Judith Lee Dew

Waking Up from the Cancer Trance Judith Lee Dew, 2019-02-01 The author studied the works of early doctors, scientists and genius laypeople who spent years studying different theories about the nature of cancer. Many of them had high success rates with patients who'd been sent home to die after being exposed to conventional therapies. Then, she found doctors who have studied the work of these early (and later) cancer pioneers who have high success rates in their cancer practices now. When cancer is not a mystery, it does not have to be a death sentence.

The One Minute Christian Don Hawkins, 1992-09-08 Meet the young man. Working hard, living fast, playing hard—on the way up. Or so it seems. Until he comes to the realization that his marriage is in desperate straits and his life lacks meaning. Now meet an older man—the One Minute Christian. More than a Bible thumper, this man has developed a minute-by-minute relationship with Jesus Christ. Peek over his shoulder as he meets weekly with his young friend. As they talk together, you too will learn profound truths about life, relationships, and God. Maybe you know someone used to life in the fast lane who could benefit from this book—or maybe you're there yourself. Perhaps you've sat in church all your life

unmoved—but now you're interested in a deeper relationship with God. Or maybe you've never been inside a church. The interactions between these two gentlemen will show you that the Christian life can be a truly exciting journey.

You Can Say No to Chemo Laura Bond, 2015-01-01 Remember: It's Your Body and You Do Have Choices Beginning in 2011, journalist and health coach Laura Bond and her mother Gemma visited 60 of the world's foremost cancer specialists and healers who are getting remarkable results in treating cancer without radiation or chemotherapy. This book shares the most exciting discoveries they made in their travels. You'll read about everything from hydrogen peroxide therapies and juiced cannabis to high-dose vitamin C, coffee enemas (The Gerson Method), eliminating sugar from the diet, drinking green vegetable juices, and infrared saunas. Quick to point out that every cancer and every body is different, Bond does not offer a one-size-fits-all approach but throw the doors open wide to thinking about your treatment options—and even about cancer itself—in a whole new light. This book points the way toward making informed choices, based on information, not fear. Whether you are exploring treatment options, looking to build your body's own resources to heal and restore itself, hoping to find ways to supplement conventional care, or all of the above, look no further. This is the book you need.

Licensed to Kill Barbara Every, 2012-12-26 Barb Every Wife, Mother, Grand Mother and Great Grand Mother with all these years and a host of experiences in observing and helping with all sorts of ailments and finding the old remedies of my mother and grand mother often times worked better than the drugs promoted by traditional doctors that only learn prescriptions and surgery in 8 years of Med. School. I started buying health books and monthly news letters by the dozens. When modern medicine nearly killed my dear husband, not once, but two different times, I knew something needed to be done to help others that are being sickened or killed by medicine (poisons). The book *Licensed To Kill* practically wrote itself it took barely over a week. The title of the book, the names of each chapter just fell into place. Even the cover design of prescription containers was done without much thought on my part. (Divine intervention?) The only addition was Chapter 9, *Here We Go Again*, which personally proved, one more time, what a natural cure (iodine) can do by regulating the pulse, and what medical drugs and procedures cannot do. I'm still reading health books and Newsletters. After all, Natural cures (with no side effects) have been around for literally thousands of years. Drugs and Prescriptions (with many side effects, including death, are relatively new). The Pharmaceutical Companies do not want you well. Why would they? They make their Big Bucks when you are ill and buying their Drugs.

Meditation As Medicine Guru Dharma Singh Khalsa, Cameron Stauth, 2011-02-22 Dr. Dharma Singh Khalsa “shows us how the tremendous power of medical meditation can heal not only the body but also the mind and soul” (Deepak Chopra) in this practical and engaging guide to natural healing. Proven effective by scientific research and presented here by Dr. Dharma Singh Khalsa and Cameron Stauth, the practice of Medical Meditation revolutionizes the healing process. By balancing and regenerating the body's ethereal and physical energies through simple meditations, Medical Meditation unites the mind, body, and spirit into a powerful triad. Each Medical Meditation here has a specific physiological effect, targeting afflictions from arthritis to ulcers to cancer. Dr. Khalsa details the five unique attributes that endow this type of meditation with far more power than standard meditation. The combination of special postures and movements; exact positioning of the hands and fingers; particular mantras; specific breathing patterns; and a unique focus of concentration can change your entire biochemical profile, easing you into a calm, healing state. Practiced in conjunction with conventional or alternative medical treatments, cutting-edge Medical Meditation activates the healing force within you.

