El corazón del chamán Alberto Villoldo, 2020-01-07 Este libro te transportará en un viaje mágico al mundo sagrado del chamán. Alberto Villoldo profundiza en los sueños y los viajes en el tiempo de los chamanes de los Andes y el Amazonas, cuya sabiduría cambió radicalmente su visión del mundo. El autor nos acerca a algunas de estas enseñanzas ancestrales, entre las que destaca el concepto de sueño sagrado: una revelación efímera, pero poderosa, que tiene el don de guiarnos en nuestro camino y mostrarnos nuestro lugar en el universo. Las prácticas de este libro te ayudarán a forjar tu propio sueño sagrado para decidir tu porvenir con valentía y guiado por tu visión. Serás invitado a seguir los pasos del guerrero luminoso y a descubrir cómo despertar de las pesadillas/falsas creencias que te mantenían atrapado, y a transformarlas en una libertad atemporal, conocida como Luz Primordial. Mediante este poder creativo, empezarás a emanar belleza y sanación, y a soñar un mundo nuevo. Cuando transformas estos sueños y aceptas que la vida es cambio, que tu mortalidad forma parte de ese cambio y que nadie excepto tú puede liberarte del miedo, el caos de tu existencia se transforma en orden y se impone la belleza.

Chaman, Sanador, Sabio Alberto Villoldo, 2007-10-02 Alberto Villoldo, antropólogo médico de formación académica, lleva estudiando las técnicas de sanación chamánicas entre los descendientes de los antiguos incas desde hace más de veinte años. En Chaman, sanador, sabio, recurre a su vasto corpus de conocimientos para elaborar un programa práctico y revolucionario que se basa en los métodos de curación tradicionales que utilizan los chamanes; métodos que, hasta ahora, han sido prácticamente inaccesibles. Un concepto clave de la sanación chamánica es el del Campo de Energía Luminosa que envuelve nuestro cuerpo físico. Villoldo enseña a ver y modificar las huellas que la enfermedad deja en este campo; además de mostrar cómo sanarse a sí mismo y a los demás, y cómo prevenir cualquier dolencia. Chaman, sanador, sabio es un libro rico en sabiduría antigua y en técnicas contemporáneas, que cualquier persona puede aprender con facilidad y deleite.

Las milagrosas herramientas con las que curan los chamanes ALBERTO VILLOLDO, 2016-06-13 En esta obra, Alberto Villoldo, uno de los grandes pioneros de la curación energética, secundado por Anne E. O'Neill, desmitifica la antigua y profunda sabiduría a través de doce historias de transformación y crecimiento personal. Se trata de historias basadas en la experiencia del propio autor como sanador, profesional de la salud mental tradicional y seguidor de la sabiduría chamánica, así como de las tradiciones indígenas de todo el mundo. A través de estos asombrosos e inspiradores relatos, aprenderás a

curar enfermedades, eliminar el sufrimiento emocional, e incluso desarrollar un cuerpo nuevo que envejezca y se cure de una forma distinta. El tiempo y el espacio pierden sus dimensiones convencionales en el mundo del chamán, por lo que en esta obra te verás transportado a nuevas dimensiones, nuevas realidades y maneras de desencadenar potenciales que nunca pensaste que podrían existir.

Cerebro de pan (edición revisada y actualizada) Dr. David Perlmutter, 2019-04-11 La devastadora verdad sobre los efectos del trigo, el azúcar y los carbohidratos en el cerebro (y un plan de 30 días para remediarlo). El destino de tu cerebro está en tus manos. Cuando este libro se publicó por primera vez, no sólo conquistó rápidamente el primer puesto de todas las listas de los más vendidos alrededor del mundo, sino que inició una revolución capaz de transformar la vida de más de 1 millón de lectores. El renombrado neurólogo David Perlmutter destapa un tema que había estado enterrado en la literatura médica durante largo tiempo: los carbohidratos están destruyendo nuestro cerebro. Y no sólo los carbohidratos malos, sino aquellos considerados saludables, como los granos enteros, pueden representar amenazas a la salud con consecuencias como demencia, ansiedad, neblina cerebral, depresión, diabetes, obesidad y mucho más. Las propuestas del doctor Perlmutter #enfocadas en reducir el consumo de azúcares, eliminar el gluten, incrementar el consumo de grasas de alta calidad y aprovechar el poder del ayuno intermitente# trastocaron nuestra idea de una dieta saludable. En esta nueva edición revisada, que integra los últimos descubrimientos en el campo de la nutrición y la neurología, así como un plan de acción de 30 días con recetas renovadas, el doctor Perlmutter nos ofrece una promesa esperanzadora: el deterioro cerebral puede prevenirse con las elecciones de dieta y estilo de vida que hacemos cada día.

