

Serpent In The Sky

Ralph Hamilton Curtiss

Serpent in the Sky John Anthony West, 2012-12-19 John Anthony West's revolutionary reinterpretation of the civilization of Egypt challenges all that has been accepted as dogma concerning Ancient Egypt. In this pioneering study West documents that: Hieroglyphs carry hermetic messages that convey the subtler realities of the Sacred Science of the Pharaohs. Egyptian science, medicine, mathematics, and astronomy were more sophisticated than most modern Egyptologists acknowledge. Egyptian knowledge of the universe was a legacy from a highly sophisticated civilization that flourished thousands of years ago. The great Sphinx represents geological proof that such a civilization existed. This revised edition includes a new introduction linking Egyptian spiritual science with the perennial wisdom tradition and an appendix updating West's work in redating the Sphinx. Illustrated with over 140 photographs and line drawings.

The Boy Who Died and Came Back Robert Moss, 2014-02-20 Travels in Many Worlds with a Master Storyteller Join Robert Moss for an unforgettable journey that will expand your sense of reality and confirm that there is life beyond death and in other dimensions of the multiverse. Moss describes how he lived a whole life in another world when he died at age nine in a Melbourne hospital and how he died and came back again, in another sense, in a crisis of spiritual emergence during midlife. As he shares his adventures in walking between the worlds, we begin to understand that all times — past, future, and parallel — may be accessible now. Moss presents nine keys for living consciously at the center of the multidimensional universe, embracing synchronicity, entertaining our creative spirits, and communicating with a higher Self.

Ancient Objects and Sacred Realms F. Kent Reilly, James F. Garber, 2010-01-01 Between AD 900-1600, the native peoples of the Mississippi River Valley and other areas of the Eastern Woodlands of the United States conceived and executed one of the greatest artistic traditions of the Precolumbian Americas. Created in the media of copper, shell, stone, clay, and wood, and incised or carved with a complex set of symbols and motifs, this seven-hundred-year-old artistic tradition functioned within a multiethnic landscape centered on communities dominated by earthen mounds and plazas. Previous researchers have referred to this material as the Southeastern Ceremonial Complex (SECC). This groundbreaking volume brings together ten essays by leading anthropologists, archaeologists, and art historians, who analyze the iconography of Mississippian art in order to reconstruct the ritual activities, cosmological vision, and ideology of these ancient precursors to several groups of contemporary Native Americans. Significantly, the authors correlate archaeological, ethnographic, and art historical data that illustrate the stylistic differences within Mississippian art as well as the numerous changes that occur through time. The research also demonstrates the inadequacy of the SECC label, since Mississippian art is not limited to the Southeast and reflects stylistic changes over time among several linked but distinct religious traditions. The term Mississippian Iconographic Interaction Sphere (MIIS) more adequately describes the corpus of this Mississippian art. Most important, the authors illustrate the overarching nature of the ancient Native American religious system, as a creation unique to the native American cultures of the eastern United States.

Sky Scrapers Judith Kaye, 2018-04-10 *Sky Scrapers* is about the adventure of a lifetime for Sam and Josh, who are doing research for a high school science fair on astronomy. The information comes to them by a mysterious teacher, who takes them zooming through the universe in a unique way to learn about the purpose of stars, comets, and more that inhabit the heavens. Later when at university, they have another series of adventures that finds them moving through time from Adam's arrival on earth to Abram's tent in the desert. Both of these thrilling events have a purpose to reveal how the heavens declare the glory of God and how this information has changed down through the ages. This is a story for all ages to enjoy, and maybe even to look at the stars in the heavens in a different way.

Lucifer Unveiled V. Lynn, 2023-01-02 Once the most powerful of the heavenly hosts, Lucifer is now the sworn enemy of the MOST HIGH GOD and everything HE created. The moment Lucifer witnessed Adam and Eve in Paradise, he plotted their demise. From the Garden of Eden until the present age, Lucifer and his seed have infected humanity through mass deception, corruption, and doctrines of devils. The goal is to exalt his throne and turn people's hearts away from the worship of the FATHER to himself. The second volume of the Mystery Babylon Series, LUCIFER UNVEILED, will expose the inner workings of this well-hidden Kingdom of Darkness; Fallen Angels and the Nephilim Gods of Mythology Black Cube (Saturn) Cult Star Wars and Portals Santa Claus and Mermaids Illuminati Bloodlines The Magdalene Conspiracy Cult of the Black Madonna

Lucifer Unveiled will disclose the many forms in which this deceiver and his army present themselves to mankind. The reader will also learn the sinister secrets of the global Luciferian network, whose aim is to silence and conquer the faithful followers of Y'SHUA HAMASHIACH (JESUS THE MESSIAH). Flying Serpents and Dragons R. A. Boulay, 1999-07 A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins. Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia, Egypt, India and China. Who were these reptilian creatures? What was the real reason for man's creation? Why did Adam lose his chance at immortality in the Garden of Eden? Who were the Nefilim who descended from heaven and mated with human women? Why did the serpent take such a bad rap in history? Why didn't Adam and Eve wear clothes? What were the crystals or stones that the gods fought over? Why did the ancient Sumerians call their major gods USHUMGAL, which means literally great fiery, flying serpent? What were the boats of heaven in ancient Egypt and the sky chariots of the Bible? This book tells it all.

Inheritance: Covenants, Kingdoms, Bodies and Nations Mark Daniel, 2015-02-17 Inheritance: Covenants, Kingdoms, Bodies and Nations is a study on a Christian's inheritance in the Lord. It examines a range of subjects dealing with God's covenants to what those covenants represent to how a Christian can better gird themselves up with the tools and weapons of the Lord to fight the spiritual fight we must all partake in if we hope to overcome in these final days. Inheritance also shines a light on a great many subjects surrounding the theme of inheritance through the lens of the Old Testament prophets. This book was developed from a series of revelations given to the author after struggling through a desert of trials that lasted exactly ten years to the day. Mistakes in interpretation will always occur. Please feel free to disagree with any of my conclusions.

The Huasteca Katherine A. Faust, Kim N. Richter, 2015-04-09 In *The Huasteca: Culture, History, and Interregional Exchange*, a range of authorities on art, history, archaeology, and cultural anthropology bring long-overdue attention to the region's rich contributions to the pre-Columbian world. They also assess how the Huasteca fared from colonial times to the present. The authors call critical, even urgent attention to a region highly significant to Mesoamerican history but long neglected by scholars.
