

Fly Me To The Moon Bass

Adrienne Gear

Jumpstart! Music Kelly-Jo Foster-Peters,2020-03-04 Children develop their musicality best through engaging and participating, and an effective and enriching music curriculum must focus on the development of practical music-making skills. Jumpstart! Music therefore contains a wealth of ideas and activities that will support any teacher as they aid the musical learning of pupils aged 7 to 14, helping students not only to learn in new and exciting ways, but also to enjoy themselves while they are doing it. Inspiring any young learner to listen to, make and create a range of music, the book includes multiple simple-to-use ideas and activities, with every chapter based around fun and engaging topics, such as: Storytelling History Media Modern music Technology The world With group suggestions as well as opportunities for the students to develop their skills independently, the games and ideas featured in this title all focus on the core skills in learning music - listening, singing, playing, improvising, composing and SMSC (spiritual, moral, social, cultural) - and are all flexible enough to be adapted to fit each individual situation, whatever the resources to hand. Jumpstart! Music is an essential classroom resource for helping young learners develop their musicality and musicianship and will support any teacher in delivering engaging, inclusive and creative music lessons.

Standards for Starters (Songbook) Hal Leonard Corp.,2012-01-01 (Easy Jazz Play Along). Improvising is easier than ever with this series for beginning jazz musicians. The Hal Leonard Easy Jazz Play-Along Series includes songs with accessible chord changes and features recordings with novice-friendly tempos. Just follow the streamlined lead sheets and play along with the professionally recorded backing tracks. Volume 2 includes 18 songs: Don't Get Around Much Anymore * Fly Me to the Moon (In Other Words) * Honeysuckle Rose * Moon River * My Favorite Things * Speak Low * The Way You Look Tonight * and more.

Honeybees and Distant Thunder Riku Onda,2023-05-02 THE MILLION-COPY AWARD-WINNING JAPANESE BESTSELLER Tender and intense, *Honeybees and Distant Thunder* is the unflinching story of love, courage, and rivalry as three young people come to understand what it means to truly be a friend. In a small coastal town just a stone's throw from Tokyo, a prestigious piano competition is underway. Over the course of two feverish weeks, three students will experience some of the most joyous—and painful—moments of their lives. Though they don't know it yet, each will profoundly and unpredictably change the others, forever. Aya was a child prodigy who abruptly gave up performing after the death of her

mother, and is now trying for a comeback; Masaru, a childhood friend of Aya who came to the piano through her insistence that he learn to play, is now reunited with her after many years, and is equally invested in both his and her success; Akashi, who is older and married, works in a music store and is the “old man” of the competitors, hoping for a final chance at success; and Jin, a sixteen-year-old prodigy, the free spirited son of a beekeeper who travels constantly, and has no formal training (and doesn’t even own a piano) yet whose mesmerizing insight into music has brought him to the attention of one of the world’s most celebrated pianists, the late Maestro Von Hoffman. Each of them will break the rules, awe their fans and push themselves to the brink. But at what cost? Beloved in Japan, Riku Onda immerses us in the world of music—from piano masterpieces to the buzz of bees and the rumble of thunder—which crescendos to a surprising ending in this rich and vibrant novel.

Groove Tiger C. Roholt, 2014-09-25 Written by an experienced drummer and philosopher, Groove is a vivid and exciting study of one of music's most central and relatively unexplored aspects. Tiger C. Roholt explains why grooves, which are forged in music's rhythmic nuances, remain hidden to some listeners. He argues that grooves are not graspable through the intellect nor through mere listening; rather, grooves are disclosed through our bodily engagement with music. We grasp a groove bodily by moving with music's pulsations. By invoking the French philosopher Maurice Merleau-Ponty's notion of motor intentionality, Roholt shows that the feel of a groove, and the understanding of it, are two sides of a coin: to get a groove just is to comprehend it bodily and to feel that embodied comprehension.

Jazz Eddie S. Meadows, 2013-10-23 Jazz: Research and Pedagogy is the third edition of an annotated bibliography to books, recordings, videos, and websites in the field of jazz. Since the publication of the 2nd edition in 1995, the quantity and quality of books on jazz research, performance, and teaching materials have increased. Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date, several books on research, performance, and teaching materials were omitted. In addition, given the proliferation of new books in all jazz areas since 1995, the need for a new, comprehensive, and annotated reference book on jazz is apparent. Multiply indexed, this book will serve as an excellent tool for librarians, researchers, and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade.

Quincy Jones Clarence Bernard Henry, 2013-08-29 A biography of one of the most influential creators and talents of the twentieth century

The "Real Easy" Ear Training Book Roberta Radley, 2011-01-12 All great musicians have one thing in common---to a great extent they know what the harmony of a song is as they hear it. Do you? If not, here is a practical guide to get you up to speed. Written by Berklee professor Roberta Radley, it uses contemporary music to help you see how ear training is invaluable for your own musical needs.

