Archbishops and Cathedral Chapters of the Colonial Philippines Alexandre Coello de la Rosa, 2025-08-26 This volume analyzes the religious history of the early modern Philippines. It examines the unstable authority of its archbishops and the preeminence of the Manila cathedral chapters in the second half of the seventeenth century. In particular, it considers these phenomena during the various convoluted periods of vacant sees, paying special attention to the dynamics of promotions within these collegiate bodies.

Saints of Resistance Christina H. Lee,2021 *Saints of Resistance: Devotions in the Philippines under Early Spanish Rule* is the first scholarly study to focus on the dynamic life of saints and their devotees in the Spanish Philippines from the sixteenth through the early part of the eighteenth century. Christina Lee recovers the voices of colonized Philippine subjects as well as those of Spaniards who, through the veneration of miraculous saints, projected and relieved their grievances, anxieties, and histories of communal suffering.

A History of Natural Resources in Asia G. Bankoff,P. Boomgaard,2007-08-20 Much has been written about the wealth of nations, the history of unequal distribution and zones of affluence and deprivation within and between societies. This book explores why some Asian nations are more prosperous than others through an examination of how their interaction with and utilization of resources has changed over the centuries.

Clio/Anthropos Eric Tagliacozzo,Andrew Willford,2009-08-07 The intersection between history and anthropology is more varied now than it has ever been—a look at the shelves of bookstores and libraries proves this. Historians have increasingly looked to the methodologies of anthropologists to explain inequalities of power, problems of voicelessness, and conceptions of social change from an inside perspective. And ethnologists have increasingly relied on longitudinal visions of their subjects, inquiries framed by the lens of history rather than purely structuralist, culturalist, or functionalist visions of behavior. The contributors have dealt with the problems and possibilities of the blurring of these boundaries in different and exciting ways. They provide further fodder for a cross-disciplinary experiment that is already well under way, describing peoples and their cultures in a world where boundaries are evermore fluid but where we all are alarmingly attached to the cataloguing and marking of national, ethnic, racial, and religious differences.

History of the Philippine Islands Antonio de Morga,2022-09-15 In *History of the Philippine Islands*, Antonio de Morga offers a meticulous chronicle of the Philippines during the early 17th century, capturing the islands' diverse cultures, political dynamics, and the impact of Spanish colonization. Morga's narrative is characterized by a blend of firsthand observation and scholarly analysis, infused with a rich array of detail that immerses the reader in the Filipino archipelago's social fabric and natural beauty. His prose reflects the literary style of the Spanish Golden Age, combining clear exposition with vivid imagery, making it a pivotal text for understanding early colonial history in Southeast Asia. Antonio de Morga, a Spanish official and historian, served as a lieutenant governor in the Philippines during a period of profound change. His unique position allowed him to engage deeply with local customs, conduct trade, and witness the tensions between indigenous populations and European powers. Morga's insights are informed by both his personal experiences and a scholarly approach to historiography, revealing both the potential and pitfalls of imperial ambition. *History of the Philippine Islands* is indispensable for scholars of colonial history, offering a primary source that illuminates the complexities of cultural

encounters and power dynamics. Readers interested in the nuances of early modern history, as well as those seeking a deeper appreciation of the Philippines' rich past, will find Morga's work both enlightening and thought-provoking.
