**J. R. Subba**

Mythology of the People of Sikkim J. R. Subba, 2009 Mythology is a miscellaneous collection of old tales and legends which embraces all of what we now call religion, science and philosophy (natural moral and metaphysical). The Myths are the spiritual instructions of our forefathers. The mythical stories are not entertainment stories or folk-tales; because they can be told only at certain times of the year and under certain conditions. The belief systems of all the 14 (fourteen) mountain tribes and races of Sikkim were sandwiched between the faith of Buddhism from the north and Hinduism from the west in the beginning; and then Christianity from the south mainly during the chieftdom periods of Sikkim (1642-1975 A.D.) and Nepal (1769-2008 A.D.); affecting their indigenous belief systems tremendously. Today, the different tribes and races of Sikkim have awakened not against anybody else but themselves from within and have started rediscovering their own belief systems and traditions. Many of these hill tribes or races have adopted many well developed religions of the world with insignificant traces of their own within it. This book is an attempt to collect the valuable information of these lesser known oriental Belief System or Religion and Mythologies of the different ethnic mountain people of Sikkim for the first time for further research and development.

Exploring the Human Spirit Richard Dance, 2024-01-23 Exploring the Human Spirit is a collection of essays Richard Dance wrote for a study group that grew out of an East-West philosophy course he taught at several colleges in Arizona. His philosophy students asked him to start a study group to explore more deeply the ideas presented in the class. He obliged by writing essays on various topics that he thought would benefit others, and everyone met at his home monthly for a presentation on each essay. These Mindful Medicine Salons unfolded spontaneously over two years with several hundred participants in attendance, creating a wonderful sense of community in the pursuit of self-knowledge. Great thanks go to all the students without whom this book would have never existed.

**Rebuilding Broken** MD Shoatzycotl, 2013-11-08 There comes a point in life when our soul hangs in the balance - saddened, desperate, and foreign to the person we've become. The life we once romanticized seems shattered and we're left wondering what to do. *Rebuilding Broken* traces the author's difficult journey from complete ruin and painful realization to a state of fulfillment and salvation. Along the way, MD emphasizes the power of spirituality outside the structure of organized religion as well as the importance of rediscovering the soul in a world which defines us, breaks us, and defines us again.

American Veda Philip Goldberg, 2013-05-14 A fascinating look at India's remarkable impact on Western culture, this eye-opening popular history shows how the ancient philosophy of Vedanta and the mind-body methods of Yoga have profoundly affected the worldview of millions of Americans and radically altered the religious landscape. What exploded in the 1960s, following the Beatles trip to India for an extended stay with their new guru, Maharishi Mahesh Yogi, actually began more than two hundred years earlier, when the United States started importing knowledge--as well as tangy spices and colorful fabrics--from Asia. The first translations of Hindu texts found their way into the libraries of John Adams and Ralph Waldo Emerson. From there the ideas spread to Henry David Thoreau, Walt Whitman, and succeeding generations of receptive Americans, who absorbed India's "science of consciousness" and wove it into the fabric of their lives. Charismatic teachers like Swami Vivekananda and Paramahansa Yogananda came west in waves, prompting leading intellectuals, artists, and scientists such as Aldous Huxley, Joseph Campbell, Allen Ginsberg, J. D. Salinger, John Coltrane, Dean Ornish, and Richard Alpert, aka Ram Dass, to adapt and disseminate what they learned from them. The impact has been enormous, enlarging our

current understanding of the mind and body and dramatically changing how we view ourselves and our place in the cosmos. Goldberg paints a compelling picture of this remarkable East-to-West transmission, showing how it accelerated through the decades and eventually moved from the counterculture into our laboratories, libraries, and living rooms. Now physicians and therapists routinely recommend meditation, words like karma and mantra are part of our everyday vocabulary, and Yoga studios are as ubiquitous as Starbucks. The insights of India's sages permeate so much of what we think, believe, and do that they have redefined the meaning of life for millions of Americans—and continue to do so every day. Rich in detail and expansive in scope, *American Veda* shows how we have come to accept and live by the central teaching of Vedic wisdom: "Truth is one, the wise call it by many names."

