"Death to the World" and Apocalyptic Theological Aesthetics Robert Cady Saler, 2024-05-02 Robert Saler examines the small but influential Death to the World movement in US Eastern Orthodox Christianity. Presenting a case study in theological aesthetics, Saler demonstrates how a relatively small consumer phenomenon within US Eastern Orthodoxy sits at the centre of a variety of larger questions, including: - The relationship between formal ecclesial and para-church structures - The role of the Internet in modern religiosity - Consumer structures and patterns as constitutive of piety - How theology can help us understand art and vice versa Understanding Death to the World as an instance of lived religion tied to questions of identity, politics of religious purity, relationships to capitalism, and concerns over conspiracy theory helps us to see how studies of uniquely American Eastern Orthodox identity must address these broader cultural strands.

The Poetry of Being and the Prose of the World in Early Greek Philosophy Victoria Wohl, 2025-08-27 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. The Presocratic philosophers, writing in Greece in the sixth and fifth centuries BCE, invented new ways of thinking about human life, the natural world, and structures of reality. They also developed novel ways of using language to express their thought. In this book, Victoria Wohl examines these innovations and the productive relation between them in the work of five figures: Parmenides, Heraclitus, Empedocles, Anaxagoras, and Democritus. Bringing these thinkers into conversation with modern critical theorists on questions of shared concern, Wohl argues for the poetic sophistication of their work and the inextricable convergence of their aesthetic form and philosophical content. In addition to offering original readings of these fascinating figures and robust strategies for interpreting their fragmentary, rebarbative texts, this book invites readers to communicate across entrenched divisions between literature and philosophy and between antiquity and modernity.

Hope for the World Roland Chia, 2012-08-14 Hope is essential to human life. Without hope, humanity plunges into

despair, and life can lose all purpose and meaning. Hope energizes people and communities, and also produces forbearance and patience. In this clear and accessible survey, which incorporates Asian perspectives, Roland Chia shows how Christian hope presses beyond the limits of both secular and religious world-views and confronts the reality of pain, suffering and death in the light of the crucifixion and resurrection of Jesus Christ. It is hope for God, and in God.

Death to Beauty Eugene M. Helveston, 2024-02-27 In the 1970s, Dr. Alan Scott sought to selectively weaken eye muscles to treat strabismus (when one or both eyes are misaligned) without surgery. After failed attempts with other agents, Scott developed a method to stabilize the bacteria that causes botulism, culminating in a drug that eventually became known as Botox. In *Death to Beauty*, Eugene M. Helveston, MD, follows the unlikely story of botulism's 1817 discovery in contaminated German sausages, to its use in military and research facilities, to Scott, an ophthalmologist who aimed to safely use the drug in humans. Scott struggled alone as an unknown in the pharmaceutical industry, searching for clinical trial financing and FDA approval, which he achieved at a fraction of the billions big pharma usually spends to bring a drug to market. Eventually, the company Allergan bought him out, capitalizing on the possibilities for cosmetic uses. Scott's formula was renamed Botox and reached annual sales in the billions. After the sale, Scott received no further compensation from Botox sales and remained the same unassuming man. A fascinating walk through the intricate history of how the world's deadliest toxin starting as a treatment for crossed eyes became a routine tool for the cosmetic industry, *Death to Beauty* will make you rethink success, beauty, and deadly bacteria.

God's Gift, World's Deception Christos Retoulas, 2022-04 Situating former Harvard neurosurgeon Dr. Eben Alexander's Near-Death Experience within the ontological landscape of Romanity, or, the 'Byzantine'-Ottoman Continuum of Roman Ecumenicity, namely: Judaism, Christianity, and Islam, *God's Gift, World's Deception* is a unique exploration of this unique NDE, attesting to its vital and organic ties to those experiences of the New Testament Fathers of the 'Byzantine' Apostolic Catholic Orthodox Church (ἡ τῶν πάντων ἐνότης, the unity of all being/existents), which came to them via theosis. The book claims that Dr. Alexander's experience is indeed a continuation and completion of the theophanic visions of the Old Testament Prophets, and is linked to the imaginal divine becomings of the Koranic Ottoman vahdet-i vücud tasavvuf Masters ('the unity-of-Being' Sufism, in both Sunni and Alevi traditions); but also highlights the distorting effects of the interpretive resources available in the predominantly neo-Gnostic-cratic West (religious and secular), as well as its Globalist agenda, creating an unfit backdrop for an exegetical attempt at the Proof of Heaven Experience. Ultimately, *God's Gift, World's Deception* reconfirms the engendered existence of the Divine-human Ecumene as a historically spiritual-somatic reflection of the Divine Realm, and, above all, it shows the Theanthropic Lord Jesus Christ as the True Om, the Real Hakikat-ı Muhammediyye, and the Eternal Tao.

