

After Sales Portal Man

C. J. Elgert

Through the portal Wesley Wang, 2024-11-22 Once there was only a whisper – the legend of a being caught between life and death, a master of shadows who bore the secrets of forgotten magic. This legend was forgotten... until today. Reborn in iron armor and with a sword as cold as the grave, a new power has arisen, bound to a destiny as twisted as the dark magic that flows through his veins. But the world is no longer the same. Old empires have crumbled, gods have fallen silent, and humanity clings to survival under the shadow of cruel beasts and tyrants. In a realm full of ancient terrors, a lone warrior rises – a fragile spark in an endless storm, armed with cursed magic and an unbending will. Now a path of rebellion is forged through this unforgiving world. With every step, secrets come to light that would have been better left buried, and powers emerge that can hardly be restrained. Forged anew in the fire of revenge, unstoppable and implacable, this new champion marches toward an uncertain destiny. This world has not yet known true darkness – but that will soon change. Welcome to the edge of the unknown.

The Portal Lawman Gail Daley, A fast-paced Sci-Fi novel of adventure, suspense and romance on a post-apocalyptic earth. Trapped in a web of deceit and danger, two young women make dangerous alliances. The end of the world had come and gone. Those who remained after the apocalypse did whatever it took to keep themselves alive, and to preserve what civilization survived. Sometimes they broke laws and defied the will of the draconian government agencies who were supposed to keep anarchy at bay. Lacey Delaney, head of Laughing Mountain's Portal committee, flouted government edicts

by helping Portal Runners smuggle desperately needed goods, services, and people to the Forbidden Colonies. Joyce Higgins has a stalker who is terrorizing her and her young sisters. When she and her sisters are accused of being clones by the Parallel Genetic Agency, they take refuge in Laughing Mountain. A Clone isn't considered a human being with rights under the law, but the property of whoever created it. Deputy Mark Connors says he can protect them, but can he? Malachi Sullivan, sub-commander of the free militia, is one of those who hold the line against the tyranny of an overbearing government aided and abetted by powerful industrial giants. Lacey and Malachi had been in love once, but a treacherous woman broke them apart. Now they must put the past behind them and work together to save their town and preserve the secret of the Portal to the Forbidden Colonies.

Through the portal: The rise of the North King Wesley Wang,2024-11-30 "I just wanted a quiet life... But then I went through a portal to another world." Thrown into a world full of magic, flying dragons and dangerous creatures, the protagonist finds himself in a land inhabited by powerful gods and mysterious races. As an ordinary citizen who does not even know the language, survival seems an impossible task. But with the awakening of an unusual ability -- the power to summon allies from the old world -- everything changes. With each new ally, the protagonist rises in the social ranks, turning the struggle to survive into a journey to the top. However, the kingdom is threatened by an invasion of monsters, and the fate of the North depends on him. "Do I really have to save this world? I just wanted to go home..." From ordinary citizen to King of the North - the fate of an entire land is in his hands. But when two worlds collide, who knows what the future will bring?

Portal of Dreams William Wallace Tara,2011-11-02 It was just the two of them in the gallery. Lobo turned to JK, Van Gough was intensely disturbed you know. He saw the world through different eyes. Just look. Who in their right mind could imagine a night like that? He swept his long arm out and pointed at the painting in front of them. The tiny canvas contained an image of stars surrounded by halos of light through blue-black space and a landscape undulating with energy. His mind reeled as he was abruptly dragged back toward the dreamscape. His heart raced as he struggled to compose himself. Im sorry. This is fascinating but Im late for a meeting. I have to run. Lobo laughed and the shadow of something alarming emerged from within his sophisticated exterior. The eyes that looked back at JK glittered with an animal intensity. Well you can run, but you cant hide Mr. Kimble. JKs life is in ruin. He is a reluctant dreamer in a world where dreaming is a disease. He has lost his status, his job all his money and is on the run to save his life. His only allies are a street gang, a madman and a beautiful angel he doesnt believe in. His only hope lies at the entrance to The Portal of Dreams.

The New Psychedelic Revolution James Oroc, 2018-01-16 A bold exploration of modern psychedelic culture, its history, and future • Examines 3 modern psy-culture architects: chemist Alexander "Sasha" Shulgin, mycologist-philosopher Terence McKenna, and visionary artist Alex Grey • Investigates the use of microdosing in extreme sports, the psy-trance festival experience, and the relationship between the ego, entheogens, and toxicity • Presents a "History of Visionary Art," from its roots in prehistory, to Ernst Fuchs and the Vienna School of the Fantastic, to contemporary psychedelic art After the dismantling of a major acid laboratory in 2001 dramatically reduced the world supply of LSD, the psychedelic revolution of

the 1960s appeared to have finally run its course. But the opposite has actually proven to be true, and a psychedelic renaissance is rapidly emerging with the rise in popularity of transformational festivals like Burning Man and BOOM!, the return to positive media coverage of the potential benefits of entheogens, and the growing number of celebrities willing to admit the benefits of their own personal use. Along with the return of university research, the revival of psychedelic philosophy, and the increasing popularity of visionary art, these new developments signify the beginning of a worldwide psychedelic cultural revolution more integrated into the mainstream than the counterculture uprising of the 1960s. In his latest book, James Oroc defines the borders of 21st-century psychedelic culture through the influence of its three main architects-- chemist Alexander Shulgin, mycologist Terence McKenna, and visionary artist Alex Grey--before illustrating a number of facets of this "Second Psychedelic Revolution," including the use of microdosing in extreme sports, the tech-savvy psychedelic community that has arisen around transformational festivals, and the relationship between the ego, entheogens, and toxicity. This volume also presents for the first time a "History of Visionary Art" that explains its importance to the emergence of visionary culture. Exploring the practical role of entheogens in our selfish and fast-paced modern world, the author explains how psychedelics are powerful tools to examine the ego and the shadow via the transpersonal experience. Asserting that a cultural adoption of the entheogenic perspective is the best chance that our society has to survive, he then proposes that our ongoing psychedelic revolution--now a century old since the first synthesis of a psychedelic in 1918--offers the potential for the birth of a new Visionary Age.

Elgert, 2011-05-24 The adventure continues for Jamie and Nicky as they realise that travelling back in time may be the only way to save the valley from being once again destroyed by Ostrogoth and his warlocks and more importantly stopping someone very close to them from dying. However, they meet the Brillare Seven, the most powerful witches and wizards of all time. If, with their help, Jamie and Nicky cant stop Ostrogoth then no one can.
