Images of Women in Hispanic Culture Teresa Fernandez Ulloa,2016-08-17 This book studies the ways traditional polarized images of women have been used and challenged in the Hispanic world, especially during the 20th century and the beginning of the 21st century by writers and the media, but also in earlier time periods. The chapters analyze the image of women in specific political periods such as Francoism or the Kirchners' administration, stereotypes of women in films in Mexico and Chile, and the representation of women in textbooks, among other topics. Contributions also show how two women writers, in the 17th and the 19th centuries, viewed the role of women in their society.

Zafrín Manuel A. Rojo Guerra,2010 Colección: Studia Archaeologica, 96Se ofrecen en este libro los resultados de las últimas campañas de excavación arqueológica desarrolladas en el asentamiento neolítico de Zafrín, en las Islas Chafarinas (Norte de África, España), en las que se han descubierto interesantes evidencias de la ocupación humana a mediados del V milenio AC. En ellas se documentaron diversas estructuras de habitación, entre las que destaca una pequeña cabaña oval completa, con hogar central, donde se recuperó valiosa información que ha permitido la reconstrucción de los modos de vida

de aquellas poblaciones humanas. Junto al estudio arqueológico figuran también varios trabajos realizados por diversos especialistas en zooarqueología, paleobotánica (palinología), geología, etc. que han permitido indagar en diversos aspectos de la vida en el Neolítico en este rincón de la geografía norteafricana. Los análisis geológicos muestran que el actual archipiélago es de formación relativamente reciente, y que en el Neolítico formaba parte de un gran tómbolo, unido al actual Cabo de Agua.
