Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. SUMMARY - Between The World And Me By Ta-Nehisi Coates Shortcut Edition, 2021-06-07 * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn about what stands between the world and the American writer Ta-Nehisi Coates. You will also learn that : the author was educated at Howard University in Washington; his father was a librarian at Howard University in Washington; the author takes a very critical look at the non-violence of the civil rights movement; the original title of the book is taken from a poem by Richard Wright; one of his best friends was the victim of a police blunder; the book is a long letter from the author to her 15-year-old son. In a lyrical and sometimes hallucinatory text, Ta-Nehisi Coates traces in an elliptical way the history of his country, the United States, and the two main communities living there: whites and blacks. If he quotes the native Americans, that is, the Indians, it is in passing, to underline the genocide of which they were victims on the part of the whites and the total dispossession of their lands. This pattern of dispossession is the one that, for Ta-Nehisi Coates, sums up the condition and status of the Black people in the United States: a people that is dispossessed even of its own body, above all of its own body. For the pillage by white people in North America began with the looting and enslavement of the bodies of the black people? *Buy now the summary of this book for the modest price of a cup of coffee!

Between the World and the Urban Classroom George Sirrakos Jr., Christopher Emdin, 2017-05-12 Borrowing from the ideas of John Dewey, schools and classrooms are a reflection of the world; therefore, in order to make sense of the urban classroom, we need to make sense of the world. In this book, the editors have compiled a collection of nine critical essays, or chapters, each examining a particular contemporary national and/or international event. The essays each undertake an explicit approach to naming oppression and addressing it in the context of urban schooling. Each essay has a two-fold purpose. The first purpose is to help readers see the world unveiled, through a more critical lens, and to problematize long held beliefs about urban classrooms, with regard to race, gender, social class, equity, and access. Second, as each author draws parallels between an event and urban classrooms, a better understanding of the microstructures that exist in urban classrooms emerges. "At a time of serious political, economic, and social uncertainty, we need a book like this, one that showcases how the world can be seen as a critical site of curriculum and pedagogy. A powerful intersectional analysis of the world, word, and urban sociopolitical context, authors in this book push the boundaries of what educators know and do in urban schools and classrooms. Grounded in frameworks of critical race theory and culturally relevant pedagogy, authors center essential societal moments that must be viewed as the real curriculum. These moments can equip students with tools to examine 'the what of the world' as well as how to examine, critique, challenge, and disrupt individual, systemic, and structural realities and practices that perpetuate and maintain a racist, sexist, homophobic, and xenophobic status quo. This is an important, forward-thinking, innovative book - a welcome addition to the field of urban education." - H. Richard Milner IV, Helen Faison Chair of Urban Education, University of Pittsburgh

Between the World of Ta-Nehisi Coates and Christianity David Evans, Peter Dula, 2018-10-24 Between the world of Ta-Nehisi Coates and Christianity there appears to be the widest difference. Coates's brief comments on Christianity in his highly acclaimed *Between the World and Me* make clear that religious faith is alien to his own experience. Still, Christian audiences from congregations to theological schools engaged the text for its analysis of the state of race relations in the United States. In September 2015, Ta-Nehisi Coates tweeted, Best thing about #BetweenTheWorldAndMe is watching Christians engage the work. Serious learning experience for me. This volume takes that tweet as an invitation to theologians, ethicists, and religious studies scholars to engage the book, and as a challenge to do so in a way that is a learning experience for Coates, the authors, and readers.
