Sex Education 101: Approachable Essays on Folklore, Culture, & History Jeana Jorgensen, 2023-11-11 Do you look back at your sex ed classes and wonder WTF?! Are you a parent looking at your kid's curriculum and asking the same question? Sex Education 101 is less of a how-to of sex education and more of a why. Why does abstinence-only sex ed receive so much federal funding? Why do instructors show gross images of STIs to scare students? And the answers, believe it or not, have a lot to do with folklore. Folklore—informally transmitted traditional culture—has a lot to say about sex. And it is often

people's first point of contact with information and messages about sex. Folklore encompasses urban legends, moral panics, and rumors, which influenced early U.S. policies around sex, and also includes jokes, raunchy folk songs, and beliefs and slang about menstruation or STIs. And thus, folklore shapes sex ed classrooms and school sex ed policies. This book is a series of essays for anyone interested in folklore about sex, the history of sex education, and how we keep repeating history from 100 years ago in our approaches today. Whether you are a scholar of books or a scholar of life (or both), you'll find something satisfying between the sheets of Sex Education 101.

In Search of Aphrodite Chelsea Wakefield, 2015-10-14 What does it mean to be “in search of Aphrodite?” For most women, sex is complex, and more than a juxtaposition of body parts. Women sense the possibility of depth, meaning, even transcendence, but in a somatically disconnected, sexually superficial world, it can be difficult for a woman to discover her inner fire, define who she is sexually, and confidently communicate this to her partner. Part philosophy, part treatment manual, *In Search of Aphrodite* addresses women’s sexual problems from an inspiring, creative perspective, integrating Jungian Psychology and sex therapy. Readers will deepen their understanding of the sexual psyche and how this realm impacts women’s lives, as well as what the author calls the journey of Sexual Individuation™. Chelsea Wakefield covers a variety of topics such as healing ancient wounds, resolving inner conflicts, exploring sexual essence, identity, scripts, primal instinct, desire, fantasy, longing, and more. She offers pathways to sexual enrichment and improved communication with a partner. Sexual archetypes are introduced and organized around the author’s Sexual Essence Wheel. Gatekeepers and Eros-inhibiting archetypes are described, along with what to do when treatment stalls. This book is appropriate for: • Clinicians who are nervous about venturing into conversations about women’s sexuality • Clinicians who are comfortable with sexual topics and are curious about new interventions • Sex therapists who want a treatment model that acknowledges the multidimensional aspects of sexuality • Jungian analysts and Jungian oriented practitioners who want helpful tools for addressing sexual issues as an invitation into individuation • Pastoral counselors and spiritual guidance practitioners who seek to heal souls wounded by sexual trauma and sex-negative teachings • Women who want to explore their sexual psyche and define their sexual essence, and men who wish to better understand the sexual depths of women. Rich with case histories and an “Inner Cast of Characters” that clients can explore, this resource will help women discover joyful embodiment, innate eroticism, and sexual pleasure!

Goddesses Never Age Christiane Northrup, M.D., 2016-12-13 THE NEW YORK TIMES BESTSELLER! Though we talk about wanting to age gracefully, the truth is that when it comes to getting older, we’re programmed to dread an inevitable

decline: in our health, our looks, our sexual relationships, even the pleasure we take in living life. But as Christiane Northrup, M.D., shows us in this profoundly empowering book, we have it in us to make growing older an entirely different experience, both for our bodies and for our souls. In chapters that blend personal stories and practical exercises with the latest research on health and aging, Dr. Northrup lays out the principles of ageless living, from rejecting processed foods to releasing stuck emotions, from embracing our sensuality to connecting deeply with our Divine Source. Explaining that the state of our health is dictated far more by our beliefs than by our biology, she works to shift our perceptions about getting older and show us what we are entitled to expect from our later years—no matter what our culture tries to teach us to the contrary—including:

- Vibrant good health
- A fulfilling sex life
- The capacity to love without losing ourselves
- The ability to move our bodies with ease and pleasure
- Clarity and authenticity in all our relationships—especially the one we have with ourselves

Taking all the right supplements and pills, or getting the right procedure done, isn't the prescription for anti-aging, Dr. Northrup explains. Agelessness is all about vitality, the creative force that gives birth to new life. *Goddesses Never Age* is filled with tools and inspiration for bringing vitality and vibrancy into your own ageless years—and it all comes together in Dr. Northrup's 14-day Ageless Goddess Program, your personal prescription for creating a healthful, soulful, joyful new way of being at any stage of life.

The Colonial Shadow Kira Celeste, 2023-02-24 The Colonial Shadow examines the colonial psychology that has shaped what is now known as Canada. This psychology has perpetrated devastating harm over the last half a millennium and continues to oppress Indigenous people and degrade the environment. This book is inspired by the tenet of depth psychology

that stories and myths from one's own ancestry can bring about transformation and deep changes in perspective. As such, it investigates how an alchemical way of imagining into white settler colonial consciousness might contribute to its accountability and psychological healing today. The Colonial Shadow will be an invaluable resource for professionals, academics and students of Jungian and post-Jungian ideas, settler-colonial and First Nations studies, sociology, anthropology, and cultural studies as well as for anyone interested in addressing the colonial complex.
