**Lionel Lyles**

**Anatomy of the Spirit** Caroline Myss, 1997-08-26 Building on wisdom from Hindu, Christian, and Kabbalah traditions, this comprehensive guide to energy healing reveals the hidden stresses, beliefs, and attitudes that cause illness. Anatomy of the Spirit is the boldest presentation of energy medicine to date, written by one of its premier practitioners, internationally acclaimed medical intuitive Caroline Myss, who is amongst the hottest new voices in the alternative health/spirituality scene (Publishers Weekly). Based on fifteen years of research into energy medicine, Dr. Myss's work shows how every illness corresponds to a pattern of emotional and psychological stresses, beliefs, and attitudes that have influenced corresponding areas of the human body. Anatomy of the Spirit also presents Dr. Myss's breakthrough model of the body's seven centers of spiritual and physical power, in which she synthesizes the ancient wisdom of three spiritual traditions-the Hindu chakras, the Christian sacraments, and the Kabbalah's Tree of Life-to demonstrate the seven stages through which everyone must pass in the search for higher consciousness and spiritual maturity. With this model, Dr. Myss shows how you can develop your own latent powers of intuition as you simultaneously cultivate your personal power and spiritual growth. By teaching you to see your body and spirit in a new way, Anatomy of the Spirit provides you with the tools for spiritual maturity and physical wholeness that will change your life.

**Summary of Caroline M. Myss's Anatomy Of The Spirit** Everest Media, 2022-03-09T22:59:00Z Please note: This is a

companion version & not the original book. Sample Book Insights: #1 The human energy field is a highly sensitive perceptual system that extends as far out as your outstretched arms and the full length of your body. It is both an information center and a highly sensitive perceptual system. The energy field carries emotional energy created by our internal and external experiences, and it influences the physical tissue within our bodies. #2 Positive images and the energy of positive experiences are also held in the energy field. They are converted into matter by the brain, and emotions are stored physically in our bodies and interact with our cells and tissues. #3 The energy that is produced from our emotional and psychological states converts into biological matter through a highly complex process. Each organ and system in the body is calibrated to absorb and process specific emotional and psychological energies. #4 Intuitions are the result of the body's attempt to promote its own health, and they are usually only concerned with the part of the body that is becoming weakened or diseased. They transmit only the essential information to bring the conscious mind to an awareness of the imbalance or disease.

**Maa** Derric Moore, 2012-04 Before the 42 Laws of Maat and the 10 Maat Virtues, the ancient philosophers of Kamit (Egypt) relied upon a set of shamanic principles that taught how to work the Ra (the Spirit of God), called the Seven Codes of Maa. Similar to the 7 Universal Laws, the 7 Codes of Maa allowed the Kamitic people to see science and magic as the same thing, and work them both. In this book you will learn how to discover your purpose in life, reconnect to your ancestral past, create sacred spaces, and foretell the future using ordinary objects found in nature in order to change your dreams into a reality.

**Psychiatryland** Phillip Sinaikin, 2010-09-21 Have you ever sought professional help for an emotional problem and were shocked to find yourself diagnosed as mentally ill? Are you being pressured to take psychiatric medications by a doctor who barely listens to you? If you are one of the millions of consumers of professional mental healthcare in America today, the answer to both questions is most likely yes and it's just as likely the treatment isn't working. In Psychiatryland, Dr. Phillip Sinaikin teaches you why mental healthcare in America has come to be totally dominated by the so-called medical model of

mental illness and how this can be dangerous to both your mental and physical health. Geared toward consumers, Sinaikin shows that psychiatry as it is practiced today is not a progressive medical science, but rather a multibillion-dollar business, run for profit by pharmaceutical companies, the insurance industry, and mainstream psychiatry. Dr. Sinaikin provides the tools to empower you and to help you learn how to take personal control of your mental healthcare and begin to make well-informed and rational decisions about the emotional well-being of yourself and the people you love.

Triumph of the Spirit Lionel Lyles, 2000-12-14 One of the most formidable tasks that an individual faces today is to learn this simple truth: That is, life is a journey of self-realization. Getting thoughts create barriers that prohibit understanding. An affected person is unconsciously misled to believe that the only reality that exists is the one experienced by the five senses. As such, spirituality is reduced to a mechanical affair, where the soul is bound and heaven is perceived as being a distant place that is unexperienceable until after death. The message contained in this book illuminates the idea heaven is a choice, and it can be experienced NOW. To claim this miracle for self, it is necessary to re-work the thoughts in the mind. Those that create what is not wanted must be let go, and, as a mother bear protects her cub, one must guard the thoughts allowed into the mind. Taking personal responsibility is at the heart of this self-work. This personal revolution is a process. Any courageous enough to claim it can expect to create the following: intimate social relationships, responsive political systems, schools that teach children Who They Are, and loving families.

