The Art of Loving Erich Fromm,2000-04-01 Renowned psychoanalyst Erich Fromm has helped generations of men and women achieve rich and productive lives by developing their capacity to love. This centennial edition of his most enduring work salutes the valuable lessons that are Fromm's legacy.

**The Art of Loving** Erich Fromm,1975 The author sees love as the ultimate need and desire of all human beings. In this book he discusses every aspect of the subject: romantic love, the love of parents for children, brotherly love, erotic love, self love and the love of God. He looks at the theory of love as it appears throughout the cultures of the world and at the practice, how we show or fail to show love for one another. Love is an art which we need to develop and practice in order to find true contentment. We need to find it individually as well as a society as a whole.

**The Art of Loving** Erich Fromm,2016-09-16 The Art of Loving is a book by psychoanalyst and social philosopher Erich Fromm, which was published as part of the World Perspectives Series edited by Ruth Nanda Anshen. In this work, Fromm develops his perspective on human nature, from his earlier work, Escape from Freedom and Man for Himself - principles which he revisits in many of his other major works. Fromm presents love as a skill that can be taught and developed. He rejects the idea of loving as something magical and mysterious that cannot be analyzed and explained, and is therefore skeptical about popular ideas such as falling in love or being helpless in the face of love.

**Erich Fromm 'The Art of Loving'** Paul O'Moshnow,2020-07-01 What is suggested to your attention is, in a sense, an invitation. To introduce the most interesting work of Erich Fromm: The art of loving or exploring the nature of love. While reading this book, you are going to agree in some ways with its author, whereas in other ways you are not. In any case, you are not going to regret the time spent on reading it. In terms of a sense of pleasure received while reading and of benefits obtained from it. For your life. The art of loving can be commented on or discussed, can be both and even more. We, in our turn, allowed ourselves only to make a very tiny description about rationality/irrationality of the phenomenon of Love.

**Art of Loving** Doug Robson,2022-10-16 The Art of Loving is a rich and detailed guide to love-an achievement reached through maturity, practice, concentration, and courage. In the decades since the book's release, its words and lessons continue to resonate with a challenge to traditional Western notions of love, The Art of Loving is a modern classic about taking care of ourselves through relationships with others by the New York Times-bestselling author of To Have or To Be?

and Escape from Freedom. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate. Don't expect this book to be a simple guide to the art of loving; if you do, you will be disappointed. On the contrary, the book seeks to show that love is not a feeling to be indulged in by anyone, regardless of their level of maturity. Is loving an art? If it is, one who wishes to master this art must know something and spare no effort. Or is love just a pleasant sensation that one experiences purely by accident, something that drops into one's lap so to speak if one is lucky? This little book assumes that loving is an art, although most people today no doubt assume the latter.

**Summary of Erich Fromm's The Art of Loving by Milkyway Media** Milkyway Media,2020-04-29 Love can be difficult, but it's not mysterious. No matter who you are, your capacity to love can be developed in the same way as learning to cook or play the violin: with practice... Purchase this in-depth summary to learn more.

The Art of Loving Erich Fromm,1956

The Art of Loving S.P.Sharma,2007-09 The book is profusely peppered with examples of Cupid's copious arrows that have felled monarchs and common folk, princes and paupers, seers and seekers, writers and readers. It also narrates instances where women have pined for, winned, dined and chased men! From Socrates to Shah Jahan, Shakespeare to Shaw, Napoleon to Nehru, Dale Carnegie to Charlie Chaplin, Horatio Nelson to Adolf Hitler, John D Rockefeller to Pt Ravi Shankar, the book throbs with countless stories and the magic of the world's most powerful four-letter word, LOVE.

**Essays for studying by Lukas: The Art of Loving by Erich Fromm** Lukas,2022-01-31 Before you is an invitation to introduce you to Erich Fromm's magnificent The Art of Loving: An enquiry into the nature of love. There may be parts of this book with which you fervently agree, and others where you vehemently do not. In either case, you will not regret the time you spent reading it. The pleasure you gain from its reading and the impact of the book on your life will be immeasurable. You can talk or argue about Fromm's The Art of Loving, but, for our part, we have limited ourselves to a few short remarks on the rationality (or irrationality) of that phenomenon called love.

An Art of Living André Maurois,2007 A new translation by Sergio E. Serrano of this inspirational book containing sound

advice on the art of living by the French historian, biographer, and philosopher, Andr Maurois (1885 - 1967), who was one of the most celebrated and prolific French writers of the 20th century. Timeless wisdom and advice on the art of living for today's young and old: The art of thinking; the art of loving; the art of working; the art of leadership; the art of growing old. Maurois speaks to the soul of the reader. The principles he conveys remain as valid and as useful in the 21st century as they were in the 20th. According to Maurois, our lives are works of art, expressions of inner beauty, conceived and created by our inner selves, tested by the circumstances and experiences of life, perfected and modified by the learning and growth resulting from these experiences. Maurois accurately predicted: the ultimate failure of all social revolutions; the necessity of slow change in human customs and attitudes as a key to lasting changes; the technological development and implementation of robots in large assembly lines; the constant distraction with technology and its harmful effects to the mind, the emotions, and relationships; the characteristics of a reasonable and effective government; the inner virtues to cultivate in order to successfully overcome the adversities of life; the qualities to seek in order to maintain stable, loving, relationships; the attributes to encourage as an effective manager; the essentials by which to plan a long and enjoyable retirement; the principles behind an effective educational system. An Art of Living remained out of print for several decades. This new translation resurrects this little treasure of a book for the English readers of today; it remains faithful to the original French edition and to the style of the author.

The Art Of Love Ovid,2021-07-03 Should any one of the people not know the art of loving, let him read me; and taught by me, on reading my lines, let him love. By art the ships are onward sped by sails and oars; by art are the light chariots, by art is Love, to be guided. In the chariot and in the flowing reins was Automedon skilled: in the Hæmonian ship of Jason Tiphys was the pilot. Me, too, skilled in my craft, has Venus made the guardian of Love. Of Cupid the Tiphys and the Automedon shall I be styled. Unruly indeed he is, and one who oft rebels against me; but he is a child; his age is tender and easy to be governed.

Ovid; the Art of Love Ovid,1929

The Art of Love Roy Gibson,Steven Green,Alison Sharrock,2007-01-04 The Art of Love celebrates the bi-millennium of Ovid's cycle of sophisticated and subversive didactic poems on love, traditionally assumed to have been brought to completion around AD 2. Ars Amatoria (The Art of Love) and Remedia Amoris (Cures for Love), which purport to teach young Roman men and women how to be good lovers, were partly responsible for the poet's exile from Rome under the emperor Augustus. None the less they exerted great influence over ancient and later love poetry. This is the first collection in English devoted to the poems, and brings together many of the leading figures in the field of Latin literature and Ovidian studies from the British Isles, Germany, Italy, and the United States. It offers a range of perspectives on the poetics, politics, and erotics of the poems, beginning with a critical survey of recent research, and concluding with papers on the ancient,

medieval, and modern reception of the poems.

**Kabbalah and the Art of Being** Shimon Shokek, 2013-10-23 This new approach introduces Kabbalah as a spiritual Jewish way of living, a practical wisdom for living, creativity and well being, and not merely a religious phenomenon or esoteric theology. Professor Shokek suggests that the Kabbalistic theme of Creation is the central ingredient in the spiritual teachings of Jewish mysticism. He skilfully reveals the core questions that emerge from the wisdom of the Jewish sages, opening up a lively avenue of debate in this increasingly popular area of study.
