DiAP nel mondo | DiAP in the world - International Vision | Visioni internazionali Orazio Carpenzano,Roberto A. Cherubini,Anna Irene Del Monaco,2020-04-20 International openness is one of the fundamental characteristics of the DiAP Department of Architecture and Design, which sees its members active in 57 bilateral collaboration agreements (without counting the Erasmus agreements) with countries in which today there is a demand for architectural design that looks at Italy as a model, not only for studies of historical architecture, but also for contemporary architecture designed in the existing city and for the new building, including complex landscape and environmental systems.

Tartaria - Gerusalemme è in Europa David Ewing Jr,2023-04-03 Dov'è Gerusalemme? È davvero in Medio Oriente? - O - Gerusalemme è in Europa? Questo libro mostrerà che la Gerusalemme nella Bibbia non è in Medio Oriente, ma in realtà è in Europa La Gerusalemme in Medio Oriente non è altro che un falso e una truffa creata da politici e uomini d'affari. La storia di Gerusalemme parla di denaro e potere ed è piena di bugie

Egitto Autori vari,2024-04-19T00:00+02:00 Frutto di 5000 anni di civiltà, l'Egitto è un paese dalla natura camaleontica, ma che regala sempre un'esperienza molto gratificante. In questa guida: le Piramidi di Giza, in auto lungo la Darb Al Arba'een, crociere sul Nilo, l'egittologia ieri e oggi.

Guida al passaggio generazionale nelle Pmi Carlo Federico Montecamozzo,2012-04-03 Il libro è rivolto agli imprenditori che hanno saputo creare e condurre un'impresa e che desiderano continuare con successo. In esso l'autore ripercorre le numerose tematiche da affrontare in questa difficile fase dell'evoluzione dell'impresa e traccia le linee di un passaggio di consegne ideale fra le generazioni. Un percorso che per il nuovo leader si snoda attraverso gli stadi della vocazione, delle scelte scolastiche, delle esperienze professionali e della crescita nell'impresa stessa fino alla miglior

preparazione per succedere nella conduzione dell'azienda, mentre per il senior leader, punto focale dell'operazione, è una guida per affrontare le numerose difficoltà da superare per raggiungere un passaggio di consegne saggio e senza traumi: dalla scelta del successore, alla gestione dei rapporti in azienda e in famiglia durante il percorso fino al passaggio delle consegne. Senza dimenticare gli eventi traumatici che possono sorprendere e rendere drammatica la situazione aziendale. E senza trascurare il futuro del senior, che può conservare una preziosa posizione di guida strategica e morale dell'impresa crescendo nella dimensione di custode dei valori e di riferimento stabile per tutti. Attraverso informazioni, riflessioni ed esempi di vita vissuta e di imprese che hanno affrontato e spesso brillantemente superato questi ostacoli, si tenta di dare risposta alle mille domande che un imprenditore si pone quando pensa al futuro dell'azienda che ha creato e/o condotto per tanti anni. Un libro che aiuta a riflettere e a scegliere tempestivamente le migliori strategie per superare con successo i molti ostacoli che si incontrano sulla via del rinnovamento perché un cambio al vertice è sempre una rivoluzione e può essere l'occasione di un salto di qualità di tutta l'impresa verso l'assetto più consono per scalare il futuro.

Geography Notebooks. Vol 3, No 1 (2020). Tourism, Representations and Preservation of Territories AA.

VV.,2020-10-21T00:00:00+02:00 Come i due che lo hanno preceduto, anche questo numero di Geography Notebooks / Quaderni di Geografia / Cahiers de Géographie / Cuadernos de Geografía non è pensato come monografico, ma come miscellanea. La varietà dei molti contributi giunti alla redazione conferma l'interesse nei confronti della Rivista da parte sia di geografi italiani sia di colleghi provenienti da differenti Paesi europei ed extraeuropei. Il numero ospita dunque tre contributi in lingua, uno in spagnolo, uno in francese e uno in inglese, confermando l'obiettivo di internazionalizzazione, ricercato fin dalla prima uscita della Rivista. Benché non organizzati attorno a un tema principale, i contributi qui presentati, seppur nella pluralità di approcci, hanno alcuni punti di contatto per contenuti e prospettiva di studio. I primi tre articoli ruotano infatti attorno ai temi della geografia del turismo, presentando altrettanti casi di studio che problematizzano le questioni della fruizione turistica delle aree marginali, le pratiche turistiche all'interno della dimensione didattica e le criticità riscontrate da località turistiche in prossimità di aree colpite da disastri naturali.

L'urbanistica di Empoli. Dalla società preindustriale e quella postindustriale Piero Bartalucci,2022-02-17 La città del recupero, o città postindustriale, è una città che si costruisce su se stessa. Una città tutta da inventare eppure già presente e dunque in grado di ritrovare un'identità urbana precisa senza la necessità di produrre nuova periferia. L'idea è quella di una grande operazione culturale che crei occasioni di incontro tra autorità amministrativa ed esigenze della comunità, riuscendo a esprimere una volontà collettiva sulle forme e sui contenuti da attribuire agli aggregati urbani. Empoli

e il suo territorio possono rappresentare un esempio per l'affermazione di un rinnovamento della città, uno "sviluppo senza sviluppo", una crescita senza allargamento dell'urbanizzato, un'evoluzione senza produzione di nuova edilizia, ribaltando completamente un modello d'intervento dal quale siamo diventati dipendenti e di cui non riusciamo a liberarci. Nel giro di pochi anni il vuoto edilizio e l'urbano inutilizzato diventeranno la "materia prima" per rifondare la città.