¡Mamá, he visto al abuelo! Teresa Borotau Castro, 2022-07-05 Muchas personas reciben la visita de sus familiares y amigos fallecidos, otras tienen premoniciones, sueños lúcidos, visiones, experiencias cercanas a la muerte o sienten energías que no saben cómo catalogar, pero pocas se permiten compartir estas experiencias y, aún menos, profundizar en su naturaleza sensitiva. El resultado es un profundo sentimiento de soledad, incompreensión y aislamiento. Teresa Borotau se permitió ir más allá de su primer contacto a los cuarenta años y, a pesar del miedo, se abrió a lo que era: una intermediaria entre diferentes planos de realidad. En ¡Mamá, he visto al abuelo! nos relata este apasionante proceso de transformación, ayudándonos a normalizar estos hechos y a reconocer aquello que somos. Gracias a su experiencia en la consulta y en la Escuela de Sensibilidad puede compartir numerosos testimonios y casos reales en los que lo extraordinario se vuelve parte de lo cotidiano. “Para un buscador del conocimiento cualquier nueva fuente se convierte en alimento. La ampliación de esta sensibilidad que Teresa trabaja ayuda a las personas, y también puede ayudar a un investigador que escucha a todos y que

todo lo pone en tela de juicio.” — Lluís Pastor, Doctor en periodismo.

Las cuatro revelaciones Alberto Villoldo, 2007 Con la llegada de los conquistadores, los Guardianes de la Tierra, antiguos chamanes de las Américas, fueron encarcelados, torturados y asesinados, y su sabiduría fue considerada un peligro y una amenaza para la Iglesia Católica. Por ello, sus valiosas en

La nostalgia de los orígenes Joan Prat, 2018-12-13 El gran mito del origen de Occidente es el libro del Génesis, que narra la creación del mundo y de la humanidad, con énfasis en tres momentos críticos: la armonía y plenitud de la existencia paradisiaca original; la desobediencia y caída; y -finalmente- la posibilidad de recuperar el paraíso perdido. La nostalgia de los orígenes muestra que existen cuatro grandes vías para retornar a dicho origen: la senda chamánica, que persigue fusionar los diferentes mundos y planos en la persona del chamán; la vía gnóstica, que es la senda del conocimiento esotérico que conduce a la completitud de los inicios; la vía monástica, que es la que busca la salvación a través de la ascesis y la renuncia; y la vía mística, que es la que se centra en la unión con lo Absoluto o lo Divino. A pesar de las aparentes diferencias entre el chamán, el gnóstico, el monje y el místico, Prat nos muestra cómo estas figuras persiguen el mismo objetivo: revivir aquella edad de oro y plenitud inicial. La metodología utilizada combina hábilmente los aspectos teóricos con el trabajo de campo antropológico, presentado a través de microetnografías y experiencias participantes. El presente texto es la culminación de los intereses teórico-etnográficos que han animado las investigaciones de toda la vida del autor.

Yoga, Power, and Spirit Alberto Villoldo, Ph.D., 2007-04-01 The Yoga Sutra of Patanjali is the classic text on the spiritual practice of yoga. Written more than 2,000 years ago, this work is a map to the fast track to enlightenment. They derive from an ancient oral tradition, when Devi, the Divine feminine, was worshiped. Yet, today, the Yoga Sutra is taught by priests and scholars from a masculine Hindu tradition that obscures the simple wisdom in it. Yoga, Power, and Spirit shows us that the Sutra is pre-Hindu, and that the power of Devi and enlightenment are available to us at all times, without guru, temple, or decades of study.

One Spirit Medicine Alberto Villoldo, Ph.D.,2015-05-05 Today our minds, our emotions, our relationships, and our bodies are out of kilter. We know it, but we tend to ignore it until something brings us up short – a worrying diagnosis, a broken relationship, or simply an inability to function harmoniously in everyday life. When things are a little off, we read a self-help book. When they're really bad, we bring in oncologists to address cancer, neurologists to repair the brain, psychologists to help us understand our family of origin. But this fragmented approach to health is merely a stopgap. To truly heal, we need to return to the original recipe for wellness discovered by shamans millennia ago: One Spirit Medicine. Through One Spirit Medicine, the shamans found that they could grow a new body that allowed them to live in extraordinary health. They learned how to switch off the death clock inside every cell, and turn on the immortality genes that reside in password-protected regions of our DNA. Cancer, dementia, and heart disease were rare. The shamans of old were truly masters of prevention. Drawing on more than 25 years of experience as a medical anthropologist – as well as his own journey back from the edge of death – acclaimed shamanic teacher Alberto Villoldo shows you how to detoxify the brain and gut with superfoods; techniques for working with our luminous energy fields to heal your body; and follow the ancient path of the medicine wheel to shed disempowering stories from the past and pave the way for rebirth. Using the principles and practices in this book, you can feel better in a few days, begin to clear your mind and heal your brain in a week, and in six weeks be on your way to a new body – one that heals rapidly, retains its youthful vitality, and keeps you connected to Spirit, to the earth, and to a renewed sense of purpose in your life.

