Modern Classics of Fantasy Gardner Dozois, 2014-10-28 While humanity has been telling fantastic stories for millennia, fantasy fiction has only come into its own as a genre in the latter half of the twentieth century, as the works of such writers as J.R.R. Tolkien and Robert E. Howard have found a wide audience. This wonderful collection celebrates fantasy's heyday with 33 masterpieces of short fiction, ranging from 1940s stories by L. Sprague de Camp, H.L. Gold, Fritz Leiber, and Manly Wade Wellman to more recent tales by such towering modern talents as Peter S. Beagle, Terry Bisson, James P. Blaylock, Suzy McKee Charnas, John Crowley, Tanith Lee, Michael Swanwick, Judith Tarr, Howard Waldrop, Jane Yolen, and Roger Zelazny. Just as Gardner Dozois's *Modern Classics of Science Fiction* has helped longtime fans and new readers alike discover the genre's finest short stories, so too shall this anthology allow readers to find in one volume more than two dozen masterworks of fantasy.

Science Fiction and Fantasy Literature Vol 2 R. Reginald, 2010-09-01 *Science Fiction and Fantasy Literature, A Checklist, 1700-1974, Volume Two of Two*, contains Contemporary Science Fiction Authors II.

Crimes Collide, Volume 2 Kristine Kathryn Rusch, Dean Wesley Smith, 2022-04-20 For more than four decades, New York Times and USA Today bestselling writers Kristine Kathryn Rusch and Dean Wesley Smith have been writing professional mystery short stories that have won awards and sold millions of copies, plus they have been acclaimed and enjoyed by fans over the entire world. Now, for the first time, they collect 100 of their mystery short stories into a five-volume series called *Crimes Collide*. Fifty stories total from each author, with ten stories from Rusch and ten from Smith in every volume. Volume

2 takes a journey through history, but not always the one we remember. Beginning with Smith's "Idanha Hotel," from his Thunder Mountain series, about a desperate attempt to change the past in the old West and ending with Rusch's "Updates," which features crimes set on election night 1984, this volume explores past mysteries—from our own timeline and alternate ones.

Stories from Pulphouse the Hardback Magazine Dean Wesley Smith, Edward Bryant, Bradley Denton, Nancy A. Collins, Lisa Tuttle, Nina Kiriki Hoffman, Steve Perry, Adam-Troy Castro, Charles deLint, Susan Palwick, William F. Wu, 2021-06-29

Pulphouse: The Hardback Magazine changed the publishing landscape when the anthology series first appeared in 1988. The series won the World Fantasy Award as a recognition of the power of its fiction and the transformative nature of the publication. From the beginning, award-winning author and editor Kristine Kathryn Rusch demonstrated her talent for publishing the cutting edge of late 20th century short fiction—and much of it still slices pretty deep. The stories in this volume still resonate in the 2020s. While some stories no longer define the cutting edge, they show how the short fiction field followed the template that Pulphouse laid out in its years of publication. Powerful, thought-provoking, well-told, these stories from Pulphouse: The Hardback Magazine will keep readers breathless on the edge of their seats. Includes: "While She Was Out," by Edward Bryant "The Murderer Chooses Sterility," by Bradley Denton "The Two-Headed Man," by Nancy A. Collins "Savage Breasts," by Nina Kiriki Hoffman "Bits and Pieces," by Lisa Tuttle "Willie of the Jungle," by Steve Perry "Clearance to Land," by Adam-Troy Castro "Soft Whisper of Midnight Snow," by Charles de Lint "Offerings," by Susan Palwick "On a Phantom Tide," by William F. Wu

Now, for the first time, they collect together 120 of their science fiction short stories into a six-volume set called Colliding Worlds. Sixty stories total from each author, with ten stories from Rusch and ten from Smith in every volume. Aliens populate Volume 2 of the series, and they charm, amuse, or terrify, depending on the story. From "Sighed the Snake," Smith's quirky and funny Poker Boy story about the return of aliens to Las Vegas, to Rusch's electrifying "The End of the World," this volume of twenty stories will leave your head spinning.

Jones, and forewords by Michael Sims, Roger Johnson, Emma West, Steve Emecz, and David Marcum. 59 New Traditional Canonical Holmes Adventures Collected in Three Companion Volumes In 2015, the first three volumes of The MX Book of New Sherlock Holmes Stories arrived, containing over 60 stories in the true traditional Canonical manner, revisiting Holmes and Watson in those days where it is always 1895 . . . or a few decades on either side of that. That was the largest collection of new Holmes stories ever assembled, and originally planned to be a one-time event. But readers wanted more, and the contributors had more stories from Watson's Tin Dispatch Box, so the fun continued. Now, with the release of Parts XXXVII, XXXVIII, and XXXIX, the series has grown to over 800 new Holmes adventures by over 200 contributors from around with world. Since the beginning, all contributor royalties go to the Undershaw school for special needs children, located at one of Sir Arthur Conan Doyle's former homes, and to date the project has raised over \$110,000 for the school. This new collection of 59 adventures features Holmes and Watson carrying out their masterful investigations from the early days of their friendship in Baker Street to the post-War years during Holmes's retirement. Along the way, Our Heroes are involved in dozens of fascinating mysteries - some relating Untold Cases, sequels to Canonical adventures, and a number or others that progress along completely unexpected lines. Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes, described by the estimable Dr. Watson as the best and wisest . . . whom I have ever known.

Science Fiction and Fantasy Book Review Neil Barron, R. Reginald, 2009-11-01 Science Fiction & Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing, with a thousand titles (old and new) hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction, this was the period when the best and the

brightest shined forth their talents. SF&FBR included reviews by writers in the field, by amateur critics, and by litterateurs and University professors. Over a thousand books were covered during the single year of publication, many of them having been reviewed no where else, before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. Neil Barron is a retired bibliographer and literary critic, editor of the acclaimed Anatomy of Wonder series. Robert Reginald was the publisher for twenty-five years of Borgo Press, and has authored over 110 books of his own.

Fantasy Fiction Jennifer Pullen, 2023-12-14 The first fantasy-writing textbook to combine a historical genre overview with an anthology and comprehensive craft guide, this book explores the blue prints of one of the most popular forms of genre fiction. The first section will acquaint readers with the vast canon of existing fantasy fiction and outline the many sub-genres encompassed within it before examining the important relationship between fantasy and creative writing, the academy and publishing. A craft guide follows which equips students with the key concepts of storytelling as they are impacted by writing through a fantastical lens. These include: - Character and dialogue - Point of view - Plot and structure - Worldbuilding settings, ideologies and cultures - Style and revision The third section guides students through the spectrum of styles as they are classified in fantasy fiction from Epic and high fantasy, through Lovecraftian and Weird fiction, to magical realism and hybrid fantasy. An accompanying anthology will provide students with a greater awareness of the range of possibilities open to them as fantasy writers and will feature such writers as Ursula Le Guin, China Miéville, Theodora Goss, Emrys Donaldson, Ken Liu, C.S.E. Cooney, Vandana Singh, Sofia Samatar, Rebecca Roanhorse, Jessie Ulmer, Yxta Maya Murray, and Rachael K. Jones. With writing exercises, prompts, additional online resources and cues for further reading throughout, this is an essential resource for anyone wanting to write fantastical fiction.
