Africa, 1998 Charles H. Cutter,1998-08

Disillusioned Millionaire S. John Gault,2006-05-01 Born in poverty in a staunch nationalistic apartheid era in South Africa and surrounded by religious fanaticism, this autobiography traces his growth from humble beginnings to owning one of America's 500 Fastest Growing private companies.

African Biography Virginia Curtin Knight,1999 Presents biographical entries on seventy-five noteworthy Africans, historical and contemporary, in a variety of fields, from a wide range of sub-Saharan countries.

National Geographic Traveler: South Africa, 2nd Edition National Geographic,2013 Covering all the best known sights, & lesser known ones as well, this guidebook features in-depth write-ups highlighting South Africa's cultural, historical, & contemporary subjects

Rainbow Nation My Zulu Arse Sihle Khumalo,2018-10-12 After exploring more than twenty other African nations using only public transport, Sihle Khumalo this time roams within the borders of his own country. The familiarity of his own car is a luxury, but what he finds on his journey through South Africa ranges from the puzzling to the downright bizarre. Voyaging from the northernmost part of South Africa right to the south, the author noses his car down freeways and back roads into small towns, townships, and villages, some of which you'll have trouble finding on a map. But this is no clichéd description of beautiful landscapes and blue skies. Khumalo is out to investigate the state of the nation, from its highest successes to its most depressing failures. Whether or not he's baffled, surprised, or sometimes plain angry, Sihle Khumalo will always find warmth in his fellow South Africans: security guards, religious visionaries, drunks, political activists and the many other colourful personalities that come alive in his riveting account.

Sailing with Noah Jeffrey P. Bonner,2013-06-03 Written by the president of the nation's number-one zoo, Sailing with Noah is an intensely personal, behind-the-scenes look at modern zoos. Jeffrey P. Bonner, who was trained as an anthropologist and came to the zoo world quite by accident, shares some of the most compelling stories ever told about contemporary zoos. The stories jump between zoos in different cities and between countries on different continents. Some are fun and funny. Others are sad, even tragic. Pete Hoskins, the director of the Philadelphia Zoo, is in bed, sound asleep,

when his phone rings. . . . “There’s been a fire in the World of Primates,” he is told. “You’ve got to get over here.” Whatever he has been dreaming, it is nothing like the nightmare he will find now that he is awake. . . . “They’re all gone. They’re all gone.” All of the animals in the building—the gorillas, the lemurs, the orangutans, and the gibbons—all twenty-three of them are dead. Written in a lively, accessible style, *Sailing with Noah* explores the role of zoos in today’s society and their future as institutions of education, conservation, and research. Along the way, Bonner relates a variety of true stories about animals and those who care for them (or abuse them), offering his perspective on heavily publicized incidents and describing less-well-known events with compassion and humor in turn. By bringing the stories of the animals’ lives before us, Bonner gives them a voice. He strongly believes that zoos must act for living things, and he argues that conservation is a shared responsibility of all mankind. This book helps us to understand why biodiversity is important and what it means to be a steward of life on earth. From the day-to-day aspects of caring for some of the world’s most exotic creatures to the role of zoos as field conservation organizations, saving wild things in wild places, this book takes the reader on an incredible journey—a journey that begins within the zoo and continues around the globe. Everyone—from zoo visitors to animal lovers to professional conservationists, the young and old alike—will be fascinated by this extraordinary book.

The Third Reich's Celluloid War Ian Garden, 2011-11-30 This book exposes the myths surrounding the propaganda films produced during the Third Reich. One, that the Nazis were infallible masters in the use of film propaganda. Two, that everything the Nazis said was a lie. Three, that only the Riefenstahl documentaries are significant to the modern viewer. It reveals the truth, lies, successes and failures of key films designed to arouse hostility against the Nazis’ enemies, including Ohm Krüger - the most anti-British film ever produced; their 1943 anti-capitalist version of *Titanic*; anti-English films about Ireland and Scotland; and anti-American films like *The Emperor of California* and *The Prodigal Son*. Including an objective analysis of all the key films produced by the Nazi regime and a wealth of film stills, Ian C. Garden takes the reader on a journey through the Nazi propaganda machine. In today’s turbulent world the book serves as a poignant reminder of the levels to which powerful regimes will stoop to achieve power and control.

Stone the Devil Peter Sinclair Ellis, 2014-12-16 *Stone the Devil* is the story of a nuclear bomb that was manufactured as a result of religious conviction and its journey from the Afrikaner Right Wing into the hands of the Islamic state. It is a story of political intrigue and deceit, of corruption and greed, and of cruelty often inflicted in the name of God. It is a story of the machinations of the secretive Afrikaner Broederbond in former apartheid South Africa, of the savagery and cruelty of Boko Haram, and of the beheadings and single-minded application of Sharia Law by the Islamic State of Iraq and the Levant and the newly declared Caliphate. It is a story of the significance of the number 7 to some! The reader is taken on a roller-coaster ride from the battle fields of South West Africa (Namibia) and Angola, through suburban crime in the streets of Pretoria and Birmingham, the bombing of the US Embassy in Nairobi, the killing fields of the DRC and Rwanda, and to the climax in Borno

Province, Nigeria.

Owen Parker: Savannah Gold Rush Chris Bellenot, Arthur Pendragon, 2014-07-01 *Savannah Gold Rush* is the second book in the *Epic Adventures of Owen Parker* series. A percentage of the proceeds from the sales of this book will be donated to wildlife conservation dedicated to save the rhinos. For Owen Parker, racing down the slopes of Table Mountain at nearly 80 km/h is a risky task. Yet, this is nothing compared to facing dark forces using corruption as the ultimate weapon and ready to slaughter innocent animals in the name of greed and business, supported by tendentious motives. Kalashnikovs are thundering. The savannah has once again become a killing field. It is not rare to witness dozens of elephant bodies, including very young calves, lying in a bloodbath, viciously butchered and savagely mutilated. On his quest to save wildlife, Owen risks his own existence, all the way from the escarpments of the Swiss Alps to the devious meanders of the streets of Dar es Salaam ... This sequel describing the *Epic Adventures of Owen Parker* has two main purposes. The obvious aim is to entertain readers with action-driven books of fiction based on facts. Beyond this lies a deeper intention. The beauty and majesty of wildlife and nature are under threat from external pressure from a variety of sources. We strongly believe that each individual can make a difference by acting to reduce this threat and thereby contribute to the preservation of our fragile environment. Through the character of Owen Parker, we aim to promote the conservation of wildlife.

The Extraordinary Book of South African Golf Michael Vlismas, 2012-09-28 *The Extraordinary Book of South African Golf* is a must-read for any golf fanatic.
