Against the Elements Matt McGinn, 2020-07-27 *Against the Elements* is an enthralling account of football's most captivating underdog story. With a population of just 350,000, Iceland stunned the sporting world when it went toe-to-toe with the elite at Euro 2016 and the 2018 World Cup. So how was such a tiny nation, sited on the edge of the Arctic circle, able to take on the giants of world football? Matt McGinn draws on 50 exclusive interviews with the key protagonists to

unpick how it happened. Does an Icelandic e;Viking; mentality exist? Can smallness be an advantage? Is there a template for other countries to follow? McGinn experienced Iceland's World Cup campaign in different parts of the country—from five days spent on a fishing trawler, to Iceland's bustling capital of Reykjavík, to the jagged volcanic island of Heimaey. Part travelogue, part thematic investigation, *Against the Elements* searches for the truth behind the Iceland football team's remarkable, unprecedented rise, bringing to life the people, places and values of the nation that produced this astonishing team.

The Making of the Good Person Nora Hämäläinen, 2023-04-03 This book provides a philosophical assessment of the idea of personhood advanced in popular self-help literature. It also traces, within academic philosophy and philosophical scholarship, a self-help culture where the self is brought forth as an object of improvement and a key to meaning, progress, and profundity. Unlike other academic treatments of the topic of self-help, this book is not primarily concerned with providing a critique of popular self-help and self-transformative practices. Rather, it is concerned with how they work to shape contemporary forms and ideals of moral personhood and are conducive to moral renegotiation and change. The book consists of two parts with somewhat different argumentative strategies. Part 1 consists of an overview and reassessment of popular self-help literature and its sociological and journalistic critics, written from a moral philosophical perspective. Part 2 opens with discussion of the current attraction, among a range of philosophers, to self-transformative themes. The chapters assess the strand of self-transformative philosophy found in the work of Ludwig Wittgenstein, Michel Foucault, Pierre Hadot, Stanley Cavell, and Iris Murdoch. Finally, the book concludes with a discussion of the theme of social change and moral renegotiation in contemporary societies, which is a central but underestimated undercurrent in discussions on contemporary self-transformative practices. The book's dual perspective—on both popular self-help and self-transformative currents in

philosophy—enables a cultural and moral philosophical analysis of contemporary ethical ideals of personhood, as well as reflection on the literatures available for its development. The Making of the Good Person will be of interest to scholars and advanced students working in moral philosophy, history of philosophy, psychology, sociology, and literary studies.

Domo's Quotes of Inspiration Part 1 D.J. Domo ,2023-07-24 On a daily we all go through things. Some expected and some unexpected. Some we can control the outcome and others we can't. As I went back and thought about my hard times and the quotes I came up with while trying to press forward through all my tribulations and trials. These quotes seem to make a lot of sense today. So why not share them, and hopefully they can help you right along with words of inspiration. For so long after dealing with my hard times I've always been someone who people can come to talk to. We all need someone to vent to. Not everyone is genuine with that listening ear either. I've given real advice and am not judgmental while giving it. I allow people to see things both ways and advise them of what I would do. When I approach the conversation with the advice, I give I don't force a person to take my advice and use it. The final choice is up to you to make the final decision in whatever choice you choose to use and I'm going to support you every which way. Everyone needs, deserves, and go looking for encouragement. That happens often. So why not a better way to incorporate quotes with genuine words of encouragement to inspire someone within this book.

Confidence Tomas Chamorro-Premuzic, Ph.D.,2013-10-17 "I can't remember the last time I finished reading a book and wanted to applaud.... Life-changing."—Heidi Grant Halvorson, PhD, author of *Focus* If you picked up this book because you want to increase your confidence, you are not alone. Like most people, you probably think that being highly confident would

make you more likable, more employable, and more successful. But you'd be wrong. In this paradigm-shifting book, world-renowned personality expert Dr. Tomas Chamorro-Premuzic reveals that, beyond making you feel good, high confidence has no genuine benefits, and it may even be self-destructive. Low confidence, however, helps us make realistic risk assessments, protects us from disastrous situations, and encourages us to become more competent—which is the real key to achievement. Intelligent and thought-provoking, *Confidence* shows you how to make your insecurities work for you in every facet of life. "Maybe you have always intuited...that all the talk about boosting self-confidence and raising self-esteem is not the answer to success or happiness. This charming and thoroughly fact-based book will give you the evidence to back your wisdom, that being kind and competent works best."—Elaine Aron, PhD, author of *The Highly Sensitive Person* and *The Undervalued Self*

Quote the World Forevermore AYDI the Watcher ,2022-09-19 Why do I call myself AYDI the Watcher? That's a good question. I call myself that because I observe our world and the way we interact as humans. Years and years of these observations led me to read up on Psychology, politics and human relations. I listened to many prominent psychologists and therapists to hone my ideas, and the result is this book. Now, this is not a traditional book that delves into the subject matters mentioned above, but a collection of inspiring and thought-provoking quotes fleshed out with my thoughts and feelings, these thoughts and feelings touching on human psychology and behaviour. Some of these quotes were taken from my Facebook page, The Watcher (@AYDItheWatcher) and expanded upon and new ones were added to convey my thoughts on this world that we live in and how hierarchies and human structures affect our daily lives. My goal is to get people thinking and see different perspectives, and protect themselves from harm and manipulation. I hope this goal is achieved and your minds are unlocked. The freer the minds, the better the world.

Engaging Agnes Heller Katie Terezakis, 2009-03-16 This collection of essays examines the life and thought of Agnes Heller, who rose to international acclaim as a Marxist dissident in Eastern Europe, then went on to develop one of the most comprehensive oeuvres in contemporary philosophy, putting forward a distinctive ethical theory and analyses of a vast range of topics covering most every philosophical area. Here, philosophers, sociologists, journalists, and political scientists contextualize, compare and assess different elements of Heller's work; the collection as a whole highlights relevant shifts within that work as well as its intrinsic consistency. Essays in the collection address the relationship between philosophy, political practice and everyday life, Heller's theory of modernity and her ethical theory, her recent scholarship on comedy and the Biblical book of Genesis, her theories of radical needs and radical politics, her aesthetic theory, and questions about her relationship to feminist theory. The collection includes Heller's reflections on the collected essays, as well as an early essay on her mentor Lukács that exposes her own steadfast engagement with certain practical and philosophical issues throughout her life's work.
