South Asian Women and International Relations Abhiruchi Ojha, Pramod Jaiswal, 2023-03-31 This book presents South Asian women's voices which have been marginalised in the theory and practice of international relations in the region. It highlights critical issues of importance for women which are often neglected in traditional International Relations (IR). Embracing Feminist epistemology, the book re imagines the theory and practice of IR in South Asia, placing women's experiences and their diverse voices at the centre. Refusing the temptation to typecast women, the book showcases the varied voices of South Asian women in international relations with contributions from an eclectic set of authors from different nationalities. In doing so, the book expands the ontological and epistemological limits of IR by including caste, conflict, protest perspectives. While some of these are uniquely South Asian, like caste, all of them show how the field of IR in general can become enriched by being more inclusive. This book will be of interest to researchers as it provides a fresh conceptual re-conceptualization of the field of IR from gender as well as global south perspective. The book will also help graduate students seeking to understand the intersection of gender and IR.

*Financial Inclusion among Marginalized Women: A Case Study of Female Sex Workers at Ahmedabad* Dr. Litty Denis, 2025-03-28 Financial inclusion is essential for the overall well-being and empowerment of individuals, especially those from marginalized communities. It acts as a catalyst, enabling people to access opportunities and improve their quality of life. This book explores the complex intersection of financial inclusion and the profession of female sex workers (FSWs), particularly focusing on the potential for alternative livelihood options for those who wish to transition to other professions. The first part of the book provides an overview of the status and evolution of financial inclusion in India. The second part delves into the lives of FSWs—how they operate, their perspectives on their profession, and their thoughts on leaving it, especially when facing vulnerability or social exclusion. The study highlights the immense challenges involved in integrating FSWs into the mainstream, both economically and socially. Special attention is given to the role of institutions and their efforts in supporting FSWs, with a specific focus on initiatives in Ahmedabad. The book examines how institutional support, skill development, and inclusive policies can pave the way for empowerment and economic alternatives. This work will be particularly valuable for researchers, policymakers, and academics working in the fields of social inclusion, gender studies, and development, providing rich insights into institutional interventions and real-world challenges faced by FSWs.

**Global Perspectives on Prostitution and Sex Trafficking** Rochelle L. Dalla, Lynda M. Baker, John Defrain, Celia Williamson, 2011-04-01 This book is part of a two-volume set that examines prostitution and sex trafficking on a global scale, with each chapter devoted to a particular country in one of seven geo-cultural areas of the world. The 16 chapters in this volume (Volume II) are devoted to examination of the commercial sex industry (CSI) in countries within Africa, Asia, Middle East, and Oceania, while the 18 chapters comprising Volume I focus exclusively on Europe, Latin America, and North America. This volume also includes a global section, which includes chapters that are globally relevant - rather than those devoted to a particular country or geographic location. The content of each Volume, as well as each chapter, reflects great diversity - diversity in focus, writing style, and personal position regarding the commercial sex industry. Diversity extends to the contributors, who are comprised of international scholars, service providers, and policy advocates representing a variety of fields and disciplines, with distinct and varied frames of reference and theoretical underpinnings with regard to the commercial sex industry. In addition to addressing aspects of the CSI across the globe, as impacted by geography and

culture, authors have also provided a spectrum of implications of their work - implications ranging from continued scholarship and research, to legislative maneuvers and policy change, to suggestions for collaboration across NGOs, fieldworkers, clinicians, and service providers. Together, the 34 expertly-crafted chapters provide a wealth of knowledge from which to more deeply appreciate and contemplate the global commercial sex industry. By uniting contributors from around the world, this book aims to build a relatively common knowledge base on global prostitution and sex trafficking. Viewed from a unified, global perspective, it is hoped that this common understanding will lead to a grounded theory and integrated view with applicable suggestions for international efforts aimed at interventio

Histories of Sex Work Around the World Catherine Phipps, 2024-08-07 This book offers snapshots of sex work in global history, examining how it has differed in different places around the world at different points in time. Focusing on certain moments in certain places and examinations of historical lives, it offers a diverse approach with a heavy focus on lived experience to see what selling sex was like instead of what it “meant”. Therefore, this book aims to argue that selling sex has been different at different times and present the diversity of experience in sex work throughout history, through case studies and comparisons. Aimed for students, scholars, and general readers alike, *Histories of Sex Work Around the World* provides an introduction to the history of sex work within a global perspective. The case studies cover a wide range of topics and geographical regions - from North America to Mexico City to Vietnam, spanning across 12 different countries and over 400 years of history, before considering the future of sex work in the internet age. Furthermore, this book features chapters with personal accounts from writers with experience selling sex, managing a brothel, or working as a dancer. It also includes a foreword from renowned writer and historian Julia Laite, author of bestselling book *The Disappearance of Lydia Harvey*.

*Indian Feminisms* Geetanjali Gangoli, 2016-05-23 Contributing to debates on feminism, this book considers the impact made by feminists in India from the 1970s. Geetanjali Gangoli analyses feminist campaigns on issues of violence and women’s rights, and debates on ways in which feminist legal debates may be limiting for women and based on exclusionary concepts such as citizenship. She addresses campaigns ranging from domestic violence, rape, pornography and son preference and sets them within a wider analysis of the position of women within the Indian state. The strengths and limitations of law reform for women are addressed as well as whether legal feminisms relating to law and women's legal rights are effective in the Indian context. The question of whether legal campaigns can make positive changes in women’s lives or whether they further legitimize oppressive state patriarchies is considered. The recasting of caste and community identities is also assessed, as well as the rise of Hindu fundamentalism and the ways in which feminists in India have combated and confronted these challenges. *Indian Feminisms* will interest researchers and students in the areas of feminism, law, women’s movements and social movements in India, and South Asia more generally.

