Holocaust Mothers and Daughters Federica K. Clementi, 2013-12-03 In this brave and original work, Federica Clementi focuses on the mother-daughter bond as depicted in six works by women who experienced the Holocaust, sometimes with their mothers, sometimes not. The daughters' memoirs, which record the "all-too-human" qualities of those who were persecuted and murdered by the Nazis, show that the Holocaust cannot be used to neatly segregate lives into the categories of before and after. Clementi's discussions of differences in social status, along with the persistence of antisemitism and patriarchal structures, support this point strongly, demonstrating the tenacity of trauma—individual, familial, and collective—among Jews in twentieth-century Europe.

A Journey for Two Jeanne R. Lord, 2021-08-13 Explores the mother-daughter relationship in the context of caregiving Jeanne Lord provides valuable emotional support and information for daughter caregivers to mother patients during a stressful and uncertain time. It is unique in that it offers not only personal insights from caregiving daughters, but the perspectives of their mothers, as well. Lord followed the women on their journeys over the course of ten years, so the follow-up interviews give readers an opportunity to fast forward into the future lives of the caregiving daughters to read about their perspectives, and gain insights into new attitudes and ideas for life after caregiving. Through compelling stories of a variety of mother-daughter relationships and in-depth interviews, the very complex relationships between mothers and daughters in a caregiving situation are explored and revealed in an objective light. Offering comfort and understanding to the reader, the book also offers suggestions, ideas, resources, and support for navigating the care of their loved one.

Your Daughter's Bedroom Joyce T. T. McFadden, 2011-04-26 Your Daughter's Healthy Identity Starts With You After psychoanalyst Joyce McFadden treated countless women who felt alone and isolated in experiences that they were unaware many other women were dealing with too, she began to ask what she could do to help them reach out to each other. The result was the launch of her Women's Realities Study in which she interviewed hundreds of women from ages 18-105, about the most private issues as she sought to understand what events in a woman's life impact her future happiness and self-confidence. What McFadden found was truly revealing—the theme that most interested them as they explored their identities was how their relationship with their mothers influenced their understanding of themselves as sexual beings throughout their lives—from the time they were little girls straight through adulthood. Drawing on over a thousand

responses, *Your Daughter's Bedroom* offers a new and unprecedented look at the mother-daughter bond. McFadden argues that the type of womanhood mothers model for their daughters determines the young girls' comfort with their own bodies which, in turn, leads to confidence and satisfaction later in life. From the most mundane and everyday gestures—a reluctance to call body parts by their real name; an offhanded suggestion to lose weight—to how mothers introduce life altering events such as the start of puberty and sexual exploration, all of these have an impact on a girl's psyche. She found that in an attempt to protect and shield daughters, mothers withhold important information and leave girls to wrestle with their own burgeoning sexuality and other challenges of growing up. Offering a fresh perspective on the fraught mother-daughter relationship, McFadden shows how mothers can create the right environment for their daughters to grow into self-assured women. *Your Daughter's Bedroom* is an essential resource for women who want to establish a more open and positive relationship with their daughters.

The Language of Love and Guilt Ruth Wodak, Muriel Schulz, 1986-01-01 Although mother and daughter are two central female roles, they have rarely been investigated. The relationship is specific, certainly different than the mother-son or father-daughter relationships. And this difference manifests itself in sex-specific language behavior. Despite 'eternal' features of the mother-daughter relationship, its quality is affected by individual psychological and by sociocultural variables. Thus, investigations took place in two big cities with very different structures and traditions: Vienna and Los Angeles. This is the first cross-cultural study which reflects and combines multiple linguistic, socio-psycholinguistic and text linguistic categories, approaches and methods to be able to investigate such an important topic as family relationships and the 'place' of women nowadays in our societies.

Daughters of the Bamboo Grove Barbara Demick, 2025-05-20 The heartrending story of twin sisters torn apart by China's one-child policy and the rise of international adoption—from the author of the National Book Award finalist *Nothing to Envy* "Excellent . . . entrancing and disturbing . . . [Demick] is one of our finest chroniclers of East Asia. . . . [Her] characters are richly drawn, and her stories, often reported over a span of years, deliver a rare emotional wallop."—The New York Times On a warm day in September 2000, a woman named Zanhua gave birth to twin girls in a small hut behind her brother's home in China's Hunan province. The twins, Fangfang and Shuangjie, were welcome additions to her family but also not her first children. Living under the shadow of China's notorious one-child policy, Zanhua and her husband decided to leave one twin in the care of relatives, hoping each toddler on their own might stay under the radar. But, in 2002, Fangfang was violently snatched away. The family worried they would never see her again, but they didn't imagine she could be sent as far as the United States. She might as well have been sent to another world. Following stories she wrote as the Beijing bureau chief for the Los Angeles Times, Barbara Demick embarks on a journey that encompasses the origins, shocking cruelty, and long-term impact of China's one-child rule; the rise of international adoption and the religious currents that

buoyed it; and the exceedingly rare phenomenon of twin separation. Today, Esther—formerly Fangfang—lives in Texas, and Demick brings to vivid life the Christian family that felt called to adopt her, unaware that she had been kidnapped. Through Demick’s indefatigable reporting, will the long-lost sisters finally reunite—and will they feel whole again? A remarkable window into the volatile, constantly changing China of the last half century and the long-reaching legacy of the country’s most infamous law, *Daughters of the Bamboo Grove* is also the moving story of two sisters torn apart by the forces of history and brought together again by their families’ determination and one reporter’s dogged work.