The Lifetimes When Jesus and Buddha Knew Each Other Gary R. Renard, 2018-11-27 These stories about the multiple shared lifetimes of Jesus and the Buddha’s reincarnations offer startling revelations about the universe, *A Course in Miracles*, and the path to enlightenment Two and a half decades ago, Ascended Master Teachers Arten and Pursah appeared to Gary Renard and held a series of conversations with him that elaborated on the teachings of two spiritual classics, *The Gospel of Thomas* and *A Course in Miracles*. Gary immortalized what he learned in the books of his best-selling series: *The Disappearance of the Universe*, *Your Immortal Reality*, and *Love Has Forgotten No One*. This fourth book is a companion to the original trilogy, yet written to stand alone—an invitation for new readers into this fascinating work. This book explores six of the lifetimes in which the incarnations of Jesus and Buddha lived together, beginning in 700 B.C. when they were known as Saka and Hiroji. Through the spiritual lessons that Jesus and Buddha learn on their path, Arten and Pursah clarify the difference between duality and nonduality. When you are able to internalize these lessons, you will be saved countless years in your spiritual development.

The Cancer Odyssey Margaret Brennan Bermel, MBA, 2011-03-10 Chemotherapy is the greatest fraud ever perpetrated upon the American public. This statement must reach the public consciousness. The Big Pharma-FDA complex must be exposed as a cartel colluding, not on curing cancer, but on generating profits. Does chemotherapy work? Maybe, sometimes, with some specific cancers. But very often, it does not work. The “best weapon” used in the “war on cancer” traces its genesis to mustard gas. The cancer may die, but the collateral damage is the patient’s life. Approximately 600,000 Americans die each year ostensibly from “cancer”—but are they actually dying from treatment? A very provocative question. Bill Henderson interviews Margaret Bermel about her new book called “The Cancer Odyssey.” Bill says, I really enjoyed your book. If everyone would read it BEFORE they get the cancer diagnosis (and go into fear orbit), the millions of unnecessary cancer deaths would end. Here is a direct link where you can listen to it or download it (plain mp3 audio file). <http://webtalkradio.net/?s=bill+henderson&task=search> How to Live Cancer Free - “The Cancer Odyssey” by Margaret Bermel

HEALTH DISCLOSURE Adam Masters, 2013-10 A team of doctors and I figured out how to eliminate pain, inflammation, obesity, disease, and cancer to 5 basic elements of health, arranged as a pyramid of priorities. Pain, inflammation and unhealthy weight are simply precursors to disease and obesity arranged in a sequence that begin at the precise point where 1 or more of the 5 imbalances occur. All are symptoms of inflammation, all are caused by imbalances in the pyramid I call the Matrix. Where you are in the Matrix is measured by pH, 7.2 being perfect. By using the Matrix for anyone, for any condition reverses and accelerates recovery past the point of curing to a point of thriving. It makes pain, inflammation, obesity, disease, medication, cancer, and for most, mental illness irrelevant. That pyramid is the fulcrum point from where the sequence of obesity and disease begins. You can stop and reverse ill-health in its tracks by balancing the 5 elements at any point. Blood only becomes alkaline pH 7.0 (+/-0.2) absent of inflammation, to sustain life. PH is the report card of the 5 elements that make up the Matrix pyramid of patient health. The Matrix is the roadmap and the sequence is the path. The difference between existing in a hospital bed, requiring a walker, living with a sore back to thriving can be manipulated by how much you invest in optimizing the 5 elements. The easy part is, prevention and cure for anyone of any disease. Optimization and thriving is where this book wants to take you! Profit has no incentive to change, since profit is working well for individuals that currently control the system, and doctors can't disclose this information without repercussions. The trouble with the health care system is that it is driven by profit and not by incentive for cures. Trauma-care-trained doctors are practicing health care and the symptom is sick care. Treating symptoms intensifies problems because it ignores the

factor of time. Health Disclosure is about health care for the 21st century and its about time!