*unSpiritual: A Spiritual Journey* Zzenn Loren, 2023-06-24 For some of us, there is a built-in, born-with affliction to seek and find the answers to our existence. It is not by choice. It is a gnawing, a knowing—a sacred sickness. It is a feeling so deep that it vibrates in the cells and boils in the blood. It is an intensity so unrelenting in its drive, so constant, determined, unwavering, and focused that even sleep is not safe from its scrutiny. And when it is hidden, it is simply waiting for the next attack upon its prey of falsehood. The story begins with Christopher staring at a shotgun, considering ending his life at 18. He has a born-again experience and becomes a missionary in Haiti. After escaping a Christian cult, he leaves Christianity and travels through the landscape of spirituality for 25 years. Enchanted by the song *Stairway to Heaven*, he follows the inner muse into a mysterious realm that transforms his life. He chronicles a powerful human metamorphosis (kundalini) over five weeks and details how the body purges itself of psycho-emotional complexes and unleashes its spiraling power inside. This is a rare peak into the kundalini experience. This experience changes his name to Zzenn, leading him to discover his lost chord, a style of music he calls ZzennSong. This is a tale of riveting intensity and synchronicity, sprinkled with keys of insight through the life of a modern seeker and mystic. It is a harrowing narrative for any story lover, spiritual seeker, musical artist, or survivor of childhood trauma.

**Angel Energy** John Randolph Price, 2011-07-13 The natural expression of the angels is Truth. If we deny the truth, we repress the energy of the angels. But when we fully accept the eternal verities of life, the angels go to work to bring everything up to the divine standard.... Within each one of us dwell the twenty-two angels, centers of Living Energy that provide us with all we need to sustain us on our journey through life. They await only our readiness. However, the angels require our assistance to manifest changes in our lives. They are able to free us from disease and death, loneliness and unfulfillment, lack and limitation only when we free them. And so the author of the bestselling *The Angels Within Us* has written this book to help us set free the positive vibrations of these inner archetypes and their nothing-is-impossible energy. Through meditations, affirmations, exercises, dialogues with the twenty-two angels, and true stories of the miracles and transformations wrought by them, he helps us liberate the power of the Divine within so that we can: \* Awaken our higher

consciousness \* Heal the past \* Communicate with angels awake and dreaming \* Find our right livelihood \* Enjoy prosperity \* Open ourselves to physical healing \* Find fulfillment in our relationships \* Surrender to unconditional love \* And much more Our angels are the very law of our being. This remarkable book helps us to connect and flow with their universal rhythm of wholeness, to become who and what we really are.

**The Complete Works of Swami Vivekananda - Volume 4** Swami Vivekananda, Published by Advaita Ashrama, a publication house of Ramakrishna Math, Belur Math, this is Volume 4 of the nine volume series constituting 'The Complete Works of Swami Vivekananda'. In these volumes we have not only a gospel to the world at large, but also, to its own children, the Charter of the Hindu faith. For the first time in history, Hinduism itself forms here the subject of generalization of a Hindu mind of the highest order. What Hinduism had needed was the organizing and consolidating of its own idea, a rock where she could lie at anchor, and an authoritative utterance in which she might recognise herself. What the world had needed was a faith that had no fear of truth. Both are found in the words and writings of Swami Vivekananda. It is the latest gospel of a modern Prophet of religion and spirituality to the mankind.

**Angels Explain God and the New Spirituality** Cheryl Gaer Barlow,2013-12-01 The message of this book is to tell the souls of Earth about the wonders of God, the glorious angels, the heavens, the Earth, and all existence. Know above all things that God loves you more than any words can express. God is always with you. He is ever bringing you toward the blossoming of your soul. God communicates by way of the holy angels of God. The most important words we want to tell you are: Open your soul. Surrender your soul to God. Ask God to lead you to truth, love, and peacefulness. Ask God for any attributes you wish to acquire. God's angels will help you become the strong, powerful soul that you are meant to become. A world of souls, lifting their minds to reach God will affect the universe. Be the soul you are meant to be. The most powerful attribute a soul

may attain is love. — The Angels of the Mallbon

**You Are the World** Mario Mantese,2017-10-13 I am the divine emptiness from which the first thought appears. Through it all things are revealed. I am the one feeling out of which all feelings are revealed. Do not lose yourself in the apparent variety of manifestation, for I alone am the one great unity, beyond which nothing exists. Who speaks these words? No 'I' as we know it. The Swiss author and spiritual teacher Mario Mantese expresses from the source beyond space and time. His aphorisms are glimmering pearls of love, and their radiance guides the soul directly to the Self. Why are you afraid to recognize your true Self, and to be? Awaken in me, Beloved! I am absolute presence and supreme wisdom. Truly, I am you and you are me.

**Wisdom in Rhyme** Maxine Bryant-Neway,2022-10-14 Maxine Maggie became a follower of Christ more than twenty years ago. In awe of the glories of god's greatness, and his overwhelming and amazing love for mankind, her zeal for the Lord is insolvable. Rhymes were a part of her youth. Sending a note to a friend; adding something more to a card; and a feasible attempt at song-writing, to eventually rhyming old journals, which served to navigate memories long hidden and brought to remembrance and unveiled in her rhymes. Glorifying and honoring god is the foundation of this book, sharing her stories is an enlightenment to possibly inspire another to the saving love of Jesus Christ.