Determined Women Jennifer Birkett, Elizabeth Harvey, 1991-04-23 The essays in this collection look at some of the images and categories which have shaped Western women's sense of themselves in the twentieth century. The approach of the collection is interdisciplinary, bringing together the perspectives of literary criticism, social history and linguistics. Its focus is international, with contributions on Britain, France, Germany, the United States and Canada. The collection shows both the similarity and the diversity of women's experience in a world determined by patriarchal assumptions, where women's only hope of change lies in developing a determination of their own.

Lamentations and Ezekiel for Everyone John Goldingay, 2016-04-13 In the Old Testament for Everyone series, Old Testament scholar John Goldingay addresses Scripture from Genesis to Malachi in such a way that even the most challenging passages are explained simply and concisely. The series is perfect for daily devotions, group study, or personal visits with the Bible. In this volume on Lamentations and Ezekiel, Goldingay explores these two prophetic books. Lamentations is considered one of the most tragic books in the Bible, with graphic and blunt language about the destruction of Jerusalem at the hands of the Babylonians and the people's feelings of loss and despair amid God's silence. Ezekiel contains the prophet's thoughts after a tumultuous political time that saw many taken away from their homes and sent into exile. Where is God, Ezekiel asked, and what must we do for God to return?

A Tale of Two Biddies Vicki Kuyper, 2015-08-01 Aging is a gift—a privilege best enjoyed with open arms and a grateful heart. Meet Kitty and Mardel, also affectionately known as St. Katherine and the Dragon Lady. Through a good dose of humor and some hard-earned insight, *A Tale of Two Biddies* tells the entertaining story of the two women who inspired this book. One was kind, tender-hearted, and humble; the other was critical, pessimistic, self-centered, and sharp-tongued. As these women aged and their inhibitions fell away, the true character of their hearts became increasingly evident to those around them. For better and for worse. In this book Vicki Kuyper explores the issues women face as they age and encourages them to make the most of the latter seasons of their lives. We can’t control the aging process, but we can choose how we’ll face each day, ultimately shaping our hearts and who we become. We grow old in the blink of an eye. Growing up takes considerably longer. That means there’s no better time than right now to reevaluate our habits, our faith, and our future. We can choose what draws us closer to God and closer to being the amazing women God created us to be. That’s life at its finest.

Black Women's Health Michele Tracy Berger, 2021-04-06 The struggles African American women and their adolescent daughters face in living healthy, active lives From heart disease and diabetes to HIV and obesity, Black women and girls face serious health risks, lagging behind their white counterparts by every measure of health, well-being, and fitness. In *Black Women's Health*, Michele Tracy Berger shows us why this is the case, exploring how the health needs of Black women and girls are uniquely rooted in their experiences with racism, sexism, and class discrimination. Drawing on interviews with mothers and their daughters, as well as compelling medical data, Berger provides insight into the larger patterns that place Black women at such high risk on a national level. She shows how Black mothers communicate with their daughters about health, sexuality, and intimacy, including how they attempt to promote healthy living standards even as they navigate widespread, systemic challenges. Ultimately, Berger highlights the important role that family—and specifically, the relationship between mothers and daughters—plays in improving public health outcomes. *Black Women's Health* takes a much-needed, intimate look at how Black women and girls navigate different paths to wellness.

What were The Watchers? Discover the truth! Dr. A. Nyland, This is an easy-to-read book suited to anyone with an interest in angels or demons. Ancient texts tell us that the Watchers were a class of angel who came to earth and taught weapons, spell potions, root cuttings, astrology, astronomy and alchemy to the humans living on earth. Some of the Watchers slept with human women. For this they were thrown into Tartarus and tortured. Idioms such as the mistranslation sons of God, which have rightly confused those who have no knowledge of ancient languages, are explained fully. The book avoids theology, and instead looks at actual evidence. Find out what the Watchers really were! This is an easy-to-read book suited to anyone with an interest in angels or demons. Peace, Literature, and Art - Volume II Ada Aharoni, 2009-08-30 Peace, Literature, and Art is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty one Encyclopedias. Culture is the essence of individual and national identity. What children and people read and watch and the kind of Culture, Literature and Media, they are exposed to, through home, education and society - provide them with basic values, attitudes and norms which affect and motivate them throughout their lives. It is of crucial importance therefore, that those stories we are exposed to, at the socio-cultural and educational levels, which we watch on television, in films and on the Internet, and which we read - should be peaceful ones, which open our eyes to a humane world that can prosper from peace and harmony. This Theme on Peace, Literature, and Art deals, in two

volumes and cover several topics related to Peace Education: Definition, Approaches, and Future Directions; Importance of a Literature and a Culture of Peace These two volumes are aimed at the following five major target audiences: University and College Students Educators, Professional Practitioners, Research Personnel and Policy Analysts, Managers, and Decision Makers, NGOs and GOs.

