*Florida without Borders* Judy A. Hayden,Sharon Kay Masters,Kim Vaz,2020-11-09 Florida without Borders: Women at the Intersections of the Local and Global highlights the problems facing women around the world by featuring papers that explore women's activism across borders regarding gender and human rights, issues regarding women and poverty, globalization, economic value of immigrant labor, militarism and human trafficking. Also discussed are the opportunities and obstacles women face when they act to counter the negative impact of these forces. This anthology is a collection of essays by feminist scholars and students who examine discourses on border crossings, political and cultural censorship, gendered codes of conduct, prescribed behavior for women and the activism that emerges to address identity formation, to advance contested meanings and to build coalitions. Throughout the essays, the authors investigate the concepts of the gendered body in the context of global activism, the uses of women's bodies in domestic, military, and sexual service, and the breaching of the body's borders and boundaries in the project of feminist social change.

Ada's Rules Alice Randall,2013-01-01 Ada Howard, the wife of the preacher at Nashville's Full Love Baptist Tabernacle, has a whole lot of people to take care of. There's her husband, of course, and the flock that comes with him, plus the kids at the day care centre where she works, two grown daughters, and two ailing, wayward parents. It's no wonder she can't find time to take care of herself. And her husband's been so busy lately she's suspicious some other woman may be taking care of him...Then it comes: the announcement of her twenty-five-year college reunion in twelve months' time, signed with a wink by her old campus flame. It sets Ada thinking about the thrills of young love lost, and the hundred or so pounds gained since her college days, and she decides it's high time to change her body, and her life. So she starts laying down some rules. The first

rule is: Don't Keep Doing What You've Always Been Doing. And so begins her unforgettable journey on the way to less weight and more love...For anyone who has ever found themselves at a crossroads, with one hand in their pocket and the other in the cookie jar, Ada's Rules is a warm, funny and soulfully wise novel about falling back in love with the life you have.

*Venus in the Dark* Janell Hobson, 2018-02-01 In this second edition of the remarkable, and now classic, cultural history of black women's beauty, *Venus in the Dark*, Janell Hobson explores the enduring figure of the Hottentot Venus and the history of critical and artistic responses to her by black women in contemporary photography, film, literature, music, and dance. In 1810, Sara Baartman was taken from South Africa to Europe, where she was put on display at circuses, salons, museums, and universities as the Hottentot Venus. The subsequent legacy of representations of black women's sexuality—from Josephine Baker to Serena Williams to hip-hop and dancehall videos—refer back to her iconic image. Via a new preface, Hobson argues for the continuing influence of Baartman's legacy, as her image still reverberates through the contemporary marketization of black women's bodies, from popular music and pornography to advertising. A brand new chapter explores how historical echoes from previous eras map onto highly visible bodies in the twenty-first century. It analyzes fetishistic spectacles of the black booty, with particular emphasis on the role of Beyoncé Knowles in the popularization of the bootylicious body, and the counter-aesthetic the singer has gone on to advance for black women's bodies and beauty politics. By studying the imagery of the Hottentot Venus, from the nineteenth century to now, readers are invited to confront the racial and sexual objectification and embodied resistance that make up a significant part of black women's experience.