Teach you a portable Six-Step Button Therapy Method to utilize anytime and anywhere you have a Button pushed which causes emotional distress. Help you become more conscious, aware, loving, and compassionate. Improve your interpersonal relationships. Facilitate your journey of personal and spiritual growth. Early Acclaim for The Button Therapy Book Improve Your Quality of Life and Parenting Skills The Button Therapy Book has made an incredible difference in my attitude and my life. I am able to relax more and don't get as uptight or angry as I used to. I have always been a person who had my Buttons pushed fairly easily and now I understand how to identify my Buttons, address them in a calm and loving way and most importantly, get rid of them. I've also been able to take the information given in the book and pass it on to my children to help them overcome their Buttons. Dr. Goodwin gives the reader all the tools they need to live happier, healthier lives, starting immediately! I highly recommend this book, it is a must for any person who is interested in improving his or her quality of life and getting rid of those buttons! Jodie Wilkerson from Greenville, NC Get Ready to Unbutton and Be Free! Button Therapy, a 'MUST HAVE' for any mental health professional and/or the lay person. I have found many insights in this book and I have recommended it to just about everyone I know. I think that Dr. Goodwin has hit the 'button on the head', and has loosened it's thread with his insightful, caring explanation of our 'Buttons' and how to deal with them. I find myself referring to it regularly in my business. Thanks Lloyd, I am happier, my clients are happier and we all understand others and ourselves better now that we have read your book. We will all be looking forward to your next work! Suzanne Osborne, Ph.D., Clinical Psychologist, Forensic Psychologist, Criminal Profiler, Counselor from North Myrtle Beach, SC A Model for Personal and Spiritual Growth The Button Therapy Book is a creative synthesis of Eastern and Western models for personal and spiritual growth. An incredible compilation and synthesis of psychological self-help techniques. You would have to read 10 books to get the

information and number of self-help techniques presented in this book. I've personally benefited from applying this practical six-step self-help model to some of my Buttons. The chapter titled 30 Seeds for Your Mind's Garden is worth the price of this book alone. The 30 Seeds are guidelines that have been helpful in my journey of personal and spiritual growth. Planting these life-enhancing seeds into the gardens of our minds enables us to become more conscious, aware, loving, and compassionate. This is simply the best psychological self-help book I've ever read. I've already recommended this book to my friends. An excellent read! Patricia Pollard, M.P.A., Administrator from Health Sciences Personnel, Brody School of Medicine, East Carolina University, Greenville, NC Button Therapy Book: Good for Self-Helpers and Professionals Goodwin has written a very readable book, which includes a thorough compilation of respected authors, therapists, and philosophers. Those views, augmented with his many years of counseling experience, provide a useful theoretical and practical book for both the mental health professional as well as the individual seeking a good self-help reference and guide, including inventories in the appendix. Stephen K. Creech, Ph.D., Mental Health Professional and Musician from Winterville, NC. Button Therapy I was excited to see three decades of counseling theories, approaches, and strategies in mind-body therapy, brought together in one resource that is readable and accessible for either the lay-reader or counseling professional. This book is unique because it combines psychological research with very usable self-assessments and self-help techniques that can be applied in the real world. The element that I found most helpful are the 30 Seeds for Your Mind's Garden in Chapter 21. This presents a summary and cognitive guideline of living life most effectively to its fullest potential. Mark Stebnicki, Rh.D., LPC, CRC, CDMS Professor and Director, Rehabilitation Counselor Education Program, East Carolina University, Greenville, NC A Fantastic Book A super way to learn how to deal with all the Buttons and Button-Pushers in your life. Learn to be a happier, healthier and hopefully a better person all around. Ned Petrak, Financial Advisor, Goldsboro, NC CONGRATULATIONS!!! Congratulations Dr. Goodwin! You've done a wonderful job. I like the holistic nature of this cognitive behavior therapy model. The vast majority of clients I have worked with, see themselves as pawns in this world being blown from one situation to the other with minimal control. They often experience their emotions and actions as responsive to external forces rather than behavioral choices over which they have control. The Button Therapy Book teaches that the locus of most situations is internal and therefore, under our control. Most of us are spiritually empty. I am very positive that they will be able to fill that spiritual void by reading The Button Therapy Book. I will recommend this book to any mental health professional I know. Agyenim A-Boateng, M.S., CRC, CCAS, LPC, Mental Health Professional from Pinehurst, NC An Excellent Guide To Feeling Good! The Button Therapy Book provides techniques that will immediately lift your spirits and help you develop a positive outlook on life. Everyone has Buttons and Button-Pushers. Dr. Goodwin provides a framework to recognize the cognitions (i.e. thoughts, beliefs, etc.) attached to Buttons that produce negative results. Through the 21 Button removal strategies described in the book empowerment is accessible. A great tool box for those working in the mental health field as well as for

anyone seeking personal growth. If you have the desire to dance to the music of the universe instead of dancing every time somebody pushes your Buttons, buy it, read it, you deserve it! Sharon Williams from Washington, NC Tired of Getting Your Buttons Pushed? The Button Therapy Book is an excellent 'life enhancement manual'. I highly recommend it. Its foundations are based on the teachings of Buddha, Jesus Christ and Ken Keyes Jr. The Button Therapy Book also nicely wraps up the 'best of the best' literature from prominent psychologists, philosophers, and modern day shamans. The fewer 'Buttons
