Alben Barkley James K. Libbey, 2016-04-15 Born to poor tenant farmers in a log cabin in Graves County, Kentucky, Alben Barkley (1877-1956) rose to achieve a national political stature equaled by few of his contemporaries. His memorable public career ranged from the Progressive era to the early years of the Cold War, and he witnessed or influenced many of the key events of the twentieth century. Eventually elected vice president of the United States on the ticket with Harry S. Truman in 1949, Barkley possessed a candid demeanor and social skills that helped him become one of the most popular politicians of his day. In *Alben Barkley: A Life in Politics*, James K. Libbey offers the first full-length biography of this larger-than-life personality, following Barkley in his transition from local politician to congressman, then senator, senate majority leader, vice president, and senator once again. A loyal Democrat, Barkley was instrumental in guiding Franklin D. Roosevelt's New Deal programs through Congress. He later took on a key role in managing domestic policy as the president became more and more immersed in World War II. Libbey also reveals Barkley's human side, from his extremely humble beginnings

to his dramatic and chilling final speech at Washington and Lee University in 1956, when he said, I would rather be a servant in the house of the Lord than to sit in the seats of the mighty, delivering the legendary quote moments before succumbing to a massive heart attack. A significant contribution to American history, this definitive biography offers a long overdue look at the Iron Man of politics.

The American Father Onscreen Toby Reynolds, 2021-12-21 The American father is constantly depicted by contemporary Hollywood as being under pressure and forever struggling, but why? By utilising an analytical psychological approach, this fascinating book reveals the depths, complexities and nuances of the depictions of the American father and his struggles with contemporary contextual challenges and offers a fresh and intellectually exciting set of perspectives and interpretations of this key masculine figure and his effect on cinematic masculinities. Using a post-Jungian methodology and close textual analysis, the book seeks to explore the presence and impact of the American filmic father, and the effect his Shadow has on himself, his children and US society. It does this by examining the concept of 'father hunger', a term popularised by the

mytho-poetic men's movement that holds fathers to be an essential link to the masculine continuum and masculinity in general. Analysing the role that Hollywood plays in depicting fathers and their relationships with their children and American society, *The American Father Onscreen* concludes that Hollywood presents the American paternal as crucial to the construction of US society and, consequently, American cultural myths, such as the American Dream. Providing an alternative perspective into the fascinating, complex, and under-researched figure of the American father, this book will be of great interest to academics and students of film, gender studies, American studies, and post-Jungian psychology.

Provocative and Contemplative Quotations John L. Bowman, 2013-12-10 Emerson wrote that thinking is hard to do, which is why so few do it. Socrates asserted the unexamined life is not worth living, Franklin pondered prudence, Sartre examined the existentialist void, Bothius described the wheel of fortune, Cicero mused on old age, Shakespeare dramatized revenge, La Rochefoucauld unveiled vices tribute to virtue, Montaigne said no wind works for those with no port of destination and Sophocles explained it is a mistake to wait until evening to see how splendid the day has been. For millennia brilliant historic thinkers have pondered timeless truths about human nature. Many provocative and contemplative ideas have resonated through time, proving as meaningful today as in the past. This book offers a compendium of thought-provoking quotations along with cogent author comments. It is a celebration of thinking and thought never goes out of fashion.

Poisonous Parenting Shea M. Dunham, Shannon B. Dermer, Jon Carlson, 2012-01-26 How does the toxicity associated with particular parenting styles affect attachment? How do the contaminated views of themselves that children of poisonous parents have affect their relationships into adulthood? Like physicians, clinicians do not want to amputate, but they sometimes find it necessary in order to preserve the health of the larger system. *Poisonous Parenting* shows clinicians how to recognize the effects of poisonous parenting in adult children and how to heal the scars created by parents' toxic attitudes and behaviors. Readers will come away from the book understanding ways to counteract the effects of poisonous parenting so that clients can recover and lead a healthy life. They'll also learn techniques for determining when a relationship can be

salvaged, when to proceed with caution, and when to disconnect in order to keep the poison from spreading.

Morality and Masculinity in the Carolingian Empire Rachel Stone, 2011-10-20 What did it mean to be a Frankish nobleman in an age of reform? How could Carolingian lay nobles maintain their masculinity and their social position, while adhering to new and stricter moral demands by reformers concerning behaviour in war, sexual conduct and the correct use of power? This book explores the complex interaction between Christian moral ideals and social realities, and between religious reformers and the lay political elite they addressed. It uses the numerous texts addressed to a lay audience (including lay mirrors, secular poetry, political polemic, historical writings and legislation) to examine how biblical and patristic moral ideas were reshaped to become compatible with the realities of noble life in the Carolingian empire. This innovative analysis of Carolingian moral norms demonstrates how gender interacted with political and religious thought to create a distinctive Frankish elite culture, presenting a new picture of early medieval masculinity.
