The Harder You Work, the Luckier You Get Joe Ricketts,2019-11-05 Joe Ricketts, founder of TD Ameritrade, shares the epic inside story of how a working-class kid from the Nebraska prairie took on Wall Street's clubby brokerage business, busted it open, and walked away a billionaire. Joe Ricketts always had the gift of seeing what others missed. The son of a house builder, he started life as a part-time janitor, but by the age of thirty-three he saw the chance to challenge the big brokerage firms by offering Americans an inexpensive way to take control of their own stock trading. Nowadays, we take for granted that Main Street is playing right there on Wall Street, but Ricketts made that happen. His company, begun with \$12,500 borrowed from friends and family, took off like a rocket thanks to an early embrace of digital technology and irreverent marketing. But Ameritrade also faced a series of near-disasters: the SEC almost shut him down; his partners tried to force him out because of his relentless risk-taking; penny brokers swindled the company; the crash of 1989 nearly cost him everything; and he was almost shut down again when a customer committed massive fraud. By the time of the dot-com bust, he had proven that his strategy based on frontier values could survive just about anything. *The Harder You Work, The Luckier You Get* offers a view inside Joe Ricketts' mind, giving readers a visceral understanding of how entrepreneurs think and act differently from the rest of us—how they see the horizon where we just see a spreadsheet. As unvarnished as the prairie he comes from, Ricketts also talks honestly about his shortcomings as a manager, the career sacrifices his wife made for his business, the complexity of being a father, and the pain of splitting with his mentor and of his brother's death from AIDS. Overcoming these and other challenges, he built a company now worth \$30 billion. A must-read for anyone who's ever dreamed of starting their own business, *The Harder You Work, The Luckier You Get* is the ultimate only-in-America story.

The Playwright's Manifesto Paul Sirett,2022-09-08 Shortlisted for the STR Theatre Book Prize 2023 A manifesto for the future of playwriting, this book challenges you to be a part of that future in the belief that it is fundamentally important to write plays. Plays help us understand ourselves, others, and the world around us. Reading this book, you will be challenged to learn your craft, explode what you know, prioritise what is important to you, and write in the way that only you can write. Most books on playwriting explain how to create a believable character in a story driven by plot. This book, however, goes even further in its exploration of the playwright's most valuable tool: theatricality. By learning from the past, and the present,

the playwrights of tomorrow can create new, vivid, theatrical drama for the future. This manifesto also examines the process of writing, the art of collaboration, and the impact of writing on a playwright's mental health. It identifies the highs and lows, as well as the trials and tribulations, of life as a playwright in today's world. Theatre is a living artform. It is time for playwrights to acknowledge that fact and to celebrate the unique, primal thrill that a live theatre experience offers us. The future of playwriting is in your hands. Do you accept the challenge?

Forbes To The Limits James M. Clash, 2003-05-27 Following modern executives as they push themselves to the limits in life and in business In *To the Limits*, adventure writer Jim Clash examines the phenomenon of corporate leaders and millionaires who test their limits through high-end, risky adventure and links the life and business lessons they have learned along the way. Based on his popular column in *Forbes*, Clash details his own exotic adventures and includes anecdotes from high-profile, daredevil executives who share his passion for adventure—from flying to the edge of space 84,000 feet up (Dennis Tito, Chief Executive of Wilshire Associates), to climbing 20,000-foot mountain peaks (Timothy Forbes, Chief Operating Officer of Forbes, Inc.), to racing open-wheel cars (Mark Patterson, Vice Chairman of Credit Suisse First Boston), to swimming at the North Pole (Geoffrey Kent, Chief Executive of Abercrombie & Kent). Clash's dramatic narrative also explores the powerful connection between extreme success in business and in life, and covers topics such as risk-taking, testing personal limits, and dealing with decision-making responsibilities. James M. Clash (New York, NY) covers mutual funds for *Forbes* magazine and writes a popular column called *The Adventurer* for *Forbes* Global. An avid wilderness enthusiast, he is a Fellow in the Explorers Club who has undertaken a number of unforgettable challenges—he has climbed the Matterhorn, ridden in a MiG jetfighter at two-and-a-half-times the speed of sound, driven Indycars at upwards of 180 mph, climbed virgin mountains in Antarctica, and has visited the North Pole twice. Clash has also interviewed legendary adventurers such as Buzz Aldrin, Sir Roger Bannister, Sir Edmund Hillary, and four-time Indy 500 winner Rick Mears—all of whom are included in this book.

