Ella Annabelle Glasse,2019-04-12 What would you do if you suddenly realized you had the choice to change how you lived? Would you follow the path you're on or take a risk, knowing it could mean letting go of everything and everyone familiar? Ella Staines appears to live a happy, busy life in a leafy suburb; she has a husband in a good profession, grown-up kids who come and go, and fulfilling work. So why does she feel as if she's suffocating? Has she really forgotten who she is? Ella sets out on a journey that questions the very concept of marriage. Her quest for deeper meaning and a different understanding of spirituality leads to unexpected results that threaten to tip her over the edge. Along the way, she encounters some of her old demons—patterns, power trips, and egoistic ways—that had seemed so comfortable and that had once defined her existence. Now she must swim away from them to build a new life for herself, no matter where that may lead. In this novel, a woman leaves her life behind—her thirty-year marriage, home, family, and friends—to search for a new meaning and purpose for herself.

Bed and Breakfast in New England Bernice Chesler,1992 The most useful B&B book (Travel & Leisure) is now even

better thanks to its new reader-friendly design and its 450 total listings, 125 of them new. Choose from the Colonial 1786 Old Mill Inn in Brandon, Vermont, the Academy Street Inn of Berwick, Maine, or many others. Includes indexes by name and state. 8 maps.

"Rival Sisters, Art and Music at the Birth of Modernism, 1815-1915" James H. Rubin, 2017-07-05 Introducing the concept of music and painting as 'rival sisters' during the nineteenth century, this interdisciplinary collection explores the productive exchange-from rivalry to inspiration to collaboration-between the two media in the age of Romanticism and Modernism. The volume traces the relationship between art and music, from the opposing claims for superiority of the early nineteenth century, to the emergence of the concept of synesthesia around 1900. This collection puts forward a more complex history of the relationship between art and music than has been described in earlier works, including an intermixing of models and distinctions between approaches to them. Individual essays from art history, musicology, and literature examine the growing influence of art upon music, and vice versa, in the works of Berlioz, Courbet, Manet, Fantin-Latour, Rodin, Debussy, and the Pre-Raphaelites, among other artists.

Baker's Dictionary of Opera Laura Diane Kuhn, 2000 This reference covers the unique stature and scope of opera in all its grandeur and complexity, as well as the people who have made significant contributions to the field. The 1,000 entries present information on past and newly emerged performers, librettists, set designers, scholars, directors, and composers (including current ones who have pushed the boundaries of the form). Other features include synopses of operas, an opera timeline, a glossary, a directory of opera companies, histories of the world's leading opera houses, and a foreword by famed musicologist Nicholas Slonimsky. Contains about 250 b & w illustrations and photos. Annotation copyrighted by Book News, Inc., Portland, OR.
