What's a Wolf to Do? Marilyn Shockey,2003 Everybody needs friends, but Wolfie doesn't have any, because whenever he meets someone he likes, he always tries to eat them. Goldilocks invites Little Red to go for a walk in the forest, but Mrs. Hood refuses permission, reminding her daughter that she must take a basket of goodies to Granny. With her trusty imaginary friend, Roddy, Little Red travels through the forest on her way to Granny's house, meeting Wolfie along the way. Further down the path she encounters the singing Pig Sisters, who tell her their experiences with Wolfie and warn her to stay away from him. In another part of the forest, the hillbilly Bears leave their porridge in search of honey, and Goldie checks out their cottage. Soon she's running for her life when the Bears come back and discover her asleep, but Baby Bear just wants to be her friend. But what's a wolf to do? Wolfie decides to become a vegetarian and give up eating people and pigs, Little Red agrees to be his first friend and wistfully says goodbye to her imaginary friend, Roddy.

Picturing the Wolf in Children's Literature Debra Mitts-Smith,2012-12-06 From the villainous beast of "Little Red Riding Hood" and "The Three Little Pigs," to the nurturing wolves of Romulus and Remus and Rudyard Kipling's The Jungle Book, the wolf has long been a part of the landscape of children's literature. Meanwhile, since the 1960s and the popularization of scientific research on these animals, children's books have begun to feature more nuanced views. In *Picturing the Wolf in Children's Literature*, Mitts-Smith analyzes visual images of the wolf in children's books published in Western Europe and North America from 1500 to the present. In particular, she considers how wolves are depicted in and across particular works, the values and attitudes that inform these depictions, and how the concept of the wolf has changed over time. What she discovers is that illustrations and photos in works for children impart social, cultural, and scientific information not only about wolves, but also about humans and human behavior. First encountered in childhood, picture books act as a training ground where the young learn both how to decode the "symbolic" wolf across various contexts and how to make sense of "real" wolves. Mitts-Smith studies sources including myths, legends, fables, folk and fairy tales, fractured tales, fictional stories, and nonfiction, highlighting those instances in which images play a major role, including illustrated anthologies, chapbooks, picture books, and informational books. This book will be of interest to children's literature scholars, as well as those interested in the figure of the wolf and how it has been informed over time.

Worlds of Shadow David Wisniewski,1996-11-15 The Wisniewskis, codirectors of the acclaimed Clarion Shadow Theatre, have modernized and simplified the techniques of the ancient art of shadow puppetry and created this easy step-by-step guide. After a brief overview of light and screen options, the authors show you how to introduce concepts of light and shadow to students. Stage directions, puppet patterns, scripts, projected scenery ideas, and a full range of astounding but readily achieved special effects help you quickly master any performance—from simple songs and rhymes to full-blown stories and plays. The special effects use such common materials as wax paper and colored plastic, and no art skills are needed. Suitable for the novice as well as the specialist, the guide has chapters on intermediate and advanced techniques for those who desire a more varied and complex production.

Challenging Early Learning James Nottingham,Jill Nottingham,2019-05-03 What are the goals of Early Years education? A lot of people ask this question and receive answers ranging from keeping children safe; introducing them to the

values of society; encouraging a love of language; giving them experience of socialising, harmonising and behaving appropriately. This book shares the best strategies to help children grow into even more curious, resilient, happy, articulate and thoughtful learners. Challenging Early Learning takes James Nottingham's tried and tested and acclaimed 'learning to learn' methodology and applies it to teaching three- to seven-year-olds. Each chapter includes: Colourful and stimulating learning activities that will help children learn how to learn. Practical 'Now Try This' sections that encourage readers to think about current practice and explore new ideas. A Review section that focuses on building a broad tool kit of teaching strategies. Covering a range of key topics such as feedback, dialogue, growth mindset and the Learning Pit, this book is aimed at all pedagogues, teachers, parents and leaders wanting to challenge the way in which we learn and make learning more challenging.

Speaking Politically Eleni Philippou, 2021-04-21 In this monograph Theodor Adorno's philosophy engages with postcolonial texts and authors that emerge out of situations of political extremity - apartheid South Africa, war-torn Sri Lanka, Pinochet's dictatorship, and the Greek military junta. This book is ground-breaking in two key ways: first, it argues that Adorno can speak to texts with which he is not historically associated; and second, it uses Adorno's theory to unlock the liberatory potential of authors or novels traditionally understood to be apolitical. While addressing Adorno's uneven critical response and dissemination in the Anglophone literary world, the book also showcases Adorno's unique reading of the literary text both in terms of its innate historical content and formal aesthetic attributes. Such a reading refuses to read postcolonial texts exclusively as political documents, a problematic (but changing) tendency within postcolonial studies. In short, the book operates as a two-way conversation asking: What can Adorno's concepts give to certain literary texts? but also reciprocally, What can those texts give to our conventional understanding of Adorno and his applicability? This book is an act of rethinking the literary in Adornian terms, and rethinking Adorno through the literary.