How to Play Solo Jazz Piano John Valerio,2016-08-01 (Piano Instruction). Often, jazz pianists are called upon to play solo gigs. This book attempts to ease the transition from group to solo jazz piano playing with a step-by-step practical approach to learning and playing standard tunes by dissecting their component parts; melody, harmony and bass. The parts are then reassembled in various ways. Chapters include: chords & voicings * bass lines * swing tunes * ballads * improvisation. Audio demonstration tracks are provided for download or streaming online with a unique access code included in the book.

Ella Fitzgerald J. Wilfred Johnson,2001-01-01 Ella Fitzgerald was one of America's greatest jazz singers. This volume is as complete a discography of her recorded songs as currently seems possible to compile. This volume also contains a complete discography (1927-1939) for drummer and bandleader Chick Webb, with whom Ella began her recording career in 1935. Part One includes a chronological listing of all known recorded performances of both Chick Webb and Ella. Part Two gives the complete contents of Ella's LPs and CDs, including track listings, titles (with lyricists and composers) and timings. Part Three is an annotated alphabetical listing of all songs contained on all of Fitzgerald's records, with detailed information on each song's composer, lyricist, and history. Reviews of the movies in which Ella appeared and surveys of her career with the Decca, Verve and Pablo music companies are included. The book also has an index of album and CD recordings, and composers, lyricists and musicians.

Powerful Thinking Adrienne Gear,2024-03-18 An inspiring book to help teachers shift their beliefs and “stretch” their thinking around reading comprehension, literacy instruction, and content-area learning. Using the key concepts and strategies introduced in her ground-breaking book, *Reading Power*, Adrienne Gear shows teachers practical ways to create a “culture of thinking” that can be integrated into all areas of learning. Using knowledge-rich texts as tools, Adrienne shares how read-alouds can be used in content areas to support literacy skills and build knowledge. This timely book offers classroom-tested lessons and anchor books to create a content-rich learning environment that helps strengthen student learning and knowledge-building.

American Music Nicolae Sfetcu,2014-05-09 The music of the United States is so cool! It reflects the country's multicultural population through a diverse array of styles. Rock and roll, hip hop, country, rhythm and blues, and jazz are among the country's most internationally renowned genres. Since the beginning of the 20th century, popular recorded music from the United States has become increasingly known across the world, to the point where some forms of American popular music is listened to almost everywhere. A history and an introduction in the ethnic music in the United States, American Indian music, classical music, folk music, hip hop, march music, popular music, patriotic music, as well as the American pop, rock, barbershop music, bluegrass music, blues, bounce music, Doo-wop, gospel, heavy metal, jazz, R&B, and the North American Western music.

Lollipop Lounge Genya Ravan,2013-01-29 Always the pioneer, Genya formed Goldie and the Gingerbreads in the early

sixties, touring behind a string of European hits with the Stones, Kinks, Yardbirds and Hollies as the first all female rock and roll band. Later she resurfaced back in the US as the powerful voice of Ten Wheel Drive, one of the original horn jazz-fusion bands. In the Seventies she expanded her repertoire becoming the world's first independent female producer, with critically acclaimed records by Ronnie Spector and the Dead Boys, 'Young Loud and Snotty', labelled the ultimate punk album by many reviewers. During the same period Hilly Krystal summoned Genya to head up CBGB Records. In 2003 she received accolades for her memoir, Lollipop Lounge, one of the great tales of Rock and Roll survival. In it she speaks candidly about her childhood as a holocaust survivor, a teenage immigrant growing up in the tenements of New York's lower East Side, her career and survival of both addiction and lung cancer. In 2011 The Rock and Roll Hall of Fame Museum included Goldie and the Gingerbreads in their Women in Music exhibit. In 2012 her latest CD, the autobiographical, Cheesecake Girl, was released to rave reviews. She also appears on the posthumous Joey Ramona release, 'New York City', and a portion of her story is about to hit the big screen as Castle star, Stana Katic portrays her character in the new feature film, 'CBGBs' scheduled for a 2013 release. She continues to host two monthly radio shows for Little Steven's Underground Garage on Sirius/XM: 'Chicks and Broads' in which she covers the often forgotten music of female artists from the 50's to the present, as well as showcasing new and unsigned bands in 'Goldie's Garage'.

Truly Rotten Gigs from Hell Patricia Shih, 2010-03

Sinatra! the Song is You Will Friedwald, 1995 This musical biography is the first book to document Frank Sinatra's musical legacy through seven decades. The author draws upon interviews with musicians, performers and songwriters with whom Sinatra has worked, to reveal the man through his music.