**Modern Indian Family Law** Werner Menski, 2001 This text presents an overview of the major issues and topics in

current developments in Indian family law. Indian law has produced a number of very important innovations in the past two decades, which are also highly instructive for law reform debates in western and other jurisdictions. *Geography of Trafficking* Fred M. Shelley, Reagan Metz, 2017-10-27 This important reference work examines trafficking from a geographic perspective and investigates the driving forces behind it and the powers that are trying to curtail the problem. The worldwide crime of trafficking involves countless people, animals and animal parts, and illicit goods such as drugs and weapons being moved and sold illegally. Often, the trafficking occurs with the local government or law enforcement's knowledge and complicity. This one-volume encyclopedia sheds light on a frightening and major issue, investigating the geography of trafficking and examining a range of examples of illegal human, animal, drug, and weapons movement around the world. After a preface and introduction that provides an exact definition of trafficking, the encyclopedia presents thematic essays that explore the various specific kinds of trafficking. Approximately 30 country profiles describe who and what is trafficked in each country, the motivations of those doing the trafficking, where people and things are being moved to, how the trafficking occurs, and what actions are being taken in an effort to prevent it. An appendix of primary documents, interesting sidebars, a bibliography, and a glossary listing key terms and important organizations round out the work.

*Freewomen, Patriarchal Authority, and the Accusation of Prostitution* Stephanie Lynn Budin, 2021-05-30 Examining freewomen in Mesopotamian society, ancient Greek hetaira, Renaissance Italy courtesans, historical and modern Japanese geisha, and the Hindu devadāsī of India, Stephanie Lynn Budin makes a wide-ranging study of independent women who have historically been dismissed as prostitutes. The purpose of this book is to rectify a well-entrenched misunderstanding about a category of women existing throughout world history—women who were not (and are not) under patriarchal authority, here called Freewomen. Having neither father nor husband, and not being bound to any religious authority monitoring their sexuality, these women are understood to be prostitutes, and the terminology designating them appears as such in dictionaries and common parlance. This book examines five case studies of such women: the Mesopotamian ḥarīmtu, the Greek hetaira, the Italian cortigiana onesta, the Japanese geisha, and the Indian devadāsī. Thus the book goes from the dawn of written history to the present day, from ancient Europe and the Near East through modern Asia, comparatively examining how each of these cultures had its own version of the Freewoman and what this meant in terms of sexuality, gender, and culture. This work also considers the historiographic infelicities that gave rise and continuance to this misreading of the historic and ethnographic record. This engaging and provocative study will be of great interest to students and scholars working in Gender and Sexuality Studies, Women's History, Classical Studies, Ancient Near Eastern and Biblical Studies, Asian Studies, World Cultures, and Historiography.

**Hyderabad, British India, and the World** Eric Lewis Beverley, 2015-06-01 This examination of the formally autonomous state of Hyderabad in a global comparative framework challenges the idea of the dominant British Raj as the sole sovereign power in the late colonial period. Beverley argues that Hyderabad's position as a subordinate yet sovereign 'minor state' was not just a legal formality, but that in exercising the right to internal self-government and acting as a conduit for the regeneration of transnational Muslim intellectual and political networks, Hyderabad was indicative of the fragmentation of sovereignty between multiple political entities amidst empires. By exploring connections with the Muslim world beyond South Asia, law and policy administration along frontiers with the colonial state, and urban planning in expanding Hyderabad City, Beverley presents Hyderabad as a locus for experimentation in global and regional forms of political modernity. This book recasts the political geography of late imperialism and historicises Muslim political modernity in South Asia and beyond.

**Ghosts of the Empire. A Retrospection of the Colonial Legacy of Legal Systems in South Asia and Its Competence to Bring Justice** Punsara Amarasinghe, 2017-10-23 Essay from the year 2017 in the subject Cultural Studies - Middle Eastern Studies, grade: A, , course: LL.M, language: English, abstract: This paper examines the development of the modern legal system in South Asia as a colonial legacy which essentially meant to be a tool for the aspirations of colonial administrators. Furthermore the depiction of colonial view on oriental practices and its sheer unsuccessful manner is highlighted in this paper. In the words of Frantz Fanon in *The Wretched of the Earth*, white men had a desire to possess the world and assumed himself predestined to rule the world. Indeed the legal nexus that has been expanded around every nook and corner of the Indian Subcontinent and Sri Lanka can be attributed to those white Sahibs who ruled this part for many decades. In the poetic sense of Rudyard Kipling it was known as White man's burden which outrageously justified European moral obligation to subjugate Oriental nations to make them civilized. However the chains of events that occurred as a part of colonials caused to degenerate the subjects morally and their resources were abhorably plundered. In order to legitimize the colonial exploitation and making the subjects meek and obedient to the colonial administration, they used law as a competent tool.

**Sex Workers in Calcutta and the Dynamics of Collective Action** Nandini Gooptu, 2000 Based on group discussions and unstructured interviews with sex workers in Calcutta in March 1999, discusses the formation of an organization of sex workers, the Durbar Women's Coordination or Collaborative Committee (DMSC) and the collective activism of its members.

*People, Spaces and Places in Gendered Environments* Vasilikie (Vicky) Demos, Marcia Texler Segal, 2024-06-03 Demonstrating how women and other marginalized groups respond to the limits and options imposed by the history and structure of spaces, this volume envisions a world beyond colonial, able-bodied, class and patriarchal limitations where
