The Collects of the Roman Missals Lauren Pristas, 2013-08-01 This study examines the collects assigned to the Sundays and major feasts of the proper seasons in the ordinary and extraordinary forms of the Roman rite. The Latin collects assigned to each day in the typical editions of the respective missals are compared and contrasted both with their respective sources and with one another. Pertinent discussions and decisions of the Consilium study groups responsible for the post-Vatican II revisions of the liturgical calendar and Mass collects are also presented and considered. The goal of the study is to determine whether the two sets of collects present the same picture of the human situation, approach God in the same way, seek the same things from him, and, where they do not, to identify significant changes in theological and/or spiritual emphases.

Announcing the Feast Jason McFarland, 2012-02-01 How does the entrance song of the Mass function within the Roman Rite? What can it express theologically? What should Roman Catholics sing at the beginning of Mass? In this groundbreaking study, Jason McFarland answers these and other important questions by exploring the history and theology of the entrance song of Mass. After a careful history of the entrance song, he investigates its place in church documents. He proposes several models of the entrance song for liturgical celebration today. Finally, he offers a skillful theological analysis of the entrance song genre, focusing on the song for the Holy Thursday Evening Mass-arguably the most important entrance song of the

entire liturgical year. Announcing the Feast provides the most comprehensive treatment of the Roman Rite entrance song to date. It is unique in that it bridges the disciplines of liturgical studies, musicology, and theological method.

Liturgy in the Twenty-First Century Alcuin Reid, 2016-07-14 'Because the Sacred Liturgy is truly the font from which all the Church's power flows...we must do everything we can to put the Sacred Liturgy back at the very heart of the relationship between God and man... I ask you to continue to work towards achieving the liturgical aims of the Second Vatican Council...and to work to continue the liturgical renewal promoted by Pope Benedict XVI, especially through the post-synodal apostolic exhortation *Sacramentum Caritatis*...and the *motu proprio Summorum Pontificum*... I ask you to be wise, like the householder...who knows when to bring out of his treasure things both new and old (see: Mt 13:52), so that the Sacred Liturgy as it is celebrated and lived today may lose nothing of the estimable riches of the Church's liturgical tradition, whilst always being open to legitimate development.' These words of Robert Cardinal Sarah, Prefect of the Congregation for Divine Worship, underline the liturgy's fundamental role in every aspect of the life and mission of the Church. *Liturgy in the Twenty-First Century* makes available the different perspectives on this from leading figures such as Raymond Leo Cardinal Burke, Archbishop Salvatore Cordileone, Abbot Philip Anderson, Father Thomas Kocik, Dom Alcuin Reid, and Dr Lauren Pristas. Considering questions of liturgical catechetics, music, preaching, how young people relate to the liturgy, matters of formation and reform, etc., *Liturgy in the Twenty-First Century* is an essential resource for all clergy and religious and laity involved in liturgical ministry and formation. Bringing forth 'new treasures as well as old,' its contributors identify and address contemporary challenges and issues facing the task of realising the vision of Cardinal Sarah, Cardinal Ratzinger/Benedict XVI and the Second Vatican Council.

The Voice of the Church at Prayer Uwe Michael Lang, 2012-03-12 Pope Benedict XVI has made the liturgy a central theme of his pontificate, and he has paid special attention to the vitally important role of language in prayer. This historical and theological study of the changing role of Latin in the Roman Catholic Church sheds light on some of the Holy Father's concerns and some of his recent decisions about the liturgy. The Fathers of the Second Vatican Council allowed for extended use of the vernacular at Mass, but they maintained that Latin deserved pride of place in the Roman Rite. The outcome, however, was that modern translations of the prayers of the Mass replaced the Latin prayers. What was the reason for the Council's decision and why is there now a desire for greater use of Latin in Catholic worship? Why have some post-conciliar English translations of the prayers of the Mass been replaced? Fr. Lang answers these questions by first analyzing the nature of sacred language. He then traces the beginnings of Christian prayer to the Scriptures and the Greek spoken at the time of the apostles. Next he recounts the slow and gradual development of Latin into the sacred language of the Western Church

and its continuing use throughout the Middle Ages. Finally, he addresses the rise of modern languages and the ongoing question of whether the participation of the laity at Mass is either helped or hindered by the use of Latin.

