A DOOR TO THEIR HEARTS Jeannine Miceli Martin,2018-07-21 Growing up in a Sicilian family with most of its members born and raised in America, Jeannine was eager to grasp a deeper understanding of her true heritage, not the Americanized version. She'd known that her maternal grandparents, Giuseppe Ferro and Angela Luca, had immigrated to the United States to Waltham, Massachusetts, where her mother was raised, but she hadn't known from where, why, or when they'd arrived. She'd begun her quest for answers on Ellis Island, and from there, her grandparents' journey had become her journey as she'd traced their paths by going to Sicily herself to learn about their lives there and what made them leave. To her surprise, Jeannine found more than their childhood villages of Ucria and Bronte. She'd discovered more Ferro cousins in Ucria. When Jeannine found a door, she'd enlisted the help of the New England Historic Genealogical Society for a quick lesson in ancestry research, which led her as far back as her three-times-great-grandparents. From that point, she built her family tree and returned to her cousins in Ucria to experience her true authentic heritage. Through legal documents, she'd followed her grandparents and other Ferro ancestors who emigrated to Waltham with them and chronicled the changes in their family lives in America, not necessarily for betterment. She'd learned from medical transcripts of a dramatic twist in her grandfather's life as a patient in an insane asylum. While Jeannine had opened the door to her ancestry, she'd bridged a gap between the Ferro family of the past and present and the miles between Ucria and Waltham.

Reinventing Dixie John Bush Jones,2015-03-16 Tin Pan Alley, once New York City's songwriting and recording mecca, issued more than a thousand songs about the American South in the first half of the twentieth century. In Reinventing Dixie, John Bush Jones explores the broad impact of these songs in creating and disseminating the imaginary view of the South as a land of southern belles, gallant gentlemen, and racial harmony. In profiles of Tin Pan Alley's lyricists and composers, Jones explains how a group of undereducated and untraveled writers—the vast majority of whom were urban northerners or European immigrants—constructed the specific and detailed images of the South used in their song lyrics. In the process of evaluating the origins of Tin Pan Alley's songbook, Jones analyzes these songwriters' attitudes about North-South

reconciliation, ideals of honor and hospitality, and the recurring theme of the yearning for home. Though a few of the songs employed parody or satire to undercut the vision of a peaceful, romantic South, the majority ignored the realities of racism and poverty in the region. By the end of Tin Pan Alley's era of cultural prominence in the mid-twentieth century, Jones contends that the work of its writers had cemented the "moonlight and magnolias" myth in the minds of millions of Americans. Reinventing Dixie sheds light on the role of songwriters in forming an idyllic vision of the South that continues to influence the American imagination.

Imaging Pilgrimage Kathryn Barush, 2021-07-29 Winner of the American Academy of Religion's Religion and the Arts Book Award Winner of the Borsch-Rast Book Prize & Lectureship An Oxford Alumni Book of the Month pick While place-based pilgrimage is an embodied practice, can it be experienced in its fullness through built environments, assemblages of souvenirs, and music? Imaging Pilgrimage explores contemporary art that is created after a pilgrimage and intended to act as a catalyst for the embodied experience of others. Each chapter focuses on a contemporary artwork that links one landscape to another—from the Spanish Camino to a backyard in the Pacific Northwest, from Lourdes to South Africa, from Jerusalem to England, and from Ecuador to California. The close attention to context and experience allows for popular practices like the making of third-class or contact relics to augment conversations about the authenticity or perceived power of a replica or copy; it also challenges the tendency to think of the "original" in hierarchical terms. The book brings various fields into conversation by offering a number of lenses and theoretical approaches (materialist, kinesthetic, haptic, synesthetic) that engage objects as radical sites of encounter, activated through religious and ritual praxis, and negotiated with not just the eyes, but a multiplicity of senses. The first full-length study to engage contemporary art that has emerged out of the embodied experience of pilgrimage, Imaging Pilgrimage is an important and timely addition to the field of material and visual culture of religion. It is essential reading for anyone interested in pilgrimage studies, material culture, and the place of religion within contemporary art.

A Serendipitous Life Helen Baily Cochrane, 2012-08-31 The life of Helen Cochrane has been filled with many amazing stories, and she has recorded many of them in her autobiography. From small-town girl to national ecclesiastical leader, Helen relates the exciting experiences of her life and presents them here in her incredible journey. Beginning her life as a bankers daughter during the Great Depression, she struggled for ordination and respect as a woman in one of the countrys largest denominations. At the same time, she has interwoven the national, state, and regional events that shaped her life and the lives of her family members. From Black Friday to the rough-and-tumble games with her brothers, World War II, battles with hurricanes and floods, and her first kiss, to prejudices, miscarriages, an eye falling out of its socket, and becoming friends with celebrities, Helen relates her colorful life in hundreds of tales and anecdotes. I can guarantee there is never a dull moment in this unique, fascinating story of a passionate, pioneering, peacemaking woman who felt and responded to

Gods call on her life.
