Harriet E.H. Earle

Gender, Sexuality and Queerness in American Horror Story Harriet E.H. Earle, 2019-08-21 The horror anthology TV show American Horror Story first aired on FX Horror in 2011 and has thus far spanned eight seasons. Addressing many areas of cultural concern, the show has tapped in to conversations about celebrity culture, family dynamics, and more. This volume with nine new essays and one reprinted one considers how this series engages with representations of gender, sexuality, queer identities and other LGBTQ issues. The contributors address myriad elements of American Horror Story, from the relationship between gender and nature to contemporary masculinities, offering a sustained analysis of a show that has proven to be central to contemporary genre television.

Mastering Fear Rikke Schubart, 2018-07-12 Mastering Fear analyzes horror as play and examines what functions horror has and why it is adaptive and beneficial for audiences. It takes a biocultural approach, and focusing on emotions, gender, and play, it argues we play with fiction horror. In horror we engage not only with the negative emotions of fear and disgust, but with a wide range of emotions, both positive and negative. The book lays out a new theory of horror and analyzes female protagonists in contemporary horror from child to teen, adult, middle age, and old age. Since the turn of the millennium, we have seen a new generation of female protagonists in horror. There are feisty teens in *The Vampire Diaries* (2009–2017), troubled mothers in *The Babadook* (2014), and struggling women in the New French extremity with *Martyrs* (2008) and *Inside* (2007). At the fuzzy edges of the genre are dramas like *Pan's Labyrinth* (2006) and *Black Swan* (2010), and middle-age women are now protagonists with Carol in *The Walking Dead* (2010–) and Jessica Lange's characters in American Horror Story (2011–). Horror is not just for men, but also for women, and not just for the young, but for audiences of all ages.

Telling an American Horror Story Cameron Williams Crawford, Leverett Butts, 2021-03-02 Telling an American Horror Story collects essays from new and established critics looking at the many ways the horror anthology series intersects with and comments on contemporary American social, political and popular culture. Divided into three sections, the chapters apply a cultural criticism framework to examine how the first eight seasons of AHS engage with American history, our contemporary ideologies and social policies. Part I explores the historical context and the uniquely-American folklore that AHS evokes, from the Southern Gothic themes of *Coven* to connections between *Apocalypse* and anxieties of modern American youth. Part II contains interpretations of place and setting that mark the various seasons of the anthology. Finally,

Part III examines how the series confronts notions of individual and social identity, like the portrayals of destructive leadership in *Cult* and lesbian representation in *Asylum* and *Hotel*.