My Body Given for You Helmut Hoping ,2019 The Eucharist originated at the Last Supper of Jesus with his disciples. It is based on the prayer of thanksgiving that Jesus pronounced over the bread and wine at that meal. “Eucharist” means “thanksgiving”, “praise”, and “blessing”. The Church celebrates the Eucharist as a memorial of the death and Resurrection of Jesus Christ, which is more than a remembrance of the Last Supper of Jesus with his disciples. In the Eucharist the sacrifice of our redemption becomes present sacramentally. In the past, dogmatic theology has treated the meaning of the Eucharist while disregarding the form of its liturgical celebration, whereas liturgical studies have been content with only the latter. Yet the two cannot be separated, any more than liturgy and dogma or pastoral practice and doctrine can be understood without the other. The Church’s liturgy is not something external to Christian revelation, but rather, as Joseph Ratzinger said, “revelation accepted in faith and prayer”. In this work Helmut Hoping combines the approaches of dogmatic theology and liturgy while examining the Eucharist from a historical and systematic perspective. This new English translation of the second German edition of this major work, revised and expanded, includes a comparative analysis of the Second Eucharistic Prayer and a chapter on the theology of the words of institution.

Catholic Music through the Ages Edward Schaefer, MSM, DMA,2022-01-07 Examining the role of music in the liturgical life of the Church, Deacon Edward Schaefer seeks to promote a more dynamic balance between the expressive and formative qualities of liturgical music. He examines the structure of the Mass both before and after the Second Vatican Council, offering a brief overview of the history and development of liturgical music from the eighth century Carolingian Renaissance to the contemporary implementation of the reforms of the Second Vatican Council. Concluding with a thoughtful analysis of the current state of liturgical music, Deacon Schaefer provides a variety of musical examples which are easily accessed online or via the downloadable e-book.

Sent Out into the World Michael McGourty,2024-01-29 Sent Out into the World contains a liturgical theology for a parish community and the new evangelization that is derived from a reading of The Order of the Dedication of a Church. For this reason, its content can be attributed directly to a liturgical rite of the Catholic Church. It is not the creation of any one person, but rather an exercise in *lex orandi, lex credendi*. It presents a vision of the parish that comes directly from a rite of the church and focuses the parish community, and its members, on the mission that it has within the body of Christ. Applying the content of the *ordo* to a parish community, it presents a theology for those communities in which most Catholics meet the Lord and practice their faith. The liturgical theology for a parish community that is presented here focuses all parish communities on Christ and his presence in the liturgical celebrations that take place in the parish churches. As this ritual powerfully reminds the baptized, from the liturgical and sacramental celebrations in which they encounter Christ in their

parish church, the faithful are to be sent out into the world as ministers of the new evangelization. By reading this book, every Christian who practices his or her faith within a parish community will be reminded of the mission which they are called to live as members dismissed to go into the world at the end of every eucharistic celebration.

Religion, Language, and the Human Mind Paul Anthony Chilton, Monika Weronika Kopytowska, 2018 Religion is a multi-faceted and complex human phenomenon, combining many different mental and social characteristics. Among these, language plays a crucial though often neglected role. This volume brings together groundbreaking work from linguistics, cognitive science and neuroscience, as well as from religious studies, in order to illuminate the origins and centrality of religion in human life.

The Restoration and Organic Development of the Roman Rite Laszlo Dobszay, 2010-03-17 >

Liturgy, Theurgy, and Active Participation Kjetil Kringlebotten, 2023-09-08 Providing a metaphysical grounding for liturgical participation, this book argues that “active participation” in the liturgy must be understood principally as our participation in God’s act, particularly in the act of Christ, and only secondarily as our ritual involvement. Utilizing Neoplatonist philosophy, Kjetil Kringlebotten proposes that this should be understood in terms of theurgy, which is the human participation in divine action, which finds its consummation in the incarnation of Christ. Without the incarnation all acts will remain extrinsic and imposed but acts can become real and intrinsic precisely because the incarnation makes possible true union with the divine, a metaphysical union-in-distinction, without confusion, because this union is not extrinsic. Through union with Christ, as the one common focus of the divine-human relation, we can have true union with God and may offer true worship. In order to make sense of active participation, then, we need to understand theology in theurgic terms, where theurgy is understood not as a mechanical “coercion” of God but as a participation in His act, in creation and through Christ as the true theurgist, the “master theurgist,” Whose work transforms our act and the liturgy.

Reforming the Liturgy John F. Baldovin, 2016-03-24 2009 Catholic Press Association Award Winner! Perhaps no liturgical scholar of our time is better able than John Baldovin to write with clarity and accuracy about the meaning of the church's liturgy and the history of its development in the last half century. In this summary volume on the reform of the liturgy since the Second Vatican Council, Baldovin pinpoints and assesses 'both sympathetically and critically 'the objections to changes in the liturgy since the council, focusing on philosophical, historical-critical, and theological questions. After addressing each criticism in turn, in a final chapter he assesses the critique of post 'Vatican II liturgy as a whole, affirming what is accurate and necessary, rejecting what is backward looking, and proposing a set of principles to guide future development. No one who studies or participates in liturgical action in the twenty-first century can afford to overlook this book. John F. Baldovin, SJ, is professor of historical and liturgical theology at Boston College School of Theology and Ministry. His most recent books include Bread of Life, Cup of Salvation and The Urban Character of Christian Worship.