The Wisdom Wheel Alberto Villoldo,2023-04-04 Access the gifts of transformation, heal the self, and live in harmony with one another and with the Earth by journeying through the wisdom wheel—a fresh take on the traditional medicine wheel—its archetypes, and its four wisdom challenges. The teachings of the medicine wheel have existed from the beginning of time.

Today, however, we are creating modern paradigms of shamanism while drawing on the sacred traditions of the past. In this book, shamanic practitioner Alberto Villoldo explains that the medicine wheel is also a wisdom wheel: an advanced tool for working toward personal and planetary transformation. By journeying through the wisdom wheel and its four directions—South, West, North, and East—each of which is associated with an archetypal animal and sacred journey, you will be able to access powerful healing energies and step into a new personal and collective destiny.

Mending the Past and Healing the Future with Soul Retrieval Alberto Villoldo, 2005 This fascinating book by psychologist and medical anthropologist Alberto Villoldo, Ph.D., explains the practices for healing outside of ordinary time and space. It shows how to enter the timeless now to heal events that occurred in the past, and to correct the course of destiny. Dr. Villoldo discusses ways in which you can heal yourself and your loved ones by employing intention through practices used by shamans of the Americas—which, until now, have been inaccessible to most of the world. The shamans of old called this journeying. In this book, you'll discover that you have a four-chambered heart in the same way you have a four-chambered soul. In the first chamber, you store away the memory of a wound that derailed your destiny. In the second, you keep the limiting beliefs and soul contracts that you entered into at the time of your loss. In the third, you recover the grace and trust that will make you whole again; and in the fourth, you remember the calling and mission that you choose to unfold in this lifetime. While everyone has a future, Villoldo says, only certain people have a destiny. This book shows you how to find and manifest yours.

Grow a New Body Alberto Villoldo, 2019-03-12 This newly revised edition of the Wall Street Journal bestseller *One Spirit Medicine* offers an accessible guide to an ancient practice for healing and transformation—including new, cutting-edge science, recipes, and a 7-day Grow a New Body meal plan! Using the principles and practices in this book, you can feel better in a few days, begin to clear your mind and heal your brain in a week, and in six weeks be on your way to growing a new body—one that heals rapidly, retains its youthful vitality, and keeps you connected to Spirit, to the earth, and to a renewed sense of purpose in your life. Our minds, our emotions, our relationships, and our bodies are out of kilter. We know it, but we tend to ignore it until something brings us up short—a worrying diagnosis, a broken relationship, or simply an inability to function harmoniously in everyday life. When things are a little off, we read a self-help book. When they're really bad, we bring in oncologists to address cancer, neurologists to repair the brain, psychologists to help us understand our family of origin. This fragmented approach to health is merely a stopgap. To truly heal, we need to return to the original recipe for wellness discovered by shamans millennia ago. Drawing on more than 25 years of experience as a medical anthropologist—as well as his own journey back from the edge of death—acclaimed shamanic teacher Alberto Villoldo shows you how to detoxify the brain and gut with superfoods; use techniques for working with our luminous energy fields to heal your body; and follow the ancient path of the medicine wheel to shed disempowering stories from the past and pave the way for rebirth.

The Peyote Effect Alexander S. Dawson, 2018-09-04 The hallucinogenic and medicinal effects of peyote have a storied history that begins well before Europeans arrived in the Americas. While some have attempted to explain the cultural and religious significance of this cactus and drug, Alexander S. Dawson offers a completely new way of understanding the place of peyote in history. In this provocative new book, Dawson argues that peyote has marked the boundary between the Indian and the West since the Spanish Inquisition outlawed it in 1620. For nearly four centuries ecclesiastical, legal, scientific, and scholarly authorities have tried (unsuccessfully) to police that boundary to ensure that, while indigenous subjects might consume peyote, others could not. Moving back and forth across the U.S.-Mexico border, *The Peyote Effect* explores how battles over who might enjoy a right to consume peyote have unfolded in both countries, and how these conflicts have produced the racially exclusionary systems that characterizes modern drug regimes. Through this approach we see a surprising history of the racial thinking that binds these two countries more closely than we might otherwise imagine.

La División Azul Carlos Caballero Jurado, 2019-05-22 Incluye 50 fotografías y 25 mapas originales. *La División Azul* es, sin duda alguna, una de las unidades militares que más interés ha despertado entre los historiadores y estudiosos de la Segunda Guerra Mundial. El autor, que se encuentra entre los más reconocidos especialistas en el tema, ofrece al lector una visión global sobre la trayectoria de los voluntarios españoles en la Wehrmacht de Hitler desde su fundación en 1941 hasta la actualidad, y esclarece los numerosos mitos y leyendas que se han forjado en torno a estos. Además del análisis certero de las operaciones militares, esta obra se adentra también en los entresijos diplomáticos, propagandísticos, políticos y, de manera especial, en las vivencias más íntimas de los combatientes gracias a décadas de investigación y a las entrevistas con los protagonistas de una de las mayores aventuras bélicas de la historia contemporánea de España.
