

Leave Her To Heaven

Wheeler W. Dixon

Leave Her to Heaven Ben Ames Williams, 2007-10-01 This classic bestselling novel about a man who encounters a woman whose power to destroy is as strong as her power to love evokes Hemingway in its naturalistic portrayal of elemental forces in both nature and humanity. Ellen's beauty was radiant, and Harland had been so struck with her personality and the strength of her character that he knew he could never leave her. When he found that she returned his adoration, he could marry her with joy, bothered just momentarily by a strange premonition. It was only later, when the premonition became a horrifying reality, that he realized the glowing loveliness of the woman he had married was the true face of evil.

Gene Tierney Will Scheibel, 2022-09-12 Hollywood's Gene Tierney, the lasting impact of her wartime and postwar films, and her continuing legacy. Gene Tierney may be one of the most recognizable faces of studio-era Hollywood: she starred in numerous classics, including *Leave Her to Heaven*, *The Ghost and Mrs. Muir*, and *Laura*, with the latter featuring her most iconic role. While Tierney was considered one of the most beautiful women in Hollywood, she personified ordinariness both on- and off-screen. Tierney portrayed roles such as a pinup type, a wartime worker, a wife, a mother, and, finally, a psychiatric patient—the last of which may have hit close to home for her, as she would soon leave Hollywood to pursue treatment for mental illness and later attempted suicide in the 1950s. After her release from psychiatric clinics, Tierney sought a comeback as one of the first stars whose treatment for mental illness became public knowledge. In this book, Will Scheibel not only examines her promotion, publicity, and reception as a star but also offers an alternative history of the United States wartime efforts demonstrated through the arc of Tierney's career as a star working on the home front. Scheibel's analysis aims to showcase that Tierney was more than just the most beautiful woman in movie history, as stated by the head of production at Twentieth Century Fox in the 1940s and 1950s. He does this through an examination of her making, unmaking, and remaking at Twentieth Century Fox, rediscovering what she means as a movie legend both in past and up to the present. Film studies scholars, film students, and those interested in Hollywood history and the legacy of Gene Tierney will be delighted by this read.

Femme Fatale James Ursini, 2009-10-01 From the femme fatale of the early cinema to her post-feminist rebirth, this lavishly illustrated book and comprehensive guide traces the history of these dangerously alluring, manipulative, and

desperate lethal ladies. *Femme Fatale* surveys the history of the femme fatale in world cinema, with more than 300 photographs testifying to the power of these mysterious women. The book begins with the silent period and its vamps, like Theda Bara, Pola Negri, Clara Bow, and Bebe Daniels, then moves on to the Pre-Code sound period of American films, which, showing liberated attitudes toward sex and women, featured actresses like Jean Harlow, Marlene Dietrich, and Greta Garbo. The story continues with the noir 1940s, when the femme fatale became truly lethal – including actresses like Ava Gardner, Rita Hayworth, and Barbara Stanwyck. In the repressive 1950s, the international femme fatale took the fore – Brigitte Bardot, Maria Felix, Elizabeth Taylor, Anita Ekberg, etc. Finally, the authors turn to the revolutionary post-feminist modern period, with an array of lethal ladies from all over the world, like Pam Grier, Salma Hayek, Gong Li, Angelina Jolie, and Sharon Stone.

The Femme Fatale Julie Grossman, 2020-09-18 Ostensibly the villain, but also a model of female power, poise, and intelligence, the femme fatale embodies Hollywood's contradictory attitudes toward ambitious women. But how has the figure of the femme fatale evolved over time, and to what extent have these changes reflected shifting cultural attitudes toward female independence and sexuality? This book offers readers a concise look at over a century of femmes fatales on both the silver screen and the TV screen. Starting with ethnically exoticized silent film vamps like Theda Bara and Pola Negri, it examines classic film noir femmes fatales like Barbara Stanwyck in *Double Indemnity*, as well as postmodern revisions of the archetype in films like *Basic Instinct* and *Memento*. Finally, it explores how contemporary film and television creators like *Fleabag* and *Killing Eve's* Phoebe Waller-Bridge have appropriated the femme fatale in sympathetic and surprising ways. Analyzing not only the films themselves, but also studio press kits and reviews, *The Femme Fatale* considers how discourses about the pleasures and dangers of female performance are projected onto the figure of the femme fatale. Ultimately, it is a celebration of how “bad girl” roles have provided some of Hollywood's most talented actresses opportunities to fully express their on-screen charisma.

I Do and I Don't Jeanine Basinger, 2014-03-11 Here is “happily ever after”—except when things aren't happy, and when “ever after” is abruptly terminated by divorce, tragedy . . . or even murder. With her large-hearted understanding of how movies—and audiences—work, leading film historian Jeanine Basinger traces the many ways Hollywood has tussled with the tricky subject of marriage, explicating the relationships of countless marriages from Blondie and Dagwood to the heartrending couple in the Iranian *A Separation*, from Coach and his wife in *Friday Night Lights* to Tracy and Hepburn, and even to Laurel and Hardy (a marriage if ever there was one). A treasure trove of insight and sympathy, illustrated with scores of wonderfully telling movie stills, posters, and ads.