The Animal Dialogues Craig Childs, 2007-12-12 From one of the finest nature writers at work in America today-a lyrical, dramatic, illuminating tour of the hidden domain of wild animals. Whether recalling the experience of being chased through the Grand Canyon by a bighorn sheep, swimming with sharks off the coast of British Columbia, watching a peregrine falcon perform acrobatic stunts at 200 miles per hour, or engaging in a tense face-off with a mountain lion near a desert waterhole, Craig Childs captures the moment so vividly that he puts the reader in his boots. Each of the forty brief, compelling narratives in The Animal Dialogues focuses on the author's own encounter with a particular species and is replete with astonishing facts about the species' behavior, habitat, breeding, and lifespan. But the glory of each essay lies in Childs's ability to portray the sometimes brutal beauty of the wilderness, to capture the individual essence of wild creatures, to transport the reader beyond the human realm and deep inside the animal kingdom

The Fall of Cthulhu Horrified Press, 2015-03-19 They say that when the stars are right he will return and usher in a new age and the Elder Gods will reign once again. H.P.L. drops a few hints that Cthulhu might not be returning during mankind's time on Earth. What could possibly stop him from awakening from his aeons old sleep? Or thwart his plans?

Ellingtonia W. E. Timner, 2000-01-01 Edward Kennedy Duke Ellington (1899-1974) is recognized as one of the great composers and orchestra leaders of the twentieth century and is credited for raising jazz to its highest plateau. He remained musically active through his entire life, creating a prolific musical output. *Ellingtonia: The Recorded Music of Duke Ellington and His Sidemen* compiles Ellington's entire musical catalog from the first recording session in July 1923 to the last concert in March 1974. More than a discography, the book comprises all the activities of these musicians, including studio recordings, movie soundtracks, concerts, dance dates, radio broadcasts, telecasts, and private and unissued recordings, as well as recordings made by Ellington's sidemen under their own names or with other bands. W. E. Timner provides the date, location and personnel for each session, the label of first issue, master and take numbers (if available), and song title, including alternate titles and derivatives. Containing a comprehensive guide for users and indexes of titles, musicians, cities, venues, and general subjects, this completely revised and updated 5th edition also contains a new section listing Ellington's radio broadcasts and telecasts. Complete with extensive footnotes, *Ellingtonia* remains an indispensable and easy to use reference source for Jazz collectors and scholars.

Sweethearts of Song: A Personal Memoir of Anne Ziegler and Webster Booth (Second Edition) Jean Collen, 2019-11-24 I published the first edition of this book in 2006. I have now published the second edition and have, in some instances, included excerpts from my contemporary diaries, and have drawn on the many letters written to me by Anne and Webster over a forty year period. This edition contains more information about Anne and Webster than the first edition. It also includes many extra photographs.

Rebecca, Born in the Maelstrom Marie-Claire Blais, 2009-09-15 With this astounding fourth novel in her ongoing series of contemporary masterpieces (*These Festive Nights*, *Thunder and Light*, *Augustino and the Choir of Destruction*, and *Rebecca, Born in the Maelstrom*), Marie-Claire Blais invites us again to enter a complex circle of unforgettable characters. But this time, the tone is different: Blais' writing has acquired a new, buoyant, electrifying rhythm -- a rhythm some critics have described as the heartbeat of the world. As we follow a central character named Rebecca, the voice in the novel becomes the voice of the world inventing itself, and the future playing itself out. As the GG jury wrote, this breathtaking paroxysm of a novel turns any commonly held vision of the world upside down. Blais' transcendent prose illuminates her characters with an extraordinary light. Nigel Spencer is Marie-Claire Blais' long-time translator and a Governor General's Award winner for his work on this series of books. He gives us Blais' singular vision in supple English prose that is as transcendent and nuanced as the original French.

Mel Torme George Hulme, 2008-05-09 Known for a voice as mellow as his moniker, *The Velvet Fog*, Mel Torme was an accomplished vocalist, pianist, drummer, songwriter, arranger and author. Leaving a recording legacy of jazz and popular music, his death in June 1999 ended an entertainment career spanning over sixty years. This comprehensive discography is

intended not only for the Torme enthusiast, but the casual fan as well, who may only know Torme for his Night Court television appearances or as vocalist and co-writer of The Christmas Song (Chestnuts Roasting on an Open Fire), which was first recorded by Nat King Cole. Included are a selective chronology providing the highlights of Torme's career as an entertainer; notes on record issues, recording dates, session numbers, takes, musicians and arrangers; lists of all musical releases by label and category; hits and awards; and indexes of song titles and musicians. Films, short subjects, stage appearances, and television work (recorded on video) in which he acted, performed musically, or served as a contributor are noted, as are books that Torme wrote, or to which he contributed.

Fly Me To The Moon Bass Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable.
