The Autobiography of Gucci Mane Gucci Mane, Neil Martinez-Belkin, 2017-09-19 The New York Times bestselling memoir from legendary rapper Gucci Mane spares no detail in this “cautionary tale that ends in triumph” (GQ). For the first time, Gucci Mane tells his extraordinary life story in his own words. It’s “as wild, unpredictable, and fascinating as the man himself” (Complex). The platinum-selling trap pioneer began writing this remarkable autobiography while serving time in a federal maximum-security prison. When he was released in 2016, he emerged transformed—sober, focused, and creatively reinvigorated. A critically acclaimed classic in hip hop literature, The Autobiography of Gucci Mane offers raw insight into the volatile rise, fall, and rise again of one of the most influential artists in modern rap. It’s a compelling story of addiction, fame, incarceration, and redemption that “provides incredible insight into one of the most influential rappers of the last decade...By the end, every reader will have a greater understanding of Gucci Mane, the man and the musician” (Pitchfork).

With shamans, psychonauts, hackers and non-believers, through the imperfect records of history, to the uncertainty of future, it deals with the most interesting and important topics. Life’s contradictory nature is examined through short, but dense chapters, that aim to bring the reader into the present moment. To provide a compass, it draws from a wide range of topics. On its pages, you will find about witch trials, psychedelics and their surrounding taboos, secret government programmes like the MKUltra, meditative techniques and reality perceptions, as well as an examination of our current state of being. What the monetary system and work culture

of today holds for the human soul, how we got to this point and what cryptography and the power of free thinking can do for us. What the Matrix and french philosophy have in common. Whether things are getting better, or worse and what we can learn from tales of long dead grapevines, snails, fields of poppies and living bread. Ultimately, we will look at concepts such as time and marvel at the beauty of reality with all its separate, yet connected features and stare into the swirling fractal just a bit too long.
