How to Thrive as a Newly Qualified Nurse Carol Forde-Johnston,2018-10-29 How to Thrive as a Newly Qualified Nurse provides a structured programme of support for nursing students and newly qualified nurses during their first year qualified. Packed with practical examples, tips and advice, and featuring vignettes from recently qualified nurses, this book will help you to: Choose your first nursing post and secure the job you really want Structure your learning and development in the early stages of your career Work in a team, prioritise your care-giving and delegate to others Understand safe staffing, patient acuity and dependency tools, care planning, and risk assessment tools Learn how to escalate concerns and report incidents. Here's what some of our student and NQN reviewers said: "The writing style and tone of voice is just right, it reads as though I'm having a conversation with a knowledgeable, trusted friend." "I noticed that it answered many of the questions I was always embarrassed to ask as I thought I should have already known those things." "I have wanted a book that covers the information provided in this book and have been unable to find one. I think this book will be an incredibly useful resource." Drawing on her 30 years' experience as a Registered Nurse and University Lecturer Practitioner, Carol Forde-Johnston has written an accessible and practical book that aims to respond to the questions and concerns that her students and NQNs frequently raise - and to help you thrive as a newly qualified nurse.

Developing Healthcare Skills through Simulation Matthew Aldridge,Stephen Wanless,2012-03-22 This book provides an essential resource for educators of clinical skills who want to utilise simulation based education to provide optimal learning opportunities for their students.' Andrew Bland, University of Huddersfield 'In this book, a team of experienced authors have put together a much needed text that takes an evidence-based, practical approach to skills development.' Lauren Mawson, University of Cumbria 'A really exciting new text.' Sarah Burden, Leeds Metropolitan University Practice educators and mentors are now expected to have the skills and techniques needed to implement a 'learning skills through simulation' programme into established curricula, yet using simulation to teach - while of huge importance - requires careful and time-consuming planning. This valuable resource takes away some of that burden by providing clear, ready-made activities and guidance from leading practitioners in a range of fields, which healthcare and practice educators and mentors can use to enhance their teaching of all the essential and commonly-taught clinical and management skills and knowledge. Dedicated chapters, which all follow a defined step-by-step format, provide simulation

scenarios, alongside facilitator guidance, which will help develop confidence in the teaching of key skills such as: - Drug administration - Conflict management - Infection control - Breaking bad news - Catheter and bowel care These scenarios and accompanying guidance can be used as a framework for teaching, promoting a greater understanding of the skill being taught, and providing a risk-free opportunity for the student to practice their clinical and managerial skills and judgement.

The Student's Companion to Physiotherapy E-Book Nick Southorn,2010-01-15 The Student's Companion to Physiotherapy is a comprehensive guide to help ease the stresses and strains of studying physiotherapy. The content here is orchestrated by students wanting to share their knowledge with fellow students and this book will be a trusty companion for all budding physiotherapists. - Offers students unique learning and study skills needed for physiotherapy - Specifies useful ways to study and offers advice on portfolio development and communication as a clinician - Anecdotes, top tips boxes and cartoons - Handy hints on portfolio development, research and job applications

Stories from the Front Line: The People Behind the NHS Headlines Yvonne Bennett,Christina Stead,2025-01-07 NHS Scotland appears to be in crisis. Today the British media is full of headlines such as "89-year-old great-grandmother waits 5 hours for an ambulance." These are a talking point for a day or two and then another headline of a similar ilk takes over. This book examines the traumatic experiences of the elderly people whose stories make up these headlines. The authors have carried out research into the effects of long waiting times for ambulances and the problems that NHS Scotland is facing through chronic staff shortages. The waits and the limitations to patient care have long term implications for the patients, the relatives and the staff. Throughout the book we discuss iatrogenic disease/harm that is occurring daily for patients, visitors and staff. The book concentrates on the new Glasgow hospital, The Queen Elizabeth University Hospital, which opened its doors in 2015. This is one of the largest hospitals in Europe and replaces 5 older Glasgow hospitals and has been beset by major problems since its opening. By interviewing relatives and staff, the authors have examined their experiences both during and following a traumatic event. Themes found throughout the book include poor communication, trauma, low staff morale, suicide and the problems caused by the size and design of the hospital. The authors have also analysed statistics from NHS Scotland and Scottish Ambulance Service regarding waiting times and the use of agency staff. The overarching goal of this book was to give a voice to those behind the statistics.

[The Lone SENDCO: Questions and answers for the busy SENDCO](#) Gary Aubin,2022-01-07 The SENDCO role can feel quite isolating. SENDCOS know more than anyone in their setting about SEND, so who do they go to when they need support? Especially when new to the role, who do you turn to when tackling a problem or looking for inspiration? The Lone

SENDCO answers over 300 questions that SENDCOs grapple with, whether experienced or new: How should outcomes be worded? Do I get longer to respond if I receive a consultation in the holidays? How shall I structure my inclusion department? How do I assess SEND for a child with EAL? How should I be working with my school's Careers Officer? How do I motivate disengaged learners? What do Ofsted look for in an inspection? Split helpfully into easily-workable sections, this reference book can be picked up and dipped into, whatever the priority. Whether it's organising an annual review for the first time, taking your partnership with parents to the next level or linking your work in SEND to cognitive science, The Lone SENDCO tackles the questions you have and the answers you need. Sections include: EHCPs and annual reviews, working with parents/carers, statutory compliance and legislation, strategic thinking as a SENDCO, identification and assessment of SEND, supporting transition for pupils, working with pupils, Ofsted developing my knowledge as a SENDCO, funding for SEND, teaching and learning, exam access arrangements, understanding data, tracking progress, managing a SEND register, understanding the SENDCO role, challenging decisions around placement and provision, CPD as a SENDCO, SEND as a whole-school issue, working with TAs, working with external partners, provision mapping, interventions, troubleshooting and a guide to types of need.

Stuck With You Christina Mandelski,2019-09-02 When Caleb Gray heads to the Texas coast to mentally prepare for a future he isn't sure he wants, the last person he expects to see is Catie Dixon. Yeah, their mothers have been planning their wedding since they were born, but he and Catie are most definitely not friends. He can't see her as anything but the annoying kid who followed him everywhere. Except, it's really bothering him that everyone is staring at her in that bikini... Catie got over her crush on Caleb ages ago. So why can't she see past his ripped body or how unsettled he seems? She's got

her own problems, though. Her future has been set for years and now she's dreaming of pulling the plug. A week at their families' beach house is just what she needs to pull herself together, and she has no intention of letting Caleb back into her heart...which would be a whole lot easier if he'd put on a shirt. But a forced week of togetherness full of beach parties, waterslide mishaps, bonfires, and roller coasters sparks more than an understanding. What do you do when the person standing in the way of your future is the one person you grew up hating...but now don't? Disclaimer: This Entangled Teen Crush book contains summer thunderstorms on the beach, an, er...awkward waterslide incident, and an infuriatingly hot boy who you'll no longer be able to ignore. Each book in the First Kiss Hypothesis series is STANDALONE: * The First Kiss Hypothesis * Love and Other Secrets * Stuck With You
