on again to Christmas and the New Year. You'll encounter lines from novels, short stories, essays, journals, and poems, as well as zen-like meditations, and classic aphorisms. The quotes come from more than a hundred different authors—including many of the world's great literary figures. There are quotes to inspire courage: "The thing is—fear can't hurt you any more than a dream" (William Golding); ignite creativity: "The Possible's slow fuse is lit/ By the Imagination!" (Emily Dickinson); and enjoin us to action and goodness: "Do not act as if you were going to live ten thousand years. Death hangs over you. While you live, while it is in your power, be good" (Marcus Aurelius). You'll meet more playful inspiration in quotes from Douglas Adams and Dr. Seuss. And we've also found room for the kind of mystical reflections that poets such as Wallace Stevens so excelled in composing. In these quotes you'll find a wealth of wisdom distilled into a few choice words. But of course, it is not always the full picture—while the main aim of this collection is to offer day-by-day inspiration, we hope it will also be a springboard for discovering new writers. When you are inspired by a writer's words, we encourage you to seek out the original work, and rediscover the quote in its natural environment. We have rigorously tracked down the source of each quote and attributed it accordingly. This book was designed to be as easily navigable as possible on your e-reader. To begin, you need only turn to the Contents page and follow the link to the current month. We wish you an inspirational voyage of discovery.

FAMOUS SUCCESS QUOTES Aberdin Louis,2016-01-18 believe in everyone who has goals they are willing to work hard to attain. I have learned over the years that you have to have a vision that feels so vivid that it is true before it ever manifests in real life. Everyone who asks me what, how or when to pursue their goals I say to them this: you have already accomplished most of what you are trying to do because you know what you want. The other 50% is working as much as it takes to attain and maintain your vision. Lastly, when it comes to money, the preservation of wealth is as or more important than the accumulation of wealth. Think of all of this as you set out on your journey to make your vision a reality. The benefits of positive emotions don't stop after a few minutes of good feelings subside. In fact, the biggest benefit that positive emotions provide is an enhanced ability to build skills and develop resources for use later in life.

So You Think You Can Think Otto B. Toews,2017-10-30 In our complex world, how can we learn to think through moral dilemmas in the pursuit of justice? How do the words we associate with morality impact our understanding and application of it? In short, how can we enact equal measures of fairness among family members, friends, and strangers? These are the troubling questions that guide Dr. Otto Toews as he critically engages with the language of morality and uncovers what is lacking in our conversations about fairness. Using a Principled Thinking Model for resolving everyday moral dilemmas, Toews identifies five basic categories that are necessary for moral thinking: duty, rights, motive, desert, and justice. Combining this research with Nel Noddington's seminal work on caring, Toews concludes that while it is vital that we practice thinking through moral dilemmas, the key to attaining universal justice and fairness lies in our sense of fellow feeling, or empathy. Toews argues that without the urgency and energy prompted by a sense of concern for others, thinking through moral dilemmas will remain insufficient in fostering an ethical world. Throughout the book, Toews augments his research by providing hypothetical scenarios involving two teachers, Bill and Mae. They engage in spirited debates over how duty, rights, motive, desert, and justice apply to issues such as education, cyber bullying, mental illness, reconciliation, and more. Again and again, Bill and Mae are caught up by the power of empathy, demonstrating the urgent need to care for others. It is through their dialogues that Toews has designed a brilliant way for us to witness moral thinking in action, giving us the language we need to navigate it, and preparing us for the countless types of conflicts we encounter every day.

Graphics Explained Michael Evamy,2009 Seven design categories are examined, including work for new clients, good causes, wide open briefs, repeat business, low budget jobs, collaborations, and working to short deadlines. The book compares 'like with like' by lining up seven projects, one from each category, by each of the seven featured designers.--Cover p. [4].

