La Antropología criminal en la historia de la Criminología española Alfonso SERRANO GÓMEZ, Alfonso SERRANO MAÍLLO, 2014-06-05

Criminología Luis Rodríguez Manzanera, 1984

Historia y estado actual de la ciencia criminológica Dr. José Jesús Salvador Ruano y Ortiz, 2012-11-13 Estudio y análisis de la criminología, desde su inicio hasta nuestros días, tomando en cuenta las diversas facetas y escuelas que han intervenido en el progreso de dicha ciencia (psicología, sociología, psiquiatría, análisis de las sociedades, ciencias penales, criminalística y la lógica de las ciencias)

Los orígenes de la criminología Quintiliano Saldaña, 1914

América Latina y su criminología Rosa del Olmo, 1981 Tratar de establecer cómo surgió y se desarrolló la criminología en América Latina es el objetivo principal de este libro. En las diferentes historias del pensamiento criminológico, escritas por especialistas de los países desarrollados, no figura la latinoamericana. La autora analiza detalladamente las sucesivas escuelas y la forma como se van expresando y difundiendo. Subyace en toda la exposición la tesis de que el delito es un fenómeno social y que su estudio debe hacerse como parte del análisis de las estructuras sociales.

Revista de criminología psiquiatría y medicina-legal, 1922

Manual de criminología Octavio A. Orellana Wiarco, 1985

Principios de defensa social Filippo Gramatica, 2023-12-08 Entendemos, pues, aquí, por defensa social, la negación, junto con la pena, del derecho de castigar; es por tanto un sistema jurídico sustitutivo del Derecho penal y no integrante del mismo. El término defensa social, bajo un aspecto más genérico, no es nuevo, sino que data de antiguo. Podemos decir que aparece en la vida de la más antigua filosofía: desde Aristóteles llega hasta Hobbes y Romagnosi. El positivismo lo ha tomado para sí, con posterioridad. Aunque en una postura ecléctica, Adolphe Prins (La defensa social y las transformaciones del Derecho penal, Bruselas, 1910) sostuvo como fundamento del Derecho penal el concepto de defensa social, Liszt, en nombre de los principios de la defensa social, aún sin citar de modo suficiente las fuentes, tal y como dice Ferri, solicita en la Unión Internacional de Derecho penal la evolución del Derecho penal. Filippo Gramatica.

Criminología Hans Goppinger,2023-12-08 Implica particulares problemas el escribir, dentro de las ciencias experimentales, un libro sobre un campo que, como la Criminología, se encuentra todavía en estado de formación en cuanto a la investigación empírica. Dado que, además, nuestras propias investigaciones están todavía muy lejos de hallarse terminadas, aunque determinados resultados parciales comiencen a perfilarse vagamente, nos encontramos ante la cuestión de si este libro debería, después de todo, ser presentado en este momento. Finalmente, nos hemos decidido ya a redactar una Criminología orientada ante todo científico-empíricamente, principalmente a causa del deseo, expresado en los últimos años cada vez más insistentemente en este sentido, de personas interesadas por la Criminología; por otro lado, faltaba hasta ahora una exposición profunda de la Criminología a partir de amplias y directas investigaciones propias sobre los delincuentes y su ambiente social. La Criminología es una ciencia empírica e interdisciplinar. Se ocupa de las circunstancias de la esfera humana y social relacionadas con el surgimiento, la comisión y la evitación del crimen, así como del tratamiento de los violadores de la Ley. Obrando con un principio interdisciplinar y multifactorial, dirige sus investigaciones en el campo de la experiencia hacia todo lo que esté relacionado tanto con las normas del Derecho como con la personalidad del delincuente y sus circunstancias en relación con la conducta condenada por el orden jurídico y social. Como ciencia empírica del hombre en el orden social, la Criminología se halla engranada con la Medicina, particularmente con la Psiquiatría, con la Psicología y la Sociología. Hans Göppinger.

Los policías: una averiguación antropológica Maria Eugenia Suarez de Garay,2016-08-15 La institución policial ha perdido credibilidad ante los ciudadanos. El deterioro de su imagen se debe a que se le identifica con la represión. Muchos temen a los policías y piensan que son ineficaces porque su acción produce conductas violentas y algunos de ellos son corruptos o cómplices de la delincuencia. Esto trae consigo una mezcla de atracción y rechazo, situación que se ha ido polarizando en los últimos años debido a las cada vez más comunes evidencias de que existe otro orden, uno que se edifica sobre la ilegalidad y la impunidad y que ataca directamente el sentido de la policía: ser garante de la ley y el orden, contribuir a la resolución de conflictos que aquejan a los ciudadanos y proteger el interés general de la colectividad. En este estudio antropológico, la autora busca ir más allá de las ideas preconcebidas para preguntar por qué las identidades

policiales se han conformado de esa manera y cuáles son los factores que dan cuerpo al discurso y a la experiencia de los policías. En la voz de sus protagonistas -los policías preventivos de Guadalajara-, esta obra trasciende la geografía y conforma un testimonio que ayuda a entender las luces y las oscuridades de unos personajes omnipresentes, esenciales en las sociedades contemporáneas. (ITESO)

La delincuencia y el delincuente Arnoldo García Iturbe,1972

Nueva criminología; Traducción del francés por Jaime Masaveu, con un ensayo-prólogo del dr. G. Marañón Quintiliano Saldaña,1936

International Review of Criminal Policy ,1957

Unveiling the Energy of Verbal Beauty: An Psychological Sojourn through **Direccion Antropologica De La Criminologia**

In a world inundated with screens and the cacophony of quick communication, the profound energy and mental resonance of verbal beauty often disappear in to obscurity, eclipsed by the continuous onslaught of noise and distractions. However, set within the musical pages of **Direccion Antropologica De La Criminologia**, a interesting perform of literary brilliance that pulses with raw feelings, lies an remarkable trip waiting to be embarked upon. Composed by a virtuoso wordsmith, this magical opus instructions viewers on a psychological odyssey, softly exposing the latent potential and profound affect stuck within the elaborate internet of language. Within the heart-wrenching expanse with this evocative analysis, we can embark upon an introspective exploration of the book is key subjects, dissect its captivating writing type, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