The World's Sixteen Crucified Saviors; Or, Christianity Before Christ Kersey Graves, 2019-11-19 In *The World's Sixteen Crucified Saviors; Or, Christianity Before Christ*, Kersey Graves presents a rigorous examination of the crucified savior archetype across various cultures and religions. This pioneering work investigates a multitude of figures, from Osiris and Krishna to Buddha, who are portrayed as dying and resurrecting deities. Graves employs a comparative literary style, drawing upon historical, theological, and mythological sources, to highlight striking similarities that challenge the originality of Christian narratives. Set within the context of 19th-century debates on the validity of religious traditions, the book propels a critical dialogue on the nature of faith and mythology. Kersey Graves, a notable American author and freethinker, was deeply influenced by the burgeoning enlightenment ideas of his time, questioning orthodox beliefs and exploring alternative narratives of religious history. His background in rationalism and skepticism serves as a foundation for this text, as he sought to expose the connections between Christianity and its predecessors. Through meticulous research and analysis, Graves aimed to engage readers in a thoughtful reconsideration of their spiritual understandings. This book is a must-read for anyone interested in theological studies, comparative mythology, or the history of religious thought. Graves' bold assertion challenges traditional doctrines, inviting readers to explore the interconnectedness of human beliefs. With its compelling arguments and thorough scholarship, *The World's Sixteen Crucified Saviors* remains a significant contribution to the discourse on spirituality and historical inquiry.

Lectures or Tractates on the Gospel According to Saint John Saint Augustine of Hippo, Aeterna Press, When I give heed to what we have just read from the apostolic lesson, that "the natural man perceiveth not the things which are of the Spirit of God," and consider that in the present assembly, my beloved, there must of necessity be among you many natural men, who know only according to the flesh, and cannot yet raise themselves to spiritual understanding, I am in great difficulty how, as the Lord shall grant, I may be able to express, or in my small measure to explain, what has been read from the Gospel, "In the beginning was the Word, and the Word was with God, and the Word was God;" for this the natural man

does not perceive.

Threshold Dwellers in the Age of Global Pandemic Eleazar S. Fernandez, 2022-05-19 So many lives have been lost now and the death toll still continues to rise because of the COVID-19 pandemic. The poor and the marginalized, not surprisingly, have been disproportionately affected. The pandemic has exposed the fault lines not only in our healthcare but also in our political and economic system, a system driven by the pursuit of the bottom line--profits. If we are not only to survive but also thrive as a global society, the challenge of the coronavirus pandemic must lead us to explore ways of thinking, being, and dwelling that promote our shared flourishing. It is time to take personal stock about ourselves: who we are, where we have been, and where we are heading. What can the pandemic teach us about ourselves? What is it revealing about us and our situation? How shall we dwell together? Do we want to wake up to a new and better tomorrow after this nighttime of pandemic? That will largely depend on the way we respond now. Who are we becoming in this time of pandemic? What daily practices are we doing as embodiments of the new world we are anticipating?

The Way to the Sabbath of Rest ... To which are Now Added, Two Discourses of the Author, Etc Thomas Bromley,1761

Colossians David J. Landegent,2017-06-06 Some people cant see the forest for the treesthey get so bogged down in details that they lose sight of what its all about. Others cant see the trees for the forestthey miss the wondrous details all around them. So why not look instead at both the forest and the trees? This commentary on Pauls letter to the Colossians guides you in doing just that. Even though we will be exploring ancient biblical cultures and learning plenty about the Greek language, no prior academic training is needed. Technical terms have been set aside. Instead, with everyday language we will discover the big picture and revel in the fine details of this stunning letter, amazed by how God is still speaking these same words today to contemporary personal and social challenges. We will not then be tourists rapidly zipping through Colossians as if on a monotonous interstate highway. Instead we will be hiking our way through this letter, step by step, phrase by phrase, finding joy in Gods truth and growing in our faith. Come and join the journey.