The 100 Absolutely Unbreakable Laws of Business Success Brian Tracy, 2002-01-11 What makes one business flourish while another fails? “[This] book of laws has something for everyone who wants to be a success in any walk of life.” —Gen. H. Norman Schwartzkopf In *The 100 Absolutely Unbreakable Laws of Business Success*, Brian Tracy draws on thirty years of experience and knowledge to present a set of principles or “universal laws” that lie behind the success of businesspeople everywhere, in every kind of enterprise, large and small. These are natural laws, he says, and they work everywhere and for everyone, virtually without exception. Every year, thousands of companies underperform or even fail and millions of individuals underachieve, frustrated by thwarted ambition and dreams—all because they either attempted to violate or did not know these universal laws. But ignorance of the law is no excuse! Tracy breaks the 100 laws down into nine major categories: Life, Success, Business, Leadership, Money, Economics, Selling, Negotiating, and Time Management.

Drawing on a lifetime of observation, investigation, and experience, Tracy not only identifies and defines each law, he also reveals its source and foundation, whether in science, nature, philosophy, experience, or common sense. He illustrates how it functions in the world using real-life anecdotes and examples, and shows how to apply it to your life and work through specific questions, practical steps, and exercises that everyone can use—sometimes in just minutes—to begin the journey toward greater business success. “Eloquently—yet practically—written . . . should be required reading for every entrepreneur, manager, and leader!” —Scott McKain, author of *The Ultimate Customer Experience*

Jared, the Subway Guy Jared Fogle, 2007-04-01 Jared Fogel was, is, and will continue to be America's weight loss icon. As an obese college student in Indiana he lost 245 pounds on a self-devised diet of Subway sandwiches. Since 2000, he has appeared thousands of times on national television as the spokesperson for Subway's Eat healthy Platform; and he's slated to continue in this role indefinitely. In fact, Subway worried that he might be getting overexposed and decided to discontinue him. Sales fell off. Jared was quickly rehired. But to keep him from being overexposed, Subway's program runs Jared for six or eight weeks every three months. His book is not so much a diet book (his diet was pretty simple to grasp - eat Subway sandwiches) but it's more a motivational, self-help book which offers hope to people who want to change their lives. Jared has also appeared on Oprah, Larry King Live, the Today Show, Good Morning America, the Jane Pauly Show and has made hundreds of speaking appearances and public appearances at sports and civic events. Jared's lessons include: Find Your Own Personal Spark One Size Doesn't Fit All Change Your Mind to Change Your Life See the Big Picture Change is for Life The Harder You Work, the Luckier You Get

12 Cliches of Selling (and Why They Work) Barry Farber, 2013-07-09 : Written by Barry Farber, one of the country's best known, most respected and incredibly successful sales gurus (Entrepreneur magazine), 12 CLICHES OF SELLING AND WHY THEY WORK is steeped in the language and knowledge of what it takes to sell. It uses one cliché, per chapter as a starting point-and mines its truth and powerful wisdom. Never take no for an answer, for example, belies the image of the stereotypical make-the-sale-at-any-cost salesperson and focuses on finding ways to get around obstacles, such as making the gatekeeper your ally and using humor to open closed doors. You never get a second chance to make a first impression shows how to sell yourself first, how to make people like, trust, and respect you, and how and why to make eye contact and keep a questioning attitude. Your attitude determines your altitude describes how to build and maintain a positive attitude, even in the face of rejection. Don't sell the steak, sell the sizzle gives the 12 steps to a solid presentation. The art of networking and mentoring is covered in It's not what you know, it's who you know, while the importance of value, including the value of getting your money's worth-and all that it implies-falls under You get what you pay for. It's the book for everyone who sells-

and, as Robert Louis Stevenson once wrote, Everyone lives by selling something.

Forget About Location, Location, Location Ozzie Jurock,1999

The Power Behind Positive Impact Philip Vuyo Kaasi,2014-02-28 If you want your life to be significant and mean something, the best thing you should do is to impact other people's lives. Let this book influence you to be an actor instead of an on-looker or spectator in life. The author wants the reader to study closely the people who were and still are successful and happy, so that the reader will realize the faith exercised by these people, the failures they endured and the complexity of the process they went through to have acquired their accomplishments. You do not have to have the tangible possessions to know that you are wealthy, but if you feel and conduct yourself in the manner in which other successful and happy people conduct themselves, it will feel as if you do not even need the tangible things, because of your dominant state of your mental attitude towards success and happiness. Be afraid of giving up whenever faced with an impossible challenge, perhaps as far as your mental attitude is concerned. God is helping you, He is with you, He is guiding you and He will see you through. Don't be envious and jealous; rather admire people who are successful and happy in life. Life is a blessing.