Film Noir and the Cinema of Paranoia Wheeler Winston Dixon, 2019-07-29 *Film Noir and the Cinema of Paranoia* is an overview of 20th- and 21st-century noir and fatalist film practice from 1945 onwards. The book demonstrates the ways in which American cinema has inculcated a climate of fear in our daily lives, as reinforced, starting in the 1950s, by television, and later videocassettes, the web, and the Internet, to create, by the early 21st century a hypersurveillant atmosphere in which no one can avoid the barrage of images that continually assault our senses. The book begins with the return of American soldiers from World War II, 'liberated' from war in the Pacific by the newly created atomic bomb, which will come to rule American consciousness through much of the 1950s and 1960s and then, in a newer, more small-scale way, become a fixture of terrorist hardware in the post-paranoid ear of the 21st century. *Film Noir and the Cinema of Paranoia* is constructed in six chapters, each highlighting a particular 'raising of the cinematic stakes' in the creation of a completely immersible universe of images. Selling points: *Expands the definition of noir to include numerous lesser known works. *Deals with Red Scare films of the 1950s in the US. *Examines the 'dark side' of the 1960s, or films that questioned the emerging counterculture. *Explores such neo-noir films as *The Last Seduction* (1993), *Angel Heart* (1987), *The Grifters* (1990), *Red Rock West* (1993), *The Usual Suspects* (1995), *Mulholland Drive* (2001), *L.A. Confidential* (1997), and *Memento* (2000). *Details the 'noir' aspects of the cybernetic age, both in online and videogame uses.

American Cinema of the 1940s Wheeler W. Dixon, 2006 The 1940s was a watershed decade for American cinema and the nation. Shaking off the grim legacy of the Depression, Hollywood launched an unprecedented wave of production, generating some of its most memorable classics. Featuring essays by a group of respected film scholars and historians, *American Cinema of the 1940s* brings this dynamic and turbulent decade to life with such films as *Citizen Kane*, *Rebecca*, *The Lady Eve*, *Sergeant York*, *How Green Was My Valley*, *Casablanca*, *Mrs. Miniver*, *The Road to Morocco*, *Yankee Doodle Dandy*, *Kiss of Death*, *Force of Evil*, *Caught*, and *Apology for Murder*. Illustrated with many rare stills and filled with provocative insights, the volume will appeal to students, teachers, and to all those interested in cultural history and American film of the twentieth century.

Hamlet on the Couch James E. Groves, 2017-10-19 *Hamlet on the Couch* weaves a close reading of Shakespeare's *Hamlet* with a large variety of contemporary psychoanalytic and psychological theory, looking at the interplay of ideas between the two. *Hamlet* can be read almost as a psychoanalytic case study and be used to understand and illustrate a range of core psychoanalytic concepts. Covering such basic psychoanalytic concepts as identity, transference and countertransference, the 'good-enough' mother, the compulsion to repeat and the death instinct, James E. Groves shows how *Hamlet* can shed new light on understanding psychoanalytic theory, and how psychoanalysis can in turn enrich our understanding of Shakespeare's

work. Perhaps the most radical feature of psychoanalysis is its tradition of self-examination. Mirroring it, the book throughout uses an eclectic, subjective critical approach to study how the poetry of Hamlet creates its realistically flawed and believably complex characters. Combining deep, insightful knowledge of Shakespeare and of psychoanalysis, *Hamlet on the Couch* will be of great interest to psychoanalysts and psychoanalytic psychotherapists, as well as literary scholars.

Film Noir FAQ David J. Hogan, 2013-03-01 (FAQ). Film Noir FAQ celebrates and reappraises some 200 noir thrillers representing 20 years of Hollywood's Golden Age. Noir pulls us close to brutal cops and scheming dames, desperate heist men and hardboiled private eyes, and the unlucky innocent citizens that get in their way. These are exciting movies with tough guys in trench coats and hot tomatoes in form-fitting gowns. The moon is a streetlamp and the narrow streets are prowled by squad cars and long black limousines. Lives are often small but people's plans are big sometimes too big. Robbery, murder, gambling; the gun and the fist; the grift and the con game; the hard kiss and the brutal brush-off. Film Noir FAQ brings lively attention to story, mood, themes, and technical detail, plus behind-the-scenes stories of the production of individual films. Featuring numerous stills and posters many never before published in book form highlighting key moments of great noir movies. Film Noir FAQ serves up insights into many of the most popular and revered names in Hollywood history, including noir's greatest stars, supporting players, directors, writers, and cinematographers. Pour a Scotch, light up a smoke, and lean back with your private guide to film noir.

