Nicholas Dawidoff

In the Country of Others Leila Slimani, 2021-08-10 The award-winning, #1 internationally bestselling new novel by the author of *The Perfect Nanny*, about a woman in an interracial marriage whose fierce desire for autonomy parallels her adopted country's fight for independence The world of men is just like the world of botany. In the end, one species dominates another. One day, the orange will win out over the lemon, or vice versa, and the tree will once again produce fruit that people can eat. In her first new novel since *The Perfect Nanny* launched her onto the world stage and won her acclaim for her devastatingly perceptive character studies (*The New York Times Book Review*), Leila Slimani draws on her own family's inspiring story for the first volume in a planned trilogy about race, resilience, and women's empowerment. Mathilde, a spirited young Frenchwoman, falls in love with Amine, a handsome Moroccan soldier in the French army during World War II. After the war, the couple settles in Morocco. While Amine tries to cultivate his family farm's rocky terrain, Mathilde feels her vitality sapped by the isolation, the harsh climate, the lack of money, and the mistrust she inspires as a foreigner. Left increasingly alone to raise her two children in a world whose rules she does not understand, and with her daughter taunted at school by rich French girls for her secondhand clothes and unruly hair, Mathilde goes from being reduced to a farmer's wife to defying the country's chauvinism and repressive social codes by offering medical services to the rural population. As tensions mount between the Moroccans and the French colonists, Amine finds himself caught in the crossfire: in solidarity with his Moroccan workers yet also a landowner, despised by the French yet married to a Frenchwoman, and proud of his wife's resolve but ashamed by her refusal to be subjugated. All of them live in the country of others--especially the women, forced to live in the land of men--and with this novel, Leila Slimani issues the first salvo in their emancipation.

Other Country James Perrin Warren,2015-12-03 The award-winning American environmental writer Barry Lopez has traveled extensively in remote and populated parts of the world. Lopez’s fiction and nonfiction focus on the relationship between the physical landscape and human culture, posing abiding questions about ethics, intimacy, and place. *Other Country* presents a full-scale treatment of Lopez’s work. James Perrin Warren examines the relationship between Lopez’s writing and the work of several contemporary artists, composers, and musicians, whose works range from landscape photography, painting, and graphic arts to earth art, ceramics, and avant-garde music. The author demonstrates Lopez’s role in creating this community of artists who have led cultural change, and shows that Lopez’s writing—and his engagement with the natural world—creates an “other country” by redefining boundaries, rediscovering a place, and renewing our perceptions of landscapes. Warren’s critique examines manuscripts and typescripts from the 1960s to the present, interviews with Lopez conducted from 2008 to 2013, and interviews with artists. Part 1 focuses on the relationship between Lopez’s storytelling, which he calls “a conversation with the land,” and Robert Adams’s landscape photography. For both Lopez and Adams, a worthy artistic expression serves the cultural memory of a community, reminding us how to behave properly toward other people and the land. Part 2 looks at the collaborative friendship of Lopez and visual artist Alan Magee, tracking the development of Lopez’s short stories through a consideration of Magee’s career. Part 3 moves farther afield, discussing Lopez’s relationship to Richard Long’s earth art, Richard Rowland’s ceramics, and John Luther Adams’s soundscapes. *Other Country* reveals the dynamic relationships between Lopez, considered by many the most important environmental writer working in America, and the artistic community, who seek to explore the spiritual and ethical dimensions of an honorable and attentive relationship to the land and thus offer profound implications for the future of the planet.
