The Oracle Clive Cussler, Robin Burcell, 2019-06-11 The husband-and-wife treasure-hunting team of Sam and Remi Fargo return in a new adventure as they search for an ancient scroll--which carries a deadly curse--in this thrilling addition to Clive Cussler's bestselling series. In 533 A.D., the last Vandal ruler in North Africa consults an oracle on how to defeat the invading Byzantine army. The oracle tells the king that a high priestess cast a curse upon the Vandal Kingdom after a sacred scroll was stolen. In order to lift the curse, the scroll must be returned to its rightful home. But the kingdom falls before the scroll is found, leaving its location a great mystery. . . until a current day archeological dig, funded by Sam and Remi Fargo, uncovers some vital clues. The search for the ancient scroll is put on hold when the Fargos learn that a shipment of supplies intended for their charitable foundation's school has been stolen, and they travel to Nigeria to deliver new supplies themselves. But their mission becomes infinitely more complicated when they run afoul of a band of robbers. The group takes Remi and several students hostage, and there are signs that the kidnapping is related to the missing scroll. The Fargos need all their skills to save the lives of the young girls at the school before they uncover the hidden treasure. . . and lift the deadly

curse.

Summary: Being the Best BusinessNews Publishing, 2013-02-15 The must-read summary of Denis Waitley's book *Being the Best: Learn How to Replace Self-Destructive, Popular Myths with Life-Changing, Practical Truths*. This complete summary of the ideas from Denis Waitley's book *Being the Best* shows that success in life is not measured by what a person gets, but by what they continue to do with what they have. The concept of success is very personal. Therefore, happiness and fulfillment are actually generated through the richness of the experience on the journey to success and not in the fleeting moment when someone feels they have arrived. In the final analysis, success is not a destination at all - it's a way to travel. This summary highlights that success must be built from the inside out if it is to be sustained over an extended period. It has nothing to do with comparisons to other people, and everything to do with the exhilaration that comes with doing something that is extraordinary, excellent and heart warming. Added-value of this summary: • Save time • Understand key concepts • Increase your business knowledge To learn more, read *Being the Best* and find out how to unleash your potential and be the best you can.

Being Black in the Ivory Shardé M. Davis,2024-02-12 When Shardé M. Davis turned to social media during the summer of racial reckoning in 2020, she meant only to share how racism against Black people affects her personally. But her hashtag, #BlackintheIvory, went viral, fostering a flood of Black scholars sharing similar stories. Soon the posts were being quoted during summer institutes and workshops on social justice, equity, diversity, and inclusion. And in fall 2020, faculty assigned the tweets as material for course curriculum. This curated collection of original personal narratives from Black scholars across the country seeks to continue the conversation that started with #BlackintheIvory. Put together, the stories reveal how racism eats its way through higher education, how academia systemically ejects Black scholars in overt and covert ways, and how academic institutions—and their individual members—might make lasting change. While anti-Black racism in academia is a behemoth with many entry points to the conversation, this book marshals a diverse group of Black voices to bring to light what for too long has been hidden in the shadow of the ivory tower.