School Library Infographics Peggy Milam Creighton Ph.D.,2015-05-18 Find out how you can increase the impact of your

school library instruction, promotion, and organization with the utilization of infographics created with do-it-yourself tips found within this guidebook. Infographics have become increasingly popular educational tools for visually conveying ideas and information—in class projects, in daily lessons, and for promoting school and library programs. This book—the only one of its kind—helps you create your own computer-generated visuals for your class and library using common software platforms and free web-based applications. A perfect primer for educators with little or no technological savvy, this resource features charts, tables, screenshots, bars, and graphs for making infographics easy to reproduce and create. Author Peggy Milam Creighton discusses the benefits of utilizing visuals with students and provides tips and strategies for creating your own graphics for various educational settings. The reference is organized into three topics: how to create infographics with Microsoft software such as Word, Excel, and PowerPoint; how to use graphics to support school library programs; and why using these visual-based learning tools is important. The work features easy-to-use tutorials, lesson plans, and project ideas for students.

In Danger Josepha Dietrich, 2018-03-28 One woman's powerful story of how her mother's death saved her life. When Josepha Dietrich was 21, her mother was diagnosed with breast cancer. Years later, after her mother's death, the disease reared up in Josie's own cells. She was 35, and her high-needs son was not yet one. As the daughter of a woman who had sought out alternatives to conventional medicine, Josie used her own knowledge and her mother's experience to find solutions for herself. Later, with what she'd learnt, she also helped her son rise out of his autistic state. Capturing Josie's energy and force-of-nature personality, *In Danger* tells of her journey through breast cancer, exploring disease and the human condition, and shedding light on life's darker aspects. At its heart, this moving memoir delves deep into how it feels when everything you love is in danger.

Personal Notes Sandra E. Lamb,2007-04-01 Do you dread writing notes to say Thank you, I'm sorry, or Congratulations? When's the last time you sent a handwritten letter to a faraway friend, just to catch up? What should you write to a grieving friend or colleague? How do you let friends know you're getting a divorce? As our lives get busier and faster-paced, the old-fashioned art of personal correspondence is becoming sadly lost. In this upbeat, wise, and witty guide, journalist and lifestyle expert Sandra Lamb offers a wealth of advice, inspiration, and examples for anyone who wants to add flair, voice, and plain old fun to their letters and notes---as well as anyone who wants to know the etiquette of when and what to write. Using colorful examples and practical advice, the book covers thank yous, congratulations, engagements and weddings, birthdays and anniversaries, births and adoptions, appreciation, love notes, illness and accidents, divorce, condolence, regrets, apologies, and forgiveness. This delightful, indispensable guide helps us rediscover the joy of connecting with others through the simple act of putting pen to paper.

10 Steps to Successful Coaching Sophie Oberstein,2009 In this guide, Oberstein demonstrates why coaching can be a powerful tool to drive organization performance and support the achievement of individual career goals. Guided by Meaning in Primary Literacy Joyce Armstrong Carroll, Kelley Barger, Karla James, Kristy Hill, 2016-12-12 Using a research-based approach, this book examines the critical connections between writing and reading, and it explains how to encourage early literacy in the classroom and library. How can teachers and librarians support true literacy in young learners? Are very young children guided by meaning in constructing their reality and their relationship to the world? What is the value of championing writing at the kindergarten level? *Guided by Meaning in Primary Literacy: Libraries, Reading, Writing, and Learning* answers these questions and many more, providing best practices in early literacy through explicit lessons in writing and reading and demonstrating how the library can extend learning in deep and powerful ways. While some books emphasize reading, others emphasize writing, and still others focus on library instruction, this profound resource brings all of the components of literacy together in a meaningful way. Throughout the book, the authors highlight examples of student writing, anecdotes from the real world, and connections between theory and what happens in practical application. Unique in its thoroughness of content for this age group, this text is essential reading for all early childhood teachers and librarians working in schools and in public libraries with young children. The book also serves trainers working with teachers and librarians to increase their effectiveness in working with young children to promote early literacy.