Daughters of Hecate Kimberly B. Stratton, Dayna S. Kalleres, 2014 *Daughters of Hecate* presents a diverse collection of essays on the topic of women and magic in the ancient Mediterranean world. The book gathers investigations by leading scholars from the fields of Classics, Judaic Studies, and early Christianity, illuminating as well as interrogating the persistent associations of women with magic.

Your Mother's Not a Virgin! John Barbour, 2019-03-19 A high school dropout at 15, and deported from Canada at 17, John Barbour is recognized as the godfather of reality TV for his role as the creator, producer, co-host, and writer of the trendsetting hit *Real People*. He won the first of his five Emmys as the original host of *AM LA* in 1970, where he interviewed controversial anti-war guests like Mohammed Ali, Cesar Chavez, and Jane Fonda. He was the first in America to do film reviews on the news, winning three more consecutive Emmys as *KNBC's Critic-At-Large*. He spent ten years as *Los Angeles Magazine's* most widely read and quoted critic and early in his career, he made stand-up comedy appearances on *The Dean Martin Show*, *The Tonight Show*, and others. In 1992 he wrote and directed the award-winning *The Garrison Tapes*, which Director Oliver Stone heralded as the perfect companion piece to my movie, *JFK*. In 2017 he wrote and directed part two: *The American Media and the Second Assassination of President John F. Kennedy*, which was applauded as the definitive film on *JFK* and the rise of Fake News. In this highly entertaining, deeply informative autobiography, readers will discover what a multifaceted storyteller Barbour is.

National Manhood Dana D. Nelson, 1998-10-14 *National Manhood* explores the relationship between gender, race, and nation by tracing developing ideals of citizenship in the United States from the Revolutionary War through the 1850s. Through an extensive reading of literary and historical documents, Dana D. Nelson analyzes the social and political

articulation of a civic identity centered around the white male and points to a cultural moment in which the theoretical consolidation of white manhood worked to ground, and perhaps even found, the nation. Using political, scientific, medical, personal, and literary texts ranging from the Federalist papers to the ethnographic work associated with the Lewis and Clark expedition to the medical lectures of early gynecologists, Nelson explores the referential power of white manhood, how and under what conditions it came to stand for the nation, and how it came to be a fraternal articulation of a representative and civic identity in the United States. In examining early exemplary models of national manhood and by tracing its cultural generalization, *National Manhood* reveals not only how an impossible ideal has helped to form racist and sexist practices, but also how this ideal has simultaneously privileged and oppressed white men, who, in measuring themselves against it, are able to disavow their part in those oppressions. Historically broad and theoretically informed, *National Manhood* reaches across disciplines to engage those studying early national culture, race and gender issues, and American history, literature, and culture.

A People Passing Rude Anthony Cross, 2012-11-01 The essays in this stimulating collection attest to the scope and variety of Russia's influence on British culture. They move from the early nineteenth century -- when Byron sent his hero Don Juan to meet Catherine the Great, and an English critic sought to come to terms with the challenge of Pushkin -- to a series of Russian-themed exhibitions at venues including the Crystal Palace and Earls Court. The collection looks at British encounters with Russian music, the absorption with Dostoevskii and Chekhov, and finishes by shedding light on Britain's engagement with Soviet film.--Back cover.

Ontologies of Nature Gerard Kuperus, Marjolein Oele, 2017-10-04 This volume contains essays that offer both historical and contemporary views of nature, as seen through a hermeneutic, deconstructive, and phenomenological lens. It reaches back to Ancient Greek conceptions of physis in Homer and Empedocles, encompasses 13th century Zen master Dōgen, and extends to include 21st Century Continental Thought. By providing ontologies of nature from the perspective of the history of philosophy and of contemporary philosophy alike, the book shows that such perspectives need to be seen in dialogue with each other in order to offer a deeper and more comprehensive philosophy of nature. The value of the historical accounts discussed lies in discerning the conceptual problems that contribute to the dominant thinking underpinning our ecological

predicament, as well as in providing helpful resources for thinking innovatively through current problems, thus recasting the past to allow for a future yet to be imagined. The book also discusses contemporary continental thinkers who are more critically aware of the dominant anthropocentric and instrumental view of nature, and who provide substantial guidance for a sensible, innovative “ontology of nature” suited for an ecology of the future. Overall, the ontologies of nature discerned in this volume are not merely of theoretical interest, but strategically serve to suspend anthropocentrism and spark ethical and political reorientation in the context of our current ecological predicament.
