The Angry American Susan Tolchin, 2018-07-03 The Clinton scandals. The Rise of militia and patriot groups. The proliferation of 'trash' TV. Record U.S. trade deficits. Isolated events, or is there some connecting thread? Susan Tolchin says it's anger—mainstream, inclusive, legitimate public anger—and it's not going to vanish until we as a polity acknowledge it and harness its power. How to tap into this pervasive political anger and release its creative energy without being swept away by its force is the dilemma of the 1990s for government leaders and citizens alike. The second edition of this acclaimed volume has been completely revised and updated to account for the ways in which recent events have contributed to the history, causes, and consequences of anger in American politics today. The book embraces positive solutions to problems we are all entitled to be angry about: economic uncertainty, cultural divisiveness, political disintegration, and a world changing faster than our ability to assimilate. Tolchin's solutions incorporate a renewed sense of community, enhanced political access, and responsive rather than reactive government.

Native Americans in Comic Books Michael A. Sheyahshe, 2014-11-29 This work takes an in-depth look at the world of comic books through the eyes of a Native American reader and offers frank commentary on the medium's cultural representation of the Native American people. It addresses a range of portrayals, from the bloodthirsty barbarians and noble savages of dime novels, to formulaic secondary characters and sidekicks, and, occasionally, protagonists sans paternal white hero, examining how and why Native Americans have been consistently marginalized and misrepresented in comics. Chapters cover early representations of Native Americans in popular culture and newspaper comic strips, the Fenimore Cooper legacy, the white Indian, the shaman, revisionist portrayals, and Native American comics from small publishers, among other topics.

ANGRY AMERICAN Sr. Kenneth O. Boles, 2016-04-13 We made a name for ourselves, a good name that the whole world would see and admire. Yes, we did, we made a good name for ourselves, but it didn't come without sacrifice, hard work, loyalty and dedication. What is wrong with America? This book is a wake-up call. This book is the writing on the wall. This book is the truth. I, Kenneth O. Boles, am the author of this book, *The Angry American - Watching America Die*. America is

dying, and that is the true gospel. In this book, I have been diligent, forceful and honest. America truly needs a rebirth. I have heard lots of people express similar feelings, though failing to use the word rebirth. Because of our failures, We The People are the cause of our failing democracy, a form of government in which supreme power is vested in The People. The TRUTH is hard to accept for some people, in fact most. It has been said, As a man soweth, so shall he reap. It has also been said, For every deed, there is a consequence. What happens to the Nation if the people become powerless?

An Autoethnography of African American Motherhood Renata Harden Ferdinand, 2021-11-29 This is the first full-length explicitly identified autoethnographic text on African American motherhood. It shows the lived experiences of Black motherhood, when mothering is shaped by race, gender, and class, and mothers must navigate not only their own, but also their children's positions in society. Ferdinand takes an intimate look at her mothering strategies spanning ten years (from 2007 to 2017), preparing her daughter to traverse a racist and sexist society. It is a multi-generational text that blends the author's experience with that of her own mother, grandmother, and her daughter, to engage in a larger discussion of African American/Black mother/womanhood. It is grounded within Black Feminist Theory, which centers the experiences of Black women within the domains of intersecting oppressions. It is from a very personal position that Ferdinand provides a glimpse into the minutiae of mothering that reveal the everyday intricacies of Black women as mothers. It highlights specific strategies Black mothers use to combat discrimination and oppression, from teaching their children about the n-word to choosing positive representations of Black identity in movies, books, dolls, daycares, elementary schools, and even extra-curricular activities. It shows the impact that stereotypical manifestations of Black femininity have on Black women's experience of motherhood, and how this affects Black women and girls' understanding of themselves, especially their skin color, body shape, and hair texture. As an interdisciplinary text, this book will be reading for academics and students in a broad range of fields, including Education, African American Studies, Communication Studies, Women Studies, Psychology and Health Studies. It is also a handbook of lived experience for Black mothers, grandmothers, and daughters, and for all mothers, grandmothers, and daughters irrespective of color.

Mad to be Saved David Sterritt, 1998 Film critic David Sterritt presents an interdisciplinary exploration of the Beat Generation, its intersections with main-stream and experimental film, and the interactions of all of these with American society and the culture of the 1950s. Sterritt balances the Beat countercultural goal of rebellion through both artistic creation and everyday behavior against the mainstream values of conformity and conservatism, growing worry over cold-war

hostilities, and the rat race toward material success. After an introductory overview of the Beat Generation, its history, its antecedents, and its influences, Sterritt shows the importance of visual thinking in the lives and works of major Beat authors, most notably Jack Kerouac, Allen Ginsberg, and William S. Burroughs. He turns to Mikhail Bakhtin's dialogic theory to portray the Beat writers—who were inspired by jazz and other liberating influences—as carnivalesque rebels against what they perceived as a rigid and stifling social order. Showing the Beats as social critics, Sterritt looks at the work of 1950s photographers Robert Frank and William Klein; the attack against Beat culture in the pictures and prose of *Life* magazine; and the counterattack in Frank's film *Pull My Daisy*, featuring key Beat personalities. He further explores expressions of rebelliousness in film noir, the melodramas of director Douglas Sirk, and other Hollywood films. Finally, Sterritt shows the changing attitudes toward the Beat sensibility in Beat-related Hollywood movies like *A Bucket of Blood* and *The Beat Generation*; television programs like *Route 66* and *The Many Loves of Dobie Gillis*; nonstudio films like John Cassavetes's improvisational *Shadows* and Shirley Clarke's experimental *The Connection*; and radically avant-garde works by such doggedly independent screen artists as Stan Brakhage, Ron Rice, Bruce Connor, and Ken Jacobs, drawing connections between their achievements and the most subversive products of their Beat contemporaries.

Many of these books are the recipients of the following awards and honors: Newbery Award, School Library Journal (starred review), Caldecott Award, Boston Globe Horn Book Award, American Library Association Notable Book, Jane Addams Children's Book Award, American Bookseller - Pick of the List, Kirkus Reviews (starred review), Publishers Weekly (starred review), Booklist (starred review), Coretta Scott King Award, VOYA Top Picks, National Book Award, and the Michael L. Native Americans on Network TV Michael Ray FitzGerald,2013-12-24 The American Indian has figured prominently in many films and television shows, portrayed variously as a villain, subservient friend, or a hapless victim of progress. Many Indian stereotypes that were derived from European colonial discourse—some hundreds of years old—still exist in the media today. Even when set in the contemporary era, novels, films, and programs tend to purvey rehashed tropes such as Pocahontas or man Friday. In *Native Americans on Network TV: Stereotypes, Myths, and the “Good Indian,”* Michael Ray FitzGerald argues that the colonial power of the U.S. is clearly evident in network television’s portrayals of Native Americans. FitzGerald contends that these representations fit neatly into existing conceptions of colonial discourse and that their messages about the “Good Indian” have become part of viewers’ understandings of Native Americans. In this study, FitzGerald offers close examinations of such series as *The Lone Ranger*, *Daniel Boone*, *Broken Arrow*, *Hawk*, *Nakia*, and *Walker, Texas Ranger*. By examining the traditional role of stereotypes and their functions in the rhetoric of colonialism, the volume ultimately offers a critical analysis of images of the “Good Indian”—minority figures that enforce the dominant group’s norms. A long overdue discussion of this issue, *Native Americans on Network TV* will be of interest to scholars of

television and media studies, but also those of Native American studies, subaltern studies, and media history.