Gene Tierney Michelle Vogel, 2010-03-22 Called the most beautiful woman in movie history, Gene Tierney starred in such 1940s classics as *Laura*, *Leave Her to Heaven* and *The Ghost and Mrs. Muir*. Her on-screen presence and ability to transform into a variety of characters made her a film legend. Her personal life was a whirlwind of romance (she married a count, was engaged to a prince, and was courted by a future president) and tragedy (her first daughter was born with severe retardation and Tierney herself struggled with mental illness). After years of treatment, including electroshock therapy that erased portions of her life from her memory, she triumphantly returned in one of the biggest comebacks in Hollywood history. This first complete biography since the actress's death includes a foreword by her daughter, Christina Cassini, an extensive filmography, and many rare photographs.

The Bipolar Express David Coleman, 2014-07-08 In the past few decades, awareness of bipolar disorder has significantly increased, but understanding of the condition remains vague for most of the general public. Though the term itself is

relatively recent, the condition has affected individuals for centuries—and no more profoundly than in the arts. The historical connections among manic depression and such fields as literature, music, and painting have been previously documented. However, the impact of bipolar disorder on movie makers and its depiction on the screen has yet to be thoroughly examined. In *The Bipolar Express: Manic Depression and the Movies*, David Coleman provides an in-depth examination of the entwined natures of mood disorders and moviemaking. In this volume, Coleman looks at the writers, directors, and actors who have faced the mood swings and behavior that are hallmarks of this condition—from Greta Garbo and Orson Welles to Marilyn Monroe and Jonathan Winters. In addition to recognizing the cinematic contributions of manic depressive filmmakers, the author also looks at movies that have portrayed bipolar disorder—with varying degrees of accuracy—including *Citizen Kane*, *Rebel without a Cause*, *Breakfast at Tiffany's*, *Hannah and Her Sisters*, *The Aviator*, and *Silver Linings Playbook*. From early silents of the twentieth century through critically acclaimed films of today, this book compares depictions of mood swings on screen with clinical examples of actual manic depression, carefully distinguishing real from stereotypical portrayals. This fascinating study is augmented by a concise filmography of more than 400 feature-length films from around the world with themes or characters relating to manic depressive illness. Though aimed at film fans and anyone interested in manic depression, mental illness, or related medical studies, this book will also prove valuable to medical and mental health professionals.

Somewhere in the Night Nicholas Christopher, 2010-05-11 Film noir is more than a cinematic genre. It is an essential aspect of American culture. Along with the cowboy of the Wild West, the denizen of the film noir city is at the very center of our mythological iconography. Described as the style of an anxious victor, film noir began during the post-war period, a strange time of hope and optimism mixed with fear and even paranoia. The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium. The spectacular success of recent neo-film noirs is only the tip of an iceberg. In the dead-on, nocturnal jazz of Charlie Parker and Miles Davis, the chilled urban landscapes of Edward Hopper, and postwar literary fiction from Nelson Algren and William S. Burroughs to pulp masters like Horace McCoy, we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream. Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless, elegant, and enchanting work of literary prose. Examining virtually the entire catalogue of film noir, Christopher identifies the central motif as the urban labyrinth, a place infested with psychosis, anxiety, and existential dread in which the noir hero embarks on a dangerously illuminating quest. With acute sensitivity, he shows how technical devices such as lighting, voice over, and editing tempo are deployed to create the film noir world. *Somewhere in the Night* guides us through the architecture of this imaginary world, be it shot in New York or Los Angeles, relating its elements to the ancient cultural archetypes that prefigure it. Finally, Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance. *Somewhere in the Night* can be

appreciated as a lucid introduction to a fundamental style of American culture, and also as a guide to film noir's heyday. Ultimately, though, as the work of a bold talent adeptly manipulating poetic cadence and metaphor, it is itself a superb aesthetic artifact.

And the Loser is: A History of Oscar Oversights [2nd Edition] Aubrey Malone, 2020-10-06 This is the first book of its kind. Aubrey Malone has gone back to the start of the Oscar ceremonies and discovered that mistakes have been made every year in the choice of what has been deemed "best" in the categories of acting, directing, producing and the subsidiary awards. He has identified all the great stars (Garbo, Montgomery Clift, Peter O'Toole, Barbara Stanwyck, etc.) who never held Oscars in their hands, and also iconic directors like Stanley Kubrick who were never thus honored. Why were some people over-rewarded by the Academy and why did others fall below the radar? The author outlines all of the extraneous factors leading to voting choices, and how Oscar pariahs have often been subsequently (or even posthumously) awarded for the wrong films to make up for omissions in a given year. With both wit and wisdom he has written an "alternative" history of the Oscars that will be required reading for both academics and film buffs alike. It tells the story behind the story. "If there were Oscars for research, Aubrey Malone would be right up there with the best of them." (Film Ireland)
